GENERAL INFORMATION

THIS CATALOG IS PREPARED FOR THE WHOLESALE NURSERY TRADE ONLY.

HOURS: 8:00 a.m. - 5:00 p.m. Monday through Friday, March through October.
8:00 a.m. - 3:30 p.m. Monday through Friday, November through February.
We are closed on holidays.

TERMS: Sales are cash, check with proper ID, VISA, Master Card, American Express, or on account if a credit application has been submitted and approved. If the account is not paid on or before 30 days following the date of the invoice, in addition to interest at 18%, customer shall also pay all costs of collection including reasonable attorney fees and costs.

GUARANTEE: All stock is guaranteed to be true to name and variety. If any stock proves otherwise, we will not be liable for any amount greater than the original purchase price. No other guarantee is expressed or implied.

PRICES: All prices are FOB Little Valley Wholesale Nursery and are subject to change without notice. Trade discounts are available based upon volume. Please call for details.

TAGGING OF NURSERY STOCK: We will hold stock for 30 days with a firm order. To hold for longer than 30 days, special arrangements may be made.

CLAIMS: Shortages and damages must be claimed at time of delivery and noted in detail on our delivery document. Failure to comply with the preceding voids any claims for credits. Errors involving variance in grade, type, variety, or species must be reported in writing to the LVWN offices within ten (10) days after receipt of shipment. Valid claims will be processed immediately; however, we will at no time be responsible for more than the purchase price of the stock.

DELIVERY POLICY: We have developed a schedule with order deadlines for all major delivery areas. Please contact your sales team for details concerning our schedules and freight costs. In order to provide "on time" deliveries, each driver is dispatched with a delivery schedule which includes the Estimated Time of Arrival at your delivery address. Your promptness in conjunction with our driver's on time arrival enables us the opportunity to serve all of our customers with timeliness and the same level of professionalism. **Please remember, we provide "curbside delivery" only. We rely on our customers to provide sufficient staffing and machinery for unloading your order(s) in an efficient and safe manner.** Please remember: when your order(s) are delivered on a semi-trailer, some contract carriers may charge a detention fee of \$100 per hour when the unloading time exceeds two hours.

CUSTOMER PICK-UP: In order to assemble and / or load your order(s) in a timely manner; please make note of the following guidelines. FOR ORDERS PLACED IN ADVANCE: please arrive at least one hour before closing. FOR NEW ORDERS: please arrive at least one and one half hours before closing. FOR LARGER (SEMI-TRAILER) ORDERS: please arrive no later than 1 pm.

RE-STOCKING: There is a 15% re-stocking charge for all returned merchandise. All returns must be brought back in good condition, and are subject to approval by management.

FIELD - HARVESTED TREES: We grow a large selection of trees and shrubs in our fields which are available during digging season. Please call for information or check our current Field availability online at our website (www.lvwn.com).

BROKERING: Little Valley Wholesale Nursery is able to direct ship large quantities of various materials to job sites. This saves handling fees and takes advantage of volume discounts which we are able to pass on to our customers.

CONTRACT GROWING: We have the facilities to grow special orders on contract. Please call for specific information.

POT RECYCLING: We offer pot recycling for good #1 and #5 black plastic pots. Please call for more information.

PRELIMINARY LIEN NOTICE: For the benefit of both the landscape contractor and Little Valley Wholesale Nursery, we will request information as to developer (owner), general contractor, and lender on all job sites where we deliver on credit. A material release will be issued on request upon payment of account. Your cooperation is appreciated.

STATEMENTS: Copies of invoices can be mailed out with statements upon request. For customers signed up on the website, you may also view your invoices there. Go paperless. Sign up for paperless statements.

NOTE: This price list cancels all previous price lists. All prices and policies are subject to change without notice.

Perennials

Achillea 'Coronation Gold'**Yarrow, Golden Yellow**

Mature Height: 36-42"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Fern-like, bright green leaves form rounded clumps with tall, erect stalks capped by flat-topped clusters of golden yellow flowers. Good in dried arrangements.

#1....\$8.25

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$71.25

Achillea millefolium**Yarrow, Common White**

Mature Height: 1-2'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: White

Hardy To: 10,000'

Exposure: Sun

Flower Season: Summer

Narrow, finely divided, grayish-green leaves create an aggressively spreading clump producing clusters of white flowers on stiff stalks.

#1....\$6.55

F15(4" Pots)....\$56.50

F32(2 1/4" Pots)....\$59.50

Achillea millefolium 'Colorado'**Yarrow, Colorado**

Mature Height: 18-24"

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Pastel Mix

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early to Late Summer

A spreading clump of finely cut grayish-green foliage produces erect, leafy stalks topped by tight clusters of flowers that range in color from red to pink, apricot, yellow, cream and white.

F15(4" Pots)....\$62.75

Achillea millefolium 'Paprika'**Yarrow, Paprika**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Brick Red/Yellow Centers

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer

Brick red flowers with yellow centers give this Galaxy Series yarrow a unique place in the garden. Foliage is finely divided and feathery, in basal clumps.

#1....\$6.55

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$62.95

Achillea millefolium 'Red Beauty'**Yarrow, Red**

Mature Height: 18-24"

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Red

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

A spreading clump of finely cut, grayish-green foliage producing erect stalks topped by tight clusters of red flowers.

#1....\$6.55

F15(4" Pots)....\$62.75

Achillea millefolium 'Terra Cotta'**Yarrow, Terra Cotta**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Peach

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer

Clusters of peach colored flowers turn dark orange with age above finely divided, feathery foliage. Forms a spreading clump.

#1....\$6.55

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$62.95

Achillea 'Moonshine'**Yarrow, Moonshine**

Mature Height: 24-30"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Light Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Flat-topped clusters of sulfur yellow flowers stand above finely dissected, grayish-green foliage throughout the summer.

#1....\$8.25

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$71.25

Achillea serbica

Yarrow, Serbian

Mature Height: 4-8"
 Mature Spread: 12-15" Water Requirement: Low Flower Color: White
 Hardy To: 8,000' Exposure: Sun Flower Season: Spring
 A compact mound of solid, slender, silvery gray leaves edged by tiny teeth. Thin stalks form flat-topped clusters of white flowers. Good for rock gardens.

#1....\$6.55 F32(2 1/4" Pots)....\$62.95

Achillea 'Summer Pastels'

Yarrow, Mixed Pastels

Mature Height: 18-24"
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Pastel Mix
 Hardy To: 9,000' Exposure: Sun Flower Season: Summer
 A spreading clump of finely cut grayish-green foliage producing erect stalks topped by tight clusters of pink, salmon, orange, rose, and purple flowers.

#1....\$8.25 F15(4" Pots)....\$62.75

Aconitum napellus

Monkshood, Garden

Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: High Flower Color: Violet-Blue
 Hardy To: 10,000' Exposure: Sun to Filtered Shade Flower Season: Mid- to Late Summer
 Sturdy stems are covered with lacy, 5 to 7-lobed leaves. Violet-blue, helmet-shaped flowers are in dense racemes above the foliage. Cut back for more blooms. Poisonous if ingested.

#1....\$8.95

Actaea racemosa racemosa 'Brunette'

Black Snakeroot

Mature Height: 4-6' **AKA:Actaea simplex 'Brunette'**
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Pink
 Hardy To: 7,000' Exposure: Sun to Shade Flower Season: Late Summer
 Ternately compound leaves (leaves divided by three, three times) are blackish-purple, and form very large clumps in moist areas and woodland settings. Long racemes of pale pink, bottlebrush-type flowers are produced above the foliage in late summer. Makes a good backdrop for plants with variegated foliage.

#1....\$20.50

Actaea simplex 'Black Negligee'

Bugbane, Black Negligee

Mature Height: 4-5"
 Mature Spread: 18-24" Water Requirement: Medium Flower Color: White
 Hardy To: 7,000' Exposure: Sun to Shade Flower Season: Late Summer
 Ternately compound, blackish-purple leaves are deeply cut, and form very large clumps in moist areas and woodland settings. Long racemes of white, bottle-brush type flowers are produced above the foliage in late summer. a good backdrop for plants with variegated foliage.

#2 Re-Wholesale....\$36.50

Aegopodium podagraria 'Variegatum'

Bishop's Weed, Variegated

Mature Height: 8-12"
 Mature Spread: 1-2' Water Requirement: Medium Flower Color: White
 Hardy To: 9,500' Exposure: Filtered Shade to Shade Flower Season: Summer
 An attractive, fast-growing groundcover that forms thick beds in sun or shade. Three-parted leaves, on petioles up to 12" tall, are rimmed with an irregular, creamy white margin, brightening up shady areas. Thrives in dry shade.

#1....\$6.55 F15(4" Pots)....\$62.75 F32(2 1/4" Pots)....\$62.95

Agastache aurantiaca CORONADO®

2001 Plant Select®

Hyssop, CORONADO®

Mature Height: 15-18" **AKA:Agastache aurantiaca 'P012S'**
 Mature Spread: 12-15" Water Requirement: Low Flower Color: Orange
 Hardy To: 7,000' Exposure: Sun to Filtered Shade Flower Season: Mid-Summer to Fall
 A selection of a Southwestern native, this hyssop has silvery green leaves on slim, branched stems with large numbers of curved, pale orange flowers from mid-summer to fall. Has an intensely minty fragrance when handled or crushed.

#1....\$8.95 #1 Re-Wholesale....\$13.50 F15(4" Pots)....\$67.95

Agastache aurantiaca Sunlight**Hyssop, Sunlight**

Mature Height: 15-18"

Mature Spread: 12-15"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer to Fall

A seedling selection of a Southwestern native, this hyssop has silvery green leaves on slim, branched stems with large numbers of curved, bright yellow flowers from mid-summer to fall. Has an intensely minty fragrance when handled or crushed.

F15(4" Pots)....\$67.95

Agastache 'Ava'**Hyssop, Ava**

Mature Height: 2-4'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Rose Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid-Summer to Fall

An attractive, upright clump with strongly aromatic stems and foliage. Slender, branched stems support rose pink, tubular flowers with underlying calyxes of raspberry pink.

#1....\$8.25

Agastache 'Blue Boa'**Hyssop, Blue Boa**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Violet-Blue

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer to Fall

A member of the mint family. Blue Boa hyssop has deep green, triangular leaves in pairs on stout, square stems. Spikes of violet-blue flowers are produced from mid-summer to fall, and are attractive to pollinators. The leaves and stems are pleasantly fragrant when handled.

#1 Re-Wholesale....\$14.95

Agastache 'Blue Fortune'**Hyssop, Blue Fortune Anise**

Mature Height: 2-4'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer to Fall

A member of the mint family. Blue Fortune hyssop has triangular, dark green leaves in pairs on stout, square stems. Spikes of lavender blue flowers are produced from mid-summer to fall. Emits a pleasant licorice odor when crushed.

Allium schoenoprasum

Chives

Mature Height: 12-18”
 Mature Spread: 8-12” Water Requirement: Low Flower Color: Pink
 Hardy To: 8,000’ Exposure: Sun Flower Season: Summer
 Small bulbs increase over time to form clumps with hollow, bright green, edible grassy leaves. Globular clusters of pink blossoms are held above the foliage in early to mid-summer.
 F15(4” Pots)....\$56.50

Allium senescens

Onion, Corkscrew Ornamental

Mature Height: 6-12”
 Mature Spread: 8-12” Water Requirement: Low Flower Color: Lavender
 Hardy To: 6,000’ Exposure: Sun to Filtered Shade Flower Season: Summer
 Small, white bulbs give rise to narrow, blue-gray leaves, forming a tight, rounded clump with age. The leaves grow with a twist, giving the clump the appearance of having been groomed into a corkscrew or cowlick swirl. Lightly fragrant, globular clusters of flowers are borne above the foliage in summer.

Astilbe × arendsii ‘August Light’ **False Spirea, Red**
 Mature Height: 18-30” **AKA:Astilbe x arendsii ‘Augustleuchten’**
 Mature Spread: 18-24” Water Requirement: High Flower Color: Scarlet-Red
 Hardy To: 7,000’ Exposure: Filtered Shade to Shade Flower Season: Late Spring to Early Summer
 Airy plumes of scarlet-red flowers stand high above 1-2’ tall clumps of dark green, fern-like foliage. Accent plant or woodland garden, intolerant of drought.
 #1....\$13.50

Astilbe × arendsii ‘Bressingham Beauty’ **False Spirea, Rich Pink**
 Mature Height: 2-3’
 Mature Spread: 18-24” Water Requirement: High Flower Color: Pink
 Hardy To: 7,000’ Exposure: Filtered Shade to Shade Flower Season: Early Summer
 Feathery plumes of rich pink flowers rise above an open clump of bright green leaves. Good cut flower.
 #1....\$13.50

Astilbe × arendsii ‘Fanal’ **False Spirea, Red**
 Mature Height: 18-24”
 Mature Spread: 18-24” Water Requirement: High Flower Color: Red
 Hardy To: 7,000’ Exposure: Filtered Shade to Shade Flower Season: Late Spring
 Airy plumes of rich red flowers stand above a clump of dark green, reddish stained foliage. Accent plant or woodland garden.
 #1....\$13.50

Astilbe chinensis ‘Vision’ **False Spirea, Pink**
 Mature Height: 12-15”
 Mature Spread: 12-18” Water Requirement: High Flower Color: Pink
 Hardy To: 7,000’ Exposure: Filtered Shade to Shade Flower Season: Summer
 A low mound of sharply divided, dark green leaves produces slender, erect stalks topped by plumes of rich pink flowers in mid-summer.
 #1 Re-Wholesale....\$13.50

Astilbe × japonica ‘Deutschland’**False Spirea, White**

Mature Height: 18-24”

Mature Spread: 18-24”

Hardy To: 7,000’

Water Requirement: High

Flower Color: White

Exposure: Filtered Shade to Shade

Flower Season: Late Spring

A loose clump of bright green foliage producing slender stalks topped by snowy white plumes. Good for woodland plantings. Cut flower.

#1....\$13.50

Astilbe × japonica ‘Rheinland’**False Spirea, Pink**

Mature Height: 18-24”

Mature Spread: 18-24”

Hardy To: 7,000’

Water Requirement: High

Flower Color: Pink

Exposure: Filtered Shade to Shade

Flower Season: Late Spring

Loosely arranged, bright green leaves create an open clump with clear pink flower plumes. Effective for woodland plantings. Cut flower.

#1....\$13.50

Astilbe ‘Spotlight’**False Spirea, Pink**

Mature Height: 12-18”

Mature Spread: 15-20”

Hardy To: 7,000’

Water Requirement: High

Flower Color: Pink

Exposure: Filtered Shade to Shade

Flower Season: Late Spring

Rich, dark reddish-green leaves create an attractive clump with clear pink flower plumes. Effective for woodland plantings. Cut flower.

#1....\$13.50

Aubrieta deltoidea ‘Purple Gem’**Rockcress, Purple**

Mature Height: 4-6”

Mature Spread: 8-12”

Hardy To: 8,000’

Water Requirement: Low

Flower Color: Purple

Exposure: Sun

Flower Season: Early Spring

Small purple flowers held above a dense mat of grayish-green leaves. Low border or rock garden plant.

Baptisia australis**False Indigo**

Mature Height: 3-4’

Mature Spread: 2-3’

Hardy To: 7,500’

Water Requirement: Low

Flower Color: Indigo-Blue

Exposure: Sun to Filtered Shade

Flower Season: Early Summer

Blue-green foliage of blunt, oval leaflets form very large clumps. Indigo-blue flowers are held in long racemes above the foliage, followed by attractive seed pods.

#1....\$8.25

F15(4” Pots)....\$62.75

Baptisia ‘Pink Lemonade’**False Indigo, Pink Lemonade**

Mature Height: 3-4’

Mature Spread: 3-4’

Hardy To: 6,500’

Water Requirement: Low

Flower Color: Yellow/Purple

Exposure: Sun

Flower Season: Summer

Tall, gray-green stems with rounded, ternate leaves form vase-shaped clumps. Racemes of yellow flowers slowly change through pink to a dusty purple as they age, followed by attractive black seed pods. Typically a long-lived perennial.

#1....\$21.95

Bergenia crassifolia ‘Winterglut’

Bergenia, Redleaf

Mature Height: 12-15”

Mature Spread: 12-15”

Hardy To: 8,000’

Water Requirement: Medium

Exposure: Sun to Shade

Flower Color: Pink

Flower Season: Early Spring

Attractive pale purplish-burgundy cabbage-like foliage is an excellent accent. Showy pink blossoms are carried on a leafless stalk. Foliage color deepens to incomparable red in fall and remains so through the winter.

Brunnera macrophylla

False Forget-Me-Not

Mature Height: 15-18”

Mature Spread: 18-24”

Hardy To: 8,000’

Water Requirement: Medium

Exposure: Filtered Shade

Flower Color: Blue

Flower Season: Late Spring to Early Summer

Basal, heart-shaped leaves on long petioles form a bright green mound with airy paniced cymes of light blue, closely resembling forget-me-nots.

#1....\$11.50

Brunnera macrophylla ‘Jack Frost’

False Forget-Me-Not, Variegated

Mature Height: 12-18”

Mature Spread: 12-18”

Hardy To: 8,000’

Water Requirement: Medium

Exposure: Filtered Shade

Flower Color: Blue

Flower Season: Spring

Basal, heart-shaped leaves on long petioles are variegated between the veins, for a silver-netted appearance. Forms a mound with airy paniced cymes of light blue, closely resembling forget-me-nots.

#1....\$14.95

Calamintha nepeta ssp. nepeta

Calamint, Lesser

Mature Height: 12-18”

Mature Spread: 12-18”

Hardy To: 6,000’

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Summer to Fall

Shiny, bright green leaves with strong pinnate veins grow in opposite pairs on squared stems, forming a low, shrubby plant with a tight, rounded habit. White flowers bloom above the foliage from early summer to fall.

#1....\$6.55

Crocosmia × crocosmiiflora 'George Davidson'**Montbretia, George Davidson**

Mature Height: 2-3'

Mature Spread: 18-24"

Hardy To: 6,500'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Summer

Underground corms give rise to clusters of narrow, gladiolus-like leaves that are flattened and sword-like. Flower stalks are produced in summer, rising above the foliage and leveling out to show off a double row of tubular, golden yellow blossoms. Plant 6-8" deep and mulch heavily through the winter.
#1....\$8.25

Crocosmia 'Lucifer'**Montbretia, Lucifer**

Mature Height: 2-3'

Mature Spread: 12-18"

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Scarlet

Flower Season: Summer

Underground corms give rise to narrow clusters of gladiolus-like leaves that are flattened and sword-like. Flower stalks are produced in summer, rising above the foliage and leveling out to show off a double row of tubular, scarlet blossoms. Plant 6-8" deep and mulch heavily through the winter.

 Large, palmate, bright green foliage forms a rounded clump with stalks topped by spikes of midnight blue flowers. Will bloom throughout the summer if spent blossoms are removed.
 #1....\$8.25 F15(4” Pots)....\$62.75

Delphinium × Pacific Giant ‘Black Knight’ **Larkspur, Dark Blue**
 Mature Height: 3-5’
 Mature Spread: 2-3’ Water Requirement: Medium Flower Color: Dark Blue
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 Midnight blue flowers in long, slender spikes rise from a large clump of deeply cut maple-like leaves.
 #1....\$8.25

Delphinium × Pacific Giant ‘Blue Bird’ **Larkspur, Medium Blue**
 Mature Height: 3-5’
 Mature Spread: 2-3’ Water Requirement: Medium Flower Color: Medium Blue
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 Stout stalks rocket skyward to narrow spikes of medium blue flowers with a white bee. Deeply divided, rich green leaves form a heavy clump.
 #1....\$8.25

Delphinium × Pacific Giant ‘Galahad’ **Larkspur, White**
 Mature Height: 3-5’
 Mature Spread: 2-3’ Water Requirement: Medium Flower Color: White
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 A broad clump of large, light green, maple-like leaves give rise to solid white florets in narrow spikes.
 #1....\$8.25

Delphinium × Pacific Giant ‘Guinevere’ **Larkspur, Light Lavender**
 Mature Height: 3-5’
 Mature Spread: 2-3’ Water Requirement: Medium Flower Color: Light Lavender
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 Bright green, lobed leaves create a large clump with erect stalks sprouting rocket-like spikes of soft lavender flowers with a white bee.
 #1....\$8.25

Delphinium × Pacific Giant ‘King Arthur’ **Larkspur, Royal Blue**
 Mature Height: 3-5’
 Mature Spread: 2-3’ Water Requirement: Medium Flower Color: Royal Blue
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 Royal blue florets with white centers climb slender spikes on stout stalks above a heavy clump of deeply divided rich green foliage.
 #1....\$8.25

Delphinium × Pacific Giant ‘Magic Fountains’ **Larkspur, Magic Fountains**
 Mature Height: 24-30”
 Mature Spread: 15-18” Water Requirement: Medium Flower Color: Mixed
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 A dwarf version of the Pacific Giant Series with sturdy flower stems bearing mixed colored flowers on compact plants.
 #1....\$8.25 F15(4” Pots)....\$62.75

Delphinium × Pacific Giant ‘Summer Skies’ **Larkspur, Light Blue**
 Mature Height: 3-5’
 Mature Spread: 2-3’ Water Requirement: Medium Flower Color: Light Blue
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 A large clump of light green, maple-like leaves producing erect stalks ending in narrow spikes of sky blue flowers with white bees.
 #1....\$8.25

Dianthus barbatus ‘Double Midget Mix’ **Sweet William, Dwarf**
 Mature Height: 8-12”
 Mature Spread: 8-12” Water Requirement: Medium Flower Color: Various
 Hardy To: 10,000’ Exposure: Sun Flower Season: Late Spring to Early Summer
 Stout stems form a thick clump with glossy, dark green leaves. Produces profuse clusters of double flowers in a variety of colors.
 #1....\$6.55 F15(4” Pots)....\$56.50

Dianthus deltooides ‘Zing Rose’ **Maiden Pinks, Zing Rose**
 Mature Height: 6-8”
 Mature Spread: 8-12” Water Requirement: Medium Flower Color: Magenta-Red
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Mid-Summer
 Spreading mats of narrow dark green leaves, tinged red, produce lightly branched stalks capped by magenta-red flowers.

 Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Low Flower Color: Green/Purple
 Hardy To: 7,500' Exposure: Sun Flower Season: Summer
 A broad clump with rough, rounded, dark green leaves and tall stalks rising to large, daisy-like flowers. The ray petals are green, shading to purple as they approach the center, making this plant distinct from other cultivars.

#1....\$8.25 F15(4" Pots)....\$62.75

Echinacea purpurea 'Happy Star'

Coneflower, Happy Star

Mature Height: 30-40"

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Mid- to Late Summer

Large, deep green leaves form a wide base, becoming smaller up the stems. Large, daisy-like flowers with white rays are held above the foliage in summer. A white form of the cultivar 'Ruby Star', its petals don't droop, but are held out at right angles to the stem.

#1....\$6.55

Echinacea purpurea 'Magnus'

Coneflower, Rose

Mature Height: 2-3'

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Rose

Flower Season: Summer

A broad clump with rough, rounded dark green leaves and tall stalks rising to large, daisy-like rose pink flowers. Ray petals do not droop, making this cultivar distinct from other varieties.

#1 Re-Wholesale....\$14.95

Echinacea purpurea 'Magnus Superior'

Coneflower, Magnus Superior

Mature Height: 2-3'

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Deep Lavender-Pink

Flower Season: Summer

Deep lavender-pink petals and large, coppery colored cones more intense than its predecessor, 'Magnus'. The ray petals do not droop, which makes the flowers appear showier than most other cultivars.

Engelmannia peristenia

2015 Plant Select®

Daisy, Engelmann's

Mature Height: 18-24"
 Mature Spread: 18-30" Water Requirement: Low Flower Color: Yellow
 Hardy To: 5,500' Exposure: Sun Flower Season: Spring to Summer
 A low, evergreen basal rosette of strap-like, lobed leaves gives rise to a many-branched clump covered in yellow, sunflower-like flowers from early spring through early summer. Native.

#1....\$8.25 F15(4" Pots)....\$67.95

Epilobium canum garrettii ORANGE CARPET® 2001 Plant Select® Hummingbird Trumpet, ORANGE CARPET®

Mature Height: 4-6" **AKA:Epilobium canum garrettii 'PWWG01S'**
 Mature Spread: 15-20" Water Requirement: Low Flower Color: Orange
 Hardy To: 8,000' Exposure: Sun Flower Season: Late Summer to Fall
 Slender, hairy stems with light green lance-shaped leaves grow outward to form a compact plant that cascades over rocks and walls. Tubular orange flowers open in late summer, just in time to help feed migrating hummingbirds.

#1....\$8.25 F15(4" Pots)....\$67.95

Epilobium canum latifolium

Hummingbird Flower

Mature Height: 18-24"
 Mature Spread: 18-24" Water Requirement: Low Flower Color: Scarlet
 Hardy To: 6,500' Exposure: Sun Flower Season: Late Summer to Fall
 Rigid stems with grayish-green leaves create a broad clump showered with bright red, trumpet-like flowers. Noted for attracting hummingbirds.

#1....\$8.25 F15(4" Pots)....\$62.75 F32(2 1/4" Pots)....\$62.95

Epilobium fleischeri

Willowherb, Alpine

Mature Height: 12-18"
 Mature Spread: 8-10" Water Requirement: Medium Flower Color: Pink
 Hardy To: 9,000' Exposure: Sun to Filtered Shade Flower Season: Spring to Fall
 Gray-green leaves on reddish stems create a backdrop for dainty pink flowers that are borne throughout the growing season. Narrow, cylindrical seedhead splits open when ripe to display silvery tufted seeds.

F15(4" Pots)....\$67.95

Epilobium septentrionale 'Wayne's Silver'

Hummingbird Flower, Silver

Mature Height: 10-12"
 Mature Spread: 18-20" Water Requirement: Low Flower Color: Scarlet
 Hardy To: 6,500' Exposure: Sun Flower Season: Late Summer to Fall
 Rigid stems with silvery leaves create a low, broad clump that produces many bright red, trumpet-like flowers in late summer to fall. Noted for attracting hummingbirds.

F15(4" Pots)....\$62.75

Eremurus x isabellinus 'Cleopatra'

Foxtail Lily, Cleopatra

Mature Height: 4-5'
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Orange
 Hardy To: 6,000' Exposure: Sun Flower Season: Early to Mid-Summer
 Tuber-like roots radiating from a central crown support a tuft of strap-like leaves that surrounds a tall floral spike in early to mid-summer. The small, orange flowers are very densely arranged in a bottlebrush form around the stem.

#1....\$14.95

Erigeron compositus**Daisy, Cut-Leaf**

Mature Height: 4-6"

Mature Spread: 6-12"

Water Requirement: Low

Flower Color: White

Hardy To: 10,000'

Exposure: Sun

Flower Season: Late Spring to Mid-Summer

A compact tuft of woolly, finely dissected, grayish-green foliage sporting many small, white petaled yellow centered daisies on short stems throughout the growing season. Rock or alpine garden.

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$62.95

Erigeron formosissima RAMBLER™**2025 Plant Select®****Fleabane, RAMBLER™ Mountain**

Mature Height: 8-15"

AKA:Erigeron formosissima 'P022S'

Mature Spread: 12-24"

Water Requirement: Low

Flower Color: Lavender-Blue

Hardy To: 10,500'

Exposure: Sun

Flower Season: Late Spring to Mid-Summer

A Rocky Mountain native perennial that forms clumps of upward-growing stems from spreading roots. Each stem will produce up to half a dozen flower heads with pale lavender-blue rays and yellow centers.

#1....\$13.50

F15(4" Pots)....\$71.95

Erigeron speciosus**Fleabane, Showy**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Lavender-Blue

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early to Mid-Summer

A thick clump of rich green foliage producing loosely branched stems with yellow centered daisies surrounded by lavender-blue rays.

#1....\$8.25

F15(4" Pots)....\$62.75

Eriogonum umbellatum**Sulphur Flower**

Mature Height: 6-12"

Mature Spread: 12-24"

Water Requirement: Very Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Early to Mid-Summer

Dark green foliage, white underneath in matting rosettes. Thin stalks form umbrella-like clusters with smaller floral buttons of tiny sulphur-yellow flowers.

#1....\$13.50

F15(4" Pots)....\$67.95

Eriogonum umbellatum KANNAH CREEK®**2007 Plant Select®****Sulphur Flower, KANNAH CREEK®**

Mature Height: 6-12"

AKA:Eriogonum umbellatum var. aureum 'Psdowns'

Mature Spread: 12-24"

Water Requirement: Very Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Summer

Dark green foliage with white underneath grows in matting rosettes and turns a rich red color in the fall and winter. Thin stalks form umbrella-like clusters with smaller floral buttons of tiny, sulphur yellow flowers in the summer.

Erodium chrysanthum**Stork's Bill, Yellow**

Mature Height: 8-10"

Mature Spread: 10-25"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 6,000'

Exposure: Sun

Flower Season: Spring to Summer

A low mound of gray-green, dissected foliage forms a backdrop for the single, primrose-yellow flowers that are produced in spring, with some reblooming in the summer. Grows well in dry areas with full sun.

F15(4" Pots)....\$62.75

Erodium reichardii**Heron's Bill, Pink**

Mature Height: 2-4"

Mature Spread: 15-18"

Water Requirement: Low

Flower Color: Soft Pink

Hardy To: 6,000'

Exposure: Sun to Filtered Shade

Flower Season: Spring to Fall

A flat carpet of soft green, rounded leaves with single, white, cupped flowers with pink veins. Blooms May to September.

F15(4" Pots)....\$62.75

Eryngium planum 'Blaukappe' **Sea Holly, Blue Cap**

Mature Height: 15-24"
 Mature Spread: 10-15" Water Requirement: Low Flower Color: Blue
 Hardy To: 6,500' Exposure: Sun Flower Season: Summer
 Heart-shaped, glossy green leaves form a basal rosette around stiff stems that branch out to the flower heads. The silvery blue flower heads are stiff cones surrounded by a stiff ring of narrow, pointed bracts. Good for dried arrangements.

#1....\$6.55 F15(4" Pots)....\$56.50

Eschscholzia californica **Poppy, California**

Mature Height: 1-2'
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Yellow to Orange
 Hardy To: 10,000' Exposure: Sun Flower Season: Early to Late Summer
 Deeply dissected bluish-green leaves form a lacy clump with slender stalks of luminous yellow to orange, cup-shaped flowers. Will reseed itself.

#1....\$8.25 F15(4" Pots)....\$56.50 F32(2 1/4" Pots)....\$59.50

Eschscholzia californica 'Champagne and Roses' **Poppy, Champagne and Roses**

Mature Height: 10-12"
 Mature Spread: 10-12" Water Requirement: Low Flower Color: Pink, Rose
 Hardy To: 8,000' Exposure: Sun Flower Season: Late Spring to Fall
 Smooth, finely divided, gray-green leaves form small clumps up to 12 inches. Slender stalks arise from the base, producing a mix of pink and rose colored blossoms with fluted petals, one per stem. A short-lived perennial at low elevations, or annual at higher elevations. Can reseed.

F15(4" Pots)....\$56.50

Eschscholzia californica 'Mission Bells' **Poppy, Mission Bells California**

Mature Height: 1-2'
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Red, Pink, Yellow, Orange
 Hardy To: 10,000' Exposure: Sun Flower Season: Late Spring to Fall
 An airy mound of finely dissected bluish-green leaves producing wiry stems topped by semi-double to double flowers throughout the summer. Flower colors range from red to pink, orange and yellow.

F15(4" Pots)....\$56.50 F32(2 1/4" Pots)....\$59.50

Euonymus fortunei 'Coloratus' **Wintercreeper, Purpleleaf**

Mature Height: 12-18"
 Mature Spread: 3-6' Water Requirement: Low Flower Color: Insignificant
 Hardy To: 7,000' Exposure: Sun to Shade Flower Season: Early Summer
 Trailing stems turn upward at the ends to form a thick mass with glossy, dark green leaves turning bronze-purple into the winter. Will climb, vine-like, if given support such as a wall or fence.

Eupatorium maculatum 'Gateway' **Joe Pye Weed**

Mature Height: 5-6' **AKA: Eutrochium maculatum 'Gateway'**
 Mature Spread: 3-5' Water Requirement: Medium Flower Color: Pink
 Hardy To: 5,500' Exposure: Sun Flower Season: Mid- to Late Summer
 A tall perennial that forms a very large, dense clump. Dark red stems up to 6' tall are covered in whorls of lance-shaped leaves. Large, showy heads of rich pink flowers are produced in mid to late summer. Attracts butterflies.

#1....\$8.25

Euphorbia × martinii 'Ascot Rainbow' **Spurge, Ascot Rainbow**

Mature Height: 15-18" PP21,401
 Mature Spread: 12-15" Water Requirement: Medium Flower Color: Chartreuse
 Hardy To: 5,500' Exposure: Sun to Filtered Shade Flower Season: Spring
 Upright stems are thickly covered with whorls of narrow leaves that are blue-green with creamy yellow margins and flushed with pink highlights on the new growth. Tiny red flowers are each nestled in a highly showy, cup-like bract of chartreuse with green markings in the spring. Semi-evergreen.

#1....\$17.50

Euphorbia polychroma

Spurge, Cushion

Mature Height: 1-2'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 7,500'

Exposure: Sun

Flower Season: Late Spring

Tiny flowers are held in tight clusters surrounded by vivid yellow floral bracts above a dome-like mound of dense foliage. Bright green leaves turn red in fall.

#1....\$6.55

Euphorbia polychroma 'Bonfire'

Spurge, Bonfire Cushion

Mature Height: 10-12"

PP18,585

Mature Spread: 15-20"

Water Requirement: Low

Flower Color: Chartreuse

Hardy To: 7,500'

Exposure: Sun

Flower Season: Late Spring

Tiny flowers are held in tight clusters surrounded by vivid chartreuse floral bracts above a dome-like mound of dense foliage. The leaves emerge bright green in the spring, changing to maroon-red throughout the summer.

#1....\$14.95

Fallopia japonica compacta

Fleeceflower, Dwarf

Mature Height: 12-18"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: White and Red

Hardy To: 9,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Spreads rapidly by underground stems, so it is good for holding slopes. Most attractive in fall when foliage turns crimson-red. Fleecy clusters of tiny rose red flowers.

#1....\$6.55

Fern, Athyrium filix-femina

Fern, Lady

Mature Height: 2-3'

Mature Spread: 12-18"

Water Requirement: High

Flower Color: N/A

Hardy To: 9,000'

Exposure: Shade

Flower Season: N/A

Finely cut, bright green, arching fronds grow in a circular pattern around the crown. Prefers well drained, rich soils with even moisture. Tolerates drier conditions than many other ferns.

#1....\$13.50

F15(4" Pots)....\$56.50

F32(2 1/4" Pots)....\$59.50

Iberis sempervirens 'Purity'

Candytuft, Purity Evergreen

Mature Height: 6-8"

Mature Spread: 12-18"

Hardy To: 8,000'

Water Requirement: Low

Flower Color: White

Exposure: Sun

Flower Season: Late Spring to Early Summer

A spreading mound of narrow, oblong dark green leaves blanketed with very dense racemes of tiny, pure white flowers. Blooms late spring to early summer. This is a compact form of the species.

#1 Re-Wholesale....\$14.95

Iris ensata 'Royal Banner'

Iris, Purple Japanese

Mature Height: 2-3'

Mature Spread: 12-18"

Hardy To: 7,000'

Water Requirement: Medium

Flower Color: Purple

Exposure: Sun

Flower Season: Summer

Rich green leaves are wide and saber-like, fanning out to create an upright clump with erect stalks casting large, showy purple flowers. Blooms early to mid-summer. A sub for 'Royal Robes'.

#1....\$13.50

Iris ensata 'White Ladies'

Iris, White Japanese

Mature Height: 2-3'

Mature Spread: 12-18"

Hardy To: 7,000'

Water Requirement: Medium

Flower Color: White

Exposure: Sun to Filtered Shade

Flower Season: Early to Mid-Summer

A dense clump of bright green sword-like leaves displaying large white flowers on stout, often branched, stalks. A sub for 'Mt. Fuji'.

#1....\$13.50

Iris × germanica 'Berry Fulfilling'

Iris, Reddish-Purple Bearded

Mature Height: 36-40"

Mature Spread: 12-18"

Hardy To: 9,000'

Water Requirement: Low

Flower Color: Reddish-Purple

Exposure: Sun

Flower Season: Spring

Sword-like, bluish-green leaves fan out from thick rhizomes, forming a thick clump. Showy, reddish-purple blossoms with a violet center and brownish highlights are produced in mid- to late spring.

#1....\$13.50

Iris × germanica 'Cozy Calico'

Iris, Purple and White Beard

Mature Height: 2-3'

Mature Spread: 12-18"

Hardy To: 9,000'

Water Requirement: Low

Flower Color: Purple with White

Exposure: Sun

Flower Season: Spring

Sword-like, bluish-green leaves in a thick clump producing purple and white flowers on stout branching stalks.

#1....\$13.50

Iris × germanica ‘Idol’

Iris, Yellow/Claret Bicolor Bearded

Mature Height: 30-36”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: Yellow/Claret Bicolor
 Hardy To: 9,000’ Exposure: Sun Flower Season: Spring
 Sword-like, bluish-green leaves in a thick clump produce bicolored blossoms with yellow standards and claret falls, borne on stout branching stalks in late spring. Some blossoms may recur in late summer.

#1....\$13.50

Iris × germanica ‘Immortality’

Iris, White Repeat Bearded

Mature Height: 30”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: White
 Hardy To: 9,000’ Exposure: Sun Flower Season: Spring and Late Summer
 Unusual, full sized snowy-white flowers bloom twice, once in spring and then again in late summer against clumps formed by fans of long, linear leaves.

#1....\$13.50

Iris × germanica ‘Open Ocean’

Iris, Blue Repeat

Mature Height: 30-36”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: Sky Blue
 Hardy To: 9,000’ Exposure: Sun Flower Season: Spring and Late Summer
 Bearded, sky-blue flowers open on erect stalks over sword-like, blue-green leaves fanning out into an upright clump. A repeat bloomer, producing blossoms in late spring and again in late summer or early fall.

#1....\$13.50

Iris × germanica ‘Polite Applause’

Iris, Pink/Lavender Bicolor Bearded

Mature Height: 30-36”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: Pink/Lavender
 Hardy To: 9,000’ Exposure: Sun Flower Season: Late Spring
 Thick clumps of sword-like, bluish-green leaves produce bicolored blossoms with thickly ruffled, very pale pink standards, and white falls with a bold lavender, rippled margin.

#1....\$13.50

Iris × germanica ‘Protocol’

Iris, White And Yellow Bearded

Mature Height: 18-24”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: White/Yellow
 Hardy To: 9,000’ Exposure: Sun Flower Season: Late Spring
 An Intermediate Bearded iris that forms an upright clump of bluish-green, stiff, sword-like leaves. Blossoms on branched stalks open to white standards with a yellow blush, over yellow falls.

#1....\$13.50

Iris × germanica ‘Pure As Gold’

Iris, Yellow Bearded Repeat

Mature Height: 30-36”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: Yellow
 Hardy To: 9,000’ Exposure: Sun Flower Season: Late Spring and Early Fall
 Large, butter-yellow flowers with ruffled margins bloom on tall, branched stalks above stiff fans of long, pointed leaves. A consistent repeat bloomer, with blossoms produced in late spring and again in early fall.

#1....\$13.50

Iris × germanica ‘Rasputin’

Iris, Apricot/Purple Bicolor Bearded

Mature Height: 30-36”
 Mature Spread: 12-18” Water Requirement: Low Flower Color: Apricot/Purple Bicolor
 Hardy To: 9,000’ Exposure: Sun Flower Season: Late Spring
 Fans of sword-like, bluish-green leaves in a thick clump produce bicolored blossoms with apricot standards and wine-purple falls edged in mauve and highlighted with tangerine beards in late spring.

#1....\$13.50

Iris × germanica ‘Raven Girl’**Iris, Black Bearded**

Mature Height: 3’

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Black

Hardy To: 9,000’

Exposure: Sun

Flower Season: Late Spring

Sword-like, bluish-green leaves in a thick clump produce stunning blossoms on tall, branched stalks with black falls and standards of such a deep purple that they appear black. Blooms in late spring.

#1....\$13.50

Iris × germanica ‘Superstition’**Iris, Purple/Black Bearded**

Mature Height: 30-36”

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Purple/Black

Hardy To: 9,000’

Exposure: Sun

Flower Season: Late Spring

Sword-like, bluish-green leaves in a thick clump produce stunning blossoms on tall, branched stalks with black falls and standards of rich, deep purple. A mid-season bloomer.

#1....\$13.50

Iris × germanica ‘Titan’s Glory’**Iris, Violet Bearded**

Mature Height: 3’

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Violet

Hardy To: 9,000’

Exposure: Sun

Flower Season: Spring

Bluish-green, sword-like leaves emerge from shallow rhizomes, creating a large clump over time. Sturdy, branched stalks produce large, deep violet blossoms in mid-spring.

#1....\$13.50

Iris hookeri**Iris, Dwarf Beach-head**

Mature Height: 4-15”

Mature Spread: 4-15”

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,000’

Exposure: Sun to Filtered Shade

Flower Season: Late Spring to Early Summer

One or two blue flowers blotched with white at the base of its rounded petals bloom just above the foliage. Rich bluish-green, slender sword-like leaves create a compact clump. The petals (standards) are rudimentary, looking like bristles.

#1....\$13.50

F15(4” Pots)....\$62.75

F32(2 1/4” Pots)....\$71.25

Iris missouriensis**Iris, Western Blue Flag**

Mature Height: 1-2’

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Blue

Hardy To: 10,000’

Exposure: Sun

Flower Season: Late Spring to Early Summer

Flags of light blue to violet-blue petals with darker veins cap short stiff stalks above a fairly dense clump of long, narrow blade-like leaves, deep bluish-green in color

#1....\$14.95

Iris pallida ‘Argentea Variegata’**Iris, Cream Variegated Sweet**

Mature Height: 2-3’

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Lavender

Hardy To: 6,500’

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

Long, linear leaves are vertically striped with cream colored bands. Large grape-scented, lavender blossoms are held above the foliage on strong stems in late spring.

#1....\$13.50

Iris pallida ‘Variegata’ (Aureo)**Iris, Yellow Variegated Sweet**

Mature Height: 2-3’

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Lavender

Hardy To: 6,500’

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

Long, linear leaves are vertically striped with yellow bands. Large grape-scented, lavender blossoms are held above the foliage on strong stems in late spring.

#1....\$13.50

Iris × pumila ‘Bitty Beauty’

Iris, Miniature Dwarf White/Purple

Mature Height: 6-8”
 Mature Spread: 8-10” Water Requirement: Low Flower Color: White/Purple
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Mid-Spring
 A Miniature Dwarf Bearded iris with white standards, purple falls edged with white, and yellow beards. The blossoms are produced in early to mid-spring, above short fans of stout, sword-like leaves.

#1....\$13.50

Iris × pumila ‘Bright Blue Eyes’

Iris, Standard Dwarf White/Yellow

Mature Height: 8-10”
 Mature Spread: 8-12” Water Requirement: Low Flower Color: White/Yellow
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Mid-Spring
 Yellow standards and white falls with a vivid blue beard bloom in early to mid-spring over stout fans of grey-green, sword-like leaves. An early blooming iris bred for a repeat bloom late in the season.

#1....\$13.50

Iris × pumila ‘Little Miss Magic’

Iris, Dwarf Yellow

Mature Height: 8-10”
 Mature Spread: 8-12” Water Requirement: Low Flower Color: Yellow
 Hardy To: 8,500’ Exposure: Sun Flower Season: Late Spring
 Tufted clumps of sword-like, grayish green leaves with short, branched stalks produce showy yellow blossoms with stand-out blue beards. Classified as a standard dwarf bearded iris.

#1....\$13.50

Iris × pumila ‘Martian’

Iris, Standard Dwarf Yellow/Purple

Mature Height: 9-12”
 Mature Spread: 8-12” Water Requirement: Low Flower Color: Yellow/Purple
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Mid-Spring
 A Standard Dwarf Bearded iris with yellow standards and falls with a yellow background overlaid with a netting of purple veins and bright orange beards, all produced over fans of stout, sword-like leaves.

#1....\$13.50

Iris × pumila ‘Prank’

Iris, Standard Dwarf Yellow

Mature Height: 6-9”
 Mature Spread: 8-12” Water Requirement: Low Flower Color: Yellow
 Hardy To: 8,500’ Exposure: Sun Flower Season: Late Spring
 Ranks of sword-like bluish-green leaves form a thick tuft bearing short rigid stalks capped by solid yellow flowers with lavender beards.

#1....\$13.50

Iris × pumila ‘Riveting’

Iris, Standard Dwarf White/Purple

Mature Height: 12-15”
 Mature Spread: 8-10” Water Requirement: Low Flower Color: White/Purple
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Mid-Spring
 A Standard Dwarf Bearded iris with white blossoms, with a large purple blotch on the falls, and a spicy fragrance. The flowers are produced in early to mid-spring above short fans of stout, sword-like leaves.

#1....\$13.50

Iris sibirica ‘Butter And Sugar’

Iris, White/Yellow Bicolor Siberian

Mature Height: 24-30”
 Mature Spread: 18-24” Water Requirement: Medium Flower Color: White and Yellow
 Hardy To: 9,000’ Exposure: Sun to Filtered Shade Flower Season: Late Spring to Early Summer
 Attractive flowers with white standards and yellow falls grow on tall stout stalks that stand above a dense clump of slender, arching, sea green leaves. Blooms late spring to early summer.

#1....\$13.50

Iris sibirica 'Caesar's Brother'**Iris, Blue Siberian**

Mature Height: 3-4'

Mature Spread: 18-24"

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Dark Blue

Flower Season: Late Spring to Early Summer

Long, narrow, linear leaves are bluish-green and arch gracefully to form a large, elegant clump, displaying deep violet-blue flowers on tall erect stalks.

#1....\$13.50

F15(4" Pots)....\$62.75

Iris sibirica 'Snow Queen'**Iris, White Siberian**

Mature Height: 3-4'

Mature Spread: 18-24"

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Early Summer

A dense clump presenting a fountain of long slender, rich bluish-green leaves surrounding tall, rigid stalks topped by pure white flags.

#1....\$13.50

Jasminum nudiflorum**Jasmine, Winter**

Mature Height: 3-4'

Mature Spread: 4-7'

Hardy To: 5,500'

Water Requirement: Medium

Exposure: Filtered Shade to Shade

Flower Color: Yellow

Flower Season: Late Winter to Early Spring

Deep green leaves consisting of three oblong leaflets adorn slender, green branches. Small star shaped, non-fragrant yellow flowers are produced along the branches in late winter to early spring.

#1....\$13.50

Knautia macedonica**Knautia**

Mature Height: 18-24"

Mature Spread: 18-24"

Hardy To: 6,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Burgundy

Flower Season: Summer

Basal clumps of foliage give rise to open, many branched stems. Entire to pinnately lobed leaves on the stems form a loose background for deep burgundy pincushion flowers. Great for companion planting.

#1....\$8.25

F15(4" Pots)....\$62.75

Kniphofia caulescens**Torch Lily, Blue Leaf**

Mature Height: 3-4'

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Coral and Yellow

Flower Season: Mid- to Late Summer

Rich, blue foliage is narrow and grass-like, in thick clumps. Spikes of flowers are coral, fading to yellow, and bloom from the bottom of the spike upwards.

#1....\$8.25

F15(4" Pots)....\$62.75

Kniphofia 'Orange Blaze'**Torch Lily, Orange Blaze**

PPAF .

Mature Height: 24-30"

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Orange

Flower Season: Mid- to Late Summer

Dense spikes are composed of narrow, nodding, tubular flowers that are bright orange, blooming in mid- to late summer. The flower spikes are surrounded by a dense growth of stiff, rich green, linear leaves that are folded along the midrib.

#1....\$15.95

Kniphofia 'Stark's Early Hybrids'**Torch Lily, Red**

Mature Height: 24-36"

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Red to Yellow

Flower Season: Mid- to Late Summer

Dense spikes are composed of narrow, nodding, tubular flowers. The buds are red, opening to coral, and fading to yellow. They bloom from the bottom of the spike upwards, giving the appearance of a red-hot fireplace poker.

#1....\$8.25

Leucanthemum × superbum 'Aglaia'**Daisy, Double Shasta**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

An elegant plant with frilly, double white daisies rising from a thick clump of dark green foliage. Excellent cut flower.

#1....\$14.95

Leucanthemum × superbum ‘Alaska’ **Daisy, Shasta**
 Mature Height: 24-30”
 Mature Spread: 18-24” Water Requirement: Medium Flower Color: White
 Hardy To: 9,000’ Exposure: Sun Flower Season: Early to Late Summer
 Thick, dark green leaves form a dense clump casting upright stalks to large, single, white daisies. Will repeat bloom if cut back following first flush.
 #1....\$6.55 F15(4” Pots)....\$56.50 F32(2 1/4” Pots)....\$59.50

Leucanthemum × superbum ‘Becky’ **Daisy, Shasta**
 Mature Height: 24-30”
 Mature Spread: 18-24” Water Requirement: Medium Flower Color: White
 Hardy To: 9,000’ Exposure: Sun Flower Season: Summer
 A large, upright-growing clump with dark green leaves with coarsely toothed edges. Produces large, 3-4” daisies with yellow centers in the summer. Cut back the spent blossoms to encourage additional blooming. Excellent cut flower
 #1....\$6.55 #1 Re-Wholesale....\$14.95

Leucanthemum × superbum ‘Silver Princess’ **Daisy, Compact Shasta**
 Mature Height: 15-18”
 Mature Spread: 15-18” Water Requirement: Medium Flower Color: White
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Late Summer
 Thick clumps with dark green leaves on sturdy stems grow to 18” tall. Flowers are semi-double, white daisies which bloom beginning in early summer and continue through the summer, especially if spent blossoms are removed. This is a compact form of shasta daisy.
 #1....\$6.55 F15(4” Pots)....\$56.50 F32(2 1/4” Pots)....\$59.50

Leucanthemum × superbum ‘Snow Lady’ **Daisy, Dwarf Shasta**
 Mature Height: 8-10”
 Mature Spread: 8-10” Water Requirement: Medium Flower Color: White
 Hardy To: 8,500’ Exposure: Sun Flower Season: Early to Late Summer
 A dwarf form of shasta daisy that grows less than 1’ tall. Rich, dark green leaves on stout stems form a support for white daisies throughout the summer.
 #1 Re-Wholesale....\$14.95

Lewisia cotyledon ‘Rainbow Mix’ **Bitterroot, Mixed Colors**
 Mature Height: 5-8”
 Mature Spread: 4-8” Water Requirement: Low Flower Color: Mixed Colors
 Hardy To: 8,000’ Exposure: Sun Flower Season: Spring
 Deep green, leathery leaves form a basal rosette around a thick taproot. The blossoms are borne on slender stalks above the foliage in spring to summer. Blossom colors range from white, pink, salmon, and yellow, to orange. Needs well drained soil for best success.
 F15(4” Pots)....\$62.75

Liatris ligulistylis **2022 Plant Select® Gayfeather, Blazing Star Rocky Mountain**
 Mature Height: 1-3’
 Mature Spread: 6-24” Water Requirement: Low Flower Color: Rose Purple
 Hardy To: 7,500’ Exposure: Sun Flower Season: Summer to Fall
 A native perennial with whorls of narrow leaves on stout stems that arise from corms. The stems terminate in long spikes of rose purple “buttons” of blossoms without ray florets.
 #1....\$13.50 F15(4” Pots)....\$62.75 F32(2 1/4” Pots)....\$71.25

Liatris punctata **Gayfeather, Native**
 Mature Height: 12-18”
 Mature Spread: 6-12” Water Requirement: Low Flower Color: Lavender
 Hardy To: 8,500’ Exposure: Sun Flower Season: Summer
 Many stiff, upright stems arise from a leafy crown, each stem clothed with narrow, linear leaves. Fuzzy, lavender flowers occur in compact spikes at the top of each stem. Blooms in summer.

Ligularia dentata 'Othello'

Groundsel, Golden

Mature Height: 3-4'

Mature Spread: 2-3'

Water Requirement: High

Flower Color: Orange

Hardy To: 6,500'

Exposure: Sun to Filtered Shade

Flower Season: Summer

Large rounded leaves with wavy margins and long purple petioles form a dense clump. Deep orange, daisy-like flowers are borne on stout, purple stems in the summer and continue through frost.

#1....\$12.50

Ligularia stenocephala 'The Rocket'

Ragwort, The Rocket

Mature Height: 4-5'

Mature Spread: 2-3'

Water Requirement: High

Flower Color: Yellow

Hardy To: 6,000'

Exposure: Shade

Flower Season: Early to Mid-Summer

Immense, heart-shaped, dark green leaves form a broad clump sending tall, sturdy stalks skyward to end in rocket-like spikes of yellow flowers.

#1....\$12.50

Lilium × 'Golden Matrix'

Lily, Golden-Yellow Dwarf Asian

Mature Height: 15-18"

Mature Spread: 8-12"

Water Requirement: Medium

Flower Color: Golden-Yellow

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Summer

Golden-yellow, trumpet-like flowers bloom on short sturdy stalks clad in narrow, bright green leaves extending from a tight clump. Blooms in early summer. An Asiatic type.

#1....\$20.50

Lilium lancifolium 'Splendens'

Lily, Improved Orange Tiger

Mature Height: 3-4'

Mature Spread: 8-12"

Water Requirement: Medium

Flower Color: Orange

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Summer

A tall clump of slender, shiny green leaves grow in whorls upward on stout stems. Orange blossoms with crimson spots are trumpet-shaped, with reflexed petals, with 12-20 blossoms per plant.

#1....\$15.95

Lilium × 'Stargazer'

Lily, Hardy Pink

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Bright Pink

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Early Summer

A thick clump of narrow, rich green leaves circling stout stalks topped by funnel-like vibrant pink flowers. An Oriental type that is very fragrant.

#1....\$15.95

Limonium platyphyllum

Sea Lavender, Wide-leaved

Mature Height: 18-24"
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Lavender
 Hardy To: 8,000' Exposure: Sun Flower Season: Mid- to Late Summer
 A broad rosette of sprawling, spoon-shaped, leathery leaves of grayish-green color bearing slender stalks splitting to a cloud of stems with tiny lavender flowers.

#1....\$6.55 F15(4" Pots)....\$59.95

Linum lewisii

Flax, Wild Blue

Mature Height: 1-2'
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Blue
 Hardy To: 8,500' Exposure: Sun Flower Season: Summer
 Saucer-like, sky blue flowers on wiry stems rise from an airy clump of linear, dark bluish-green foliage. Blooms late spring to mid-summer. Xeric. Native to North America, west of the Mississippi.

#1....\$6.55 F15(4" Pots)....\$56.50 F32(2 1/4" Pots)....\$59.50

 Mature Spread: 8-12” Water Requirement: Low Flower Color: Garnet Purple
 Hardy To: 7,000’ Exposure: Sun Flower Season: Spring to Summer
 A hybrid selected for its garnet-purple blossoms which bloom throughout the summer over a branched clump of wiry stems and narrow, glossy, dark green leaves.

#1....\$8.25 F15(4” Pots)....\$67.95

Penstemon palmeri **Penstemon, Palmer**
 Mature Height: 2-4’
 Mature Spread: 18-24” Water Requirement: Low Flower Color: Shell Pink
 Hardy To: 6,500’ Exposure: Sun Flower Season: Spring to Late Summer
 Oblong basal leaves give rise to strong stems with clasping upper leaves. Elegant pink flowers have a prominent lower lip.

#1....\$8.25 F15(4” Pots)....\$62.75

Penstemon pinifolius **Penstemon, Pineleaf**
 Mature Height: 6-8”
 Mature Spread: 12-15” Water Requirement: Low Flower Color: Scarlet
 Hardy To: 8,000’ Exposure: Sun Flower Season: Mid-Summer
 Needle-like foliage is dark green and can be somewhat evergreen. A light blanket of scarlet, tubular flowers covers the plant in mid-summer.

#1....\$8.25 F15(4” Pots)....\$62.75 F32(2 1/4” Pots)....\$62.95

Penstemon pinifolius HALF PINT™ **2022 Plant Select®** **Penstemon, HALF PINT™ Compact**
 Mature Height: 8-10” **AKA:Penstemon pinifolius ‘Compactum’**
 Mature Spread: 10-12” Water Requirement: Low Flower Color: Scarlet-Red
 Hardy To: 8,000’ Exposure: Sun Flower Season: Mid-Summer
 Dark, evergreen, needle-like foliage covers slender, upright stems, forming a low mounded plant. Tubular, scarlet flowers bloom at the tips of the stems from late spring through late summer.

#1....\$11.50 F15(4” Pots)....\$71.95 F32(2 1/4” Pots)....\$71.25

Penstemon pinifolius ‘Mersea Yellow’ **Penstemon, Yellow Pineleaf**
 Mature Height: 6-8”
 Mature Spread: 12-15” Water Requirement: Low Flower Color: Yellow
 Hardy To: 8,000’ Exposure: Sun Flower Season: Early to Mid-Summer
 Shrubby, spreading stems with short, needle-like leaves form a backdrop for the many bright yellow, tubular blossoms that cover the plant in early to mid-summer.

#1....\$8.25 F15(4” Pots)....\$62.75 F32(2 1/4” Pots)....\$62.95

Penstemon pinifolius STEPPESUNS™ Sunset Glow **2019 Plant Select®** **Penstemon, Orange Pineleaf**
 Mature Height: 6-18” **AKA:Penstemon pinifolius ‘P019S’**
 Mature Spread: 12-15” Water Requirement: Low Flower Color: Pale Orange
 Hardy To: 8,000’ Exposure: Sun Flower Season: Mid-Summer
 Dark green, needlelike foliage on slender stems is semi-evergreen to evergreen in milder climates. Light orange flowers cover the plant for several weeks in mid-summer. Forms a low groundcover to a foot tall, and often up to 15-18” with the flowers.

#1....\$10.50 F15(4” Pots)....\$67.95 F32(2 1/4” Pots)....\$71.25

Penstemon pseudospectabilis **Penstemon, Desert**
 Mature Height: 2-3’
 Mature Spread: 18-24” Water Requirement: Low Flower Color: Rose-Purple
 Hardy To: 9,000’ Exposure: Sun Flower Season: Spring
 Vigorous perennial with evergreen leaves that have a hint of purple in the margins. Toothed basal leaves surround several stems sporting smaller leaves and bright, rose-purple flowers.

#1....\$8.25

Penstemon rostriflorus

Penstemon, Bridge's

Mature Height: 1-2'

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Scarlet

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Long, narrow leaves form a basal rosette, and climb the slender flowering stalks. Panicles of tubular scarlet flowers are produced in the summer. The individual flowers have a "shark's head" appearance, due to the retracted lower and projecting upper lips.

#1....\$8.25

F15(4" Pots)....\$62.75

Penstemon strictus

Penstemon, Rocky Mountain

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Early to Mid-Summer

Brilliant, midnight blue flowers form open spikes on stout stalks arising from narrow, glossy green leaves.

#1....\$8.25

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$62.95

Penstemon virgatus 'Blue Buckle'

Penstemon, Blue Buckle

Mature Height: 1-2'

Mature Spread: 12-18"

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Wide, glossy, dark green basal leaves surround stiff stems that have very narrow leaves. Profuse clusters of blue to blue-purple flowers bloom throughout the summer.

Penstemon xylus

2023 Plant Select®

Penstemon, Tushar

Mature Height: 2-6"

Mature Spread: 15-18"

Water Requirement: Low

Flower Color: Blue to Violet

Hardy To: 10,000'

Exposure: Sun

Flower Season: Late Spring to Summer

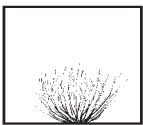

Slender, trailing stems and narrow, spoon-like leaves form a thick carpet sprinkled heavily with blue to violet flowers from late spring through summer.

F15(4" Pots)....\$71.95

Perovskia atriplicifolia

Sage, Russian

Mature Height: 3-4'

AKA:Salvia yangii

Mature Spread: 3-4'

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Summer

Small, rich blue flowers circle branched spikes rising during mid to late summer on erect, slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub.

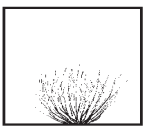

#1....\$8.25

#1 Re-Wholesale....\$17.50

F15(4" Pots)....\$62.75

Perovskia atriplicifolia 'Buffalo Feathers'

Sage, Buffalo Feathers Russian

Mature Height: 18-24"

AKA:Salvia yangii 'Buffalo Feathers'

Mature Spread: 18-24"

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Summer

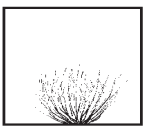

A compact selection that is less likely to flop in the landscape when planted in full sun. The foliage is fragrant, finely dissected, is deer resistant and makes a great choice for accent or border plantings. Cut back nearly to the ground in the spring before the new growth begins. A Little Valley selection.

#1....\$8.25

Perovskia atriplicifolia 'Little Spire'

Sage, Little Spire Russian

Mature Height: 2-3'

AKA:Salvia yangii 'Little Spire'

Mature Spread: 2-3'

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Summer

Small, rich blue flowers circle branched spikes rising during mid- to late summer on slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub. Listed as relatively upright and more compact than the species.

#1....\$8.25

Phlomis cashmeriana

Sage, Himalayan

Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Medium Flower Color: Pink
 Hardy To: 9,000' Exposure: Sun to Filtered Shade Flower Season: Spring to Early Summer
 Stately spires of lavender-pink blooms stand out in the perennial border in late spring. The large furry leaves are attractive throughout the growing season. Thrives in sandy or clay loam soils.

#1....\$8.25 F15(4" Pots)....\$62.75

Phlomis russeliana

Sage, Jerusalem

Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Low Flower Color: Yellow
 Hardy To: 6,000' Exposure: Sun Flower Season: Summer
 Large, olive green leaves form a thick clump with strong stems that grow up to three feet tall. Soft yellow flowers bloom in rings around the stem at the leaf axils.

#1....\$6.55

Phlox douglasii 'Rose Cushion'

Phlox, Rose Cushion

Mature Height: 2-4"
 Mature Spread: 8-10" Water Requirement: Low Flower Color: Rose
 Hardy To: 7,500' Exposure: Sun Flower Season: Spring
 A very compact hybrid of phlox douglasii, 'Rose Cushion' forms a "bun" of needle-like green foliage that becomes completely obscured in the spring by large quantities of pink blossoms. Adapted to limestone soils.

#1....\$8.25

Phlox paniculata 'Blue Boy'

Phlox, Blue Garden

Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Medium Flower Color: Blue
 Hardy To: 7,000' Exposure: Sun Flower Season: Mid- to Late Summer
 A broad clump of narrow bright green leaves with erect stalks topped by dense clusters of fragrant disk-shaped flowers. Good cut flower.

#1....\$13.50

Phlox paniculata 'David'

Phlox, Pure White Garden

Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Medium Flower Color: White
 Hardy To: 7,000' Exposure: Sun Flower Season: Mid- to Late Summer
 Slender, light green leaves form a broad clump with tall erect stems capped by clusters of white flat-faced flowers. Good cut flower.

#1....\$13.50

Phlox paniculata 'Eva Cullum'**Phlox, Pink Garden**

Mature Height: 24-30"

Mature Spread: 18-24"

Hardy To: 7,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

Flower Season: Mid- to Late Summer

Bright pink flowers with a darker eye bloom in rounded clusters above thick clumps of upright stems with narrow, bright green leaves. Good cut flower.

#1....\$13.50

Phlox paniculata 'Fairy Petticoat'**Phlox, Light Pink Garden**

Mature Height: 18-24"

Mature Spread: 18-24"

Hardy To: 7,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

Flower Season: Mid- to Late Summer

Soft pink flowers in rounded clusters rise above thick clumps of narrow, bright green leaves. Good cut flower.

#1....\$13.50

Phlox paniculata 'Starfire'**Phlox, Red Garden**

Mature Height: 2-3'

Mature Spread: 18-24"

Hardy To: 7,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Red

Flower Season: Mid- to Late Summer

A dense clump of narrow, dark green leaves with a deep reddish cast. Bright red, disk-like flowers in rounded clusters stand tall on erect stalks. Good cut flower.

#1....\$13.50

Phlox subulata 'Atropurpurea'**Phlox, Red Creeping**

Mature Height: 4-6"

Mature Spread: 12-18"

Hardy To: 7,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Red

Flower Season: Early Spring

A thick creeping mound with short, rich green, blade-like leaves carrying reddish-purple flowers. Should be cut back following bloom time.

F15(4" Pots)....\$62.75

Physostegia virginiana 'Crown of Snow'

Obedient Plant, White

Mature Height: 2-3'

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Medium

Flower Color: White

Exposure: Sun to Filtered Shade

Flower Season: Late Summer to Fall

Welcome in the garden for its late summer color, this plant forms a bushy clump of dense dark green foliage, covered with spikes of tubular white flowers.

#1....\$6.55

F15(4" Pots)....\$56.50

Physostegia virginiana 'Rose Queen'

Obedient Plant, Pink

Mature Height: 24-30"

Mature Spread: 18-24"

Hardy To: 8,000'

Water Requirement: Medium

Flower Color: Pink

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer

Clumps of erect, leafy stems rise to attractive spikes of tubular pink flowers above dark green foliage. Spreads slowly by rhizomes to form a thick clump. Makes an attractive cut flower. Replaces Physostegia virginiana 'Pink Bouquet'

#1....\$6.55

F15(4" Pots)....\$56.50

Platycodon grandiflorus 'Mariesii'

Balloon Flower, Blue

Mature Height: 18-24"

Mature Spread: 12-18"

Hardy To: 7,500'

Water Requirement: Medium

Flower Color: Blue

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer

Bell-shaped flowers appear throughout summer if old blossoms are removed. Common name is derived from the way the buds swell up like a balloon before opening.

Mature Height: 2-4'
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Blue
 Hardy To: 6,000' Exposure: Sun Flower Season: Late Summer
 A tall-grass prairie native with slender, elongated oval leaves of light green on very tall, branched stems. Produces spikes of sky blue flowers in late summer. Ideal for dry locations and background color.

#1....\$8.25 F15(4" Pots)....\$62.75

Salvia chrysophylla OLYMPUS™

2022 Plant Select®

Sage, OLYMPUS™ Gold Leaf

Mature Height: 15-20"
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Lavender/White
 Hardy To: 5,500' Exposure: Sun Flower Season: Summer to Fall
 A native perennial of Turkey with stiff, upright, slender stems holding folded leaves that are medium green with a gold tint. Lavender and white bi-colored flowers bloom throughout the summer.

#1....\$11.50 F15(4" Pots)....\$71.95

Salvia daghestanica PLATINUM®

2006 Plant Select®

Sage, PLATINUM®

Mature Height: 10-12"
 Mature Spread: 10-12" Water Requirement: Low Flower Color: Purple-Blue
 Hardy To: 5,500' Exposure: Sun Flower Season: Summer to Fall
 Low rosettes of silver, woolly, narrow leaves with wavy margins form a tight clump to 12 inches wide in well drained soils. Spikes of slender purple-blue blossoms are produced from mid-summer to fall.

#1....\$8.25 F15(4" Pots)....\$67.95

Salvia darcyi VERMILION BLUFFS® **2007 Plant Select®** **Sage, VERMILION BLUFFS® Mexican**
 Mature Height: 2-3' **AKA:Salvia darcyi 'Pscarl'**
 Mature Spread: 15-18" Water Requirement: Medium Flower Color: Red
 Hardy To: 5,500' Exposure: Sun Flower Season: Summer to Fall
 A tender perennial with medium green, textured, arrow-shaped leaves. Produces bright red blossoms throughout the summer and into fall until frost.
 #1....\$8.25 F15(4" Pots)....\$62.75

Salvia greggii 'Furman's Red' **Salvia, Furman's Red**
 Mature Height: 18-36"
 Mature Spread: 1-2' Water Requirement: Low Flower Color: Red
 Hardy To: 6,000' Exposure: Sun Flower Season: Mid- to Late Summer
 A many-branched, shrubby perennial with tiny, 1/2", dark green leaves. Rich, magenta-red flowers are produced in large numbers through late summer, which are great for attracting hummingbirds.
 #1....\$6.55 F15(4" Pots)....\$62.75

Salvia greggii Wild Thing **Salvia, Hot Pink**
 Mature Height: 15-20"
 Mature Spread: 12-15" Water Requirement: Low Flower Color: Hot Pink
 Hardy To: 6,000' Exposure: Sun to Filtered Shade Flower Season: Spring to Fall
 An everblooming sage with small, oval, shiny green leaves on branching stems. Hot pink blossoms with a flaring lower lip bloom in spikes over the foliage from late spring throughout the summer. A tender perennial.
 #1....\$6.55 F15(4" Pots)....\$62.75

Salvia × lemmonii WINDWALKER® Desert Rose **2019 Plant Select®** **Salvia, WINDWALKER® Desert Rose**
 Mature Height: 2-3' **AKA:Salvia x lemmonii 'PWIN04S'**
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Pink
 Hardy To: 6,000' Exposure: Sun Flower Season: Mid- to Late Summer
 A many-branched, shrubby perennial with tiny, 1/2", dark green leaves. Rich, rose-pink flowers are produced in large numbers through late summer, which are great for attracting hummingbirds.
 #1....\$8.25 F15(4" Pots)....\$67.95

Salvia moorcroftiana × indica **2017 Plant Select®** **Sage, Shangri-la**
 Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Medium Flower Color: Lavender
 Hardy To: 5,500' Exposure: Sun to Filtered Shade Flower Season: Spring to Summer
 Broad, blue-grey basal leaves form a background for tall, arching flower stems with pale lavender, tubular blossoms that are produced from spring through summer.
 #1....\$8.25 F15(4" Pots)....\$67.95

Salvia nemorosa 'Caradonna' **Salvia, Caradonna**
 Mature Height: 1-2'
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Blue-Violet
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Late Summer
 A dense, upright clump with erect, leafy stalks rising to 12 inches from grayish-green oblong basal leaves. Blue-violet flowers form on purple terminal spikes up to 24 inches tall throughout the summer.
 #1....\$6.55 F15(4" Pots)....\$62.75

Salvia nemorosa 'Rose Marvel' **Salvia, Rose Marvel**
PP30,118
 Mature Height: 10-12"
 Mature Spread: 10-12" Water Requirement: Low Flower Color: Pink
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Late Summer
 A very compact clump with erect, leafy stalks that produce spikes of pink blossoms. Reblooms through the summer, especially when spent blossoms are deadheaded.
 #1 Re-Wholesale....\$14.95

Salvia nemorosa 'Rose Queen'

Salvia, Rose

Mature Height: 18-24"
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Rose
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Late Summer
 Deep rose spikes bloom on erect stalks amongst clumps of gray-green foliage. Will repeat bloom if cut back.

#1....\$6.55 F15(4" Pots)....\$56.50

Salvia officinalis

Sage, Garden

Mature Height: 18-24"
 Mature Spread: 18-24" Water Requirement: Low Flower Color: White to Lavender
 Hardy To: 6,000' Exposure: Sun Flower Season: Summer
 A shrub-like plant with semi-woody stems and gray-green, elliptic leaves that have a bumpy surface. The leaves, when crushed, emit a strong fragrance, and are used for culinary purposes.

#1....\$6.55 F15(4" Pots)....\$56.50

Salvia pachyphylla

Sage, Mojave

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Blue
 Hardy To: 5,500' Exposure: Sun Flower Season: Summer to Fall
 Silver-green, rounded leaves with an intense fragrance cover the stems of this rounded, shrubby perennial. Long, narrow, blue blossoms are produced all summer, surrounded by mauve bracts which retain their color even after the blossoms have dropped.

#1....\$8.25 F15(4" Pots)....\$62.75

Salvia reptans AUTUMN SAPPHIRE™

Salvia × sylvestris 'Snow Hill'

Salvia, Snow Hill White

Mature Height: 15-18" **AKA:Salvia x sylvestris 'Schneehugel'**
 Mature Spread: 12-15" Water Requirement: Low Flower Color: White
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Late Summer
 An upright to rounded clump of stiff stalks with gray-green, oblong leaves. Produces spikes of white flowers in early summer. Will re-bloom if spent blossoms are removed.

#1....\$13.50 F15(4" Pots)....\$62.75

Salvia 'Ultra Violet'

2022 Plant Select®

Salvia, Ultra Violet

Mature Height: 15-24"

AKA:Salvia xhybrida 'Ultra Violet'

PP21,411

Mature Spread: 24-28"

Water Requirement: Low

Flower Color: Violet

Hardy To: 6,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

A many-branched, shrubby perennial with tiny, 1/2", dark green leaves. Rich, violet flowers are produced in large numbers through late summer. A cross between Salvia lycioides and S. greggii.

#1....\$11.50

F15(4" Pots)....\$71.95

Salvia verticillata 'Purple Rain'

Salvia, Purple Rain

Mature Height: 15-30"

Mature Spread: 18-24"

Hardy To: 6,500'

Water Requirement: Medium

Flower Color: Purple

Exposure: Sun

Flower Season: Early to Late Summer

Broad, arrow-shaped leaves form a backdrop for leafy, branched flower stems that sometimes arch lightly. Purple flowers are produced in whorls over the foliage throughout the summer. Deadheading the spent blossoms encourages additional flower production.

#1....\$13.50

Salvia WINDWALKER®

2015 Plant Select®

Sage, WINDWALKER® Royal Red

Mature Height: 3-4'

AKA:Salvia darcy x microphylla 'PWIN03S'

Mature Spread: 3-4'

Water Requirement: Medium

Flower Color: Royal Red

Hardy To: 5,500'

Exposure: Sun

Flower Season: Summer to Fall

A robust, drought tolerant perennial with medium green, textured, arrow-shaped leaves. Produces bright, royal-red blossoms throughout the summer and into fall until frost.

#1....\$8.25

F15(4" Pots)....\$67.95

Sanguisorba tenuifolia alba

Burnet, White

Mature Height: 5-6'

Mature Spread: 2-3'

Hardy To: 6,000'

Water Requirement: High

Flower Color: White

Exposure: Sun to Filtered Shade

Flower Season: Late Summer to Fall

A tall perennial that forms strong clumps of upright to arching stems. White flowers look like tight bottle brushes, blooming from late summer to fall.

#1....\$6.55

Santolina chamaecyparissus

Lavender Cotton

Mature Height: 12-18"

Mature Spread: 12-18"

Hardy To: 8,000'

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun

Flower Season: Mid-Summer

Upright stems form rounded clumps of finely-cut, fragrant foliage, silver-gray in color. Flowers appear as bright yellow buttons.

#1....\$6.55

F15(4" Pots)....\$62.75

Santolina rosmarinifolia

Lavender Cotton, Green

Mature Height: 12-18"

Mature Spread: 12-18"

Hardy To: 8,000'

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun

Flower Season: Mid-Summer

Stiff, upright stems of bright green foliage form thick, compact mounds, ideal for borders. Button-like yellow flowers are held above the foliage on solitary stems.

#1....\$6.55

Saponaria x lebergii 'Max Frei'

Soapwort, Max Frei

Mature Height: 9-18"

Mature Spread: 1-2'

Hardy To: 7,000'

Water Requirement: Low

Flower Color: Pink

Exposure: Sun

Flower Season: Mid-Spring

A compact, mounding perennial with trailing stems of small, oval leaves. Tubular pink flowers with a trumpet flare are produced in profusion in mid-spring.

F15(4" Pots)....\$67.95

Saponaria ocymoides

Soapwort, Rock

Mature Height: 6-12"
 Mature Spread: 12-18" Water Requirement: Low Flower Color: Pink
 Hardy To: 8,000' Exposure: Sun Flower Season: Late Spring to Early Summer
 Trailing stems forming dense mounds blanketed by bright pink, flat-faced flowers.

F15(4" Pots)....\$56.50 F32(2 1/4" Pots)....\$59.50

Saponaria ocymoides 'Snow Tips'

Rock Soapwort, White

Mature Height: 6-9"
 Mature Spread: 12-30" Water Requirement: Low Flower Color: White
 Hardy To: 7,000' Exposure: Sun Flower Season: Late Spring to Early Summer
 A wide-spreading groundcover that hugs tightly to the ground. In spring, the plant becomes a carpet of white with small, star-shaped flowers.

#1....\$11.50 F15(4" Pots)....\$67.95

Scabiosa caucasica 'Alba'

Pincushion Flower, White

Mature Height: 2-3'
 Mature Spread: 12-18" Water Requirement: Medium Flower Color: White
 Hardy To: 8,000' Exposure: Sun Flower Season: Mid-Summer
 Long stalked, oblong basal leaves support long stalks topped with flat 2-3" flower heads that have white marginal florets surrounding a light gray pincushion-like center with fine hairs resembling pins. Excellent cut flower.

#1....\$6.55 F15(4" Pots)....\$56.50

Scabiosa caucasica 'Blue Perfection'

Pincushion Flower, Blue

Mature Height: 2-3'
 Mature Spread: 12-18" Water Requirement: Medium Flower Color: Light Blue
 Hardy To: 8,000' Exposure: Sun Flower Season: Mid-Summer
 Long stalked, oblong basal leaves, support long peduncles topped with flat 2-3" flower heads that have sky blue, fringed petals surrounding a light gray, pincushion-like center with fine hairs resembling pins. Excellent cut flower.

#1....\$6.55 F15(4" Pots)....\$62.75

Scabiosa columbaria 'Butterfly Blue'

Pincushion Flower, Blue

Mature Height: 18-24"
 Mature Spread: 18-24" Water Requirement: Low Flower Color: Blue
 Hardy To: 6,500' Exposure: Sun Flower Season: Mid- to Late Summer
 Long stalks bear lilac-blue flowers with fringed rays and pincushion-like centers above lobed, hairy leaves. Deadhead for continuous blooming. Good cut flower.

#1....\$11.50 F15(4" Pots)....\$62.75

Scabiosa columbaria 'Pink Mist'

Pincushion Flower, Pink

Mature Height: 18-24"
 Mature Spread: 18-24" Water Requirement: Low Flower Color: Pink
 Hardy To: 6,500' Exposure: Sun to Filtered Shade Flower Season: Mid- to Late Summer
 Tall, hairy stems above a basal rosette of leaves bear blossoms with pink ray flowers surrounding a lighter center. Will grow in a wide variety of soil types.

#1....\$12.95

Scrophularia macrantha

Red Birds in a Tree

Mature Height: 15-40"
 Mature Spread: 1-3' Water Requirement: Low Flower Color: Red
 Hardy To: 6,000' Exposure: Sun Flower Season: Summer
 A bold plant of one to several stems, with attractive, dark green leaves. The stems branch into terminal panicles that bear tubular, bright red blossoms which have a remarkable resemblance to birds sitting on a branch. Marginally hardy - needs winter protection.

F15(4" Pots)....\$67.95

Scutellaria resinosa Smoky Hills Strain**Skullcap, Smoky Hills Strain**

Mature Height: 6-12"

Mature Spread: 6-12"

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Purple/White

Flower Season: Late Spring to Early Summer

Low mats of gray-green leaves form a tight, compact groundcover with spikes of arching and hooded flowers from late spring to early summer. A seed strain from 'Smoky Hills' with flowers ranging from purple to white. Native to the Great Plains.

#1....\$10.50 F15(4" Pots)....\$67.95

Scutellaria scordiifolia SKY'S EDGE™**2018 Plant Select®****Scutellaria, SKY'S EDGE™**

Mature Height: 8-12"

Mature Spread: 12-18"

Hardy To: 6,000'

AKA:Scutellaria scordiifolia 'Pat Hayward'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Azure-Blue

Flower Season: Summer

Medium green, opposite, linear leaves grow closely together on slender stems, forming a low, spreading perennial up to a foot tall and half again as wide. Beautiful, azure-blue flowers are produced in the summer.

F15(4" Pots)....\$67.95

Scutellaria suffrutescens**Skullcap, Cherry**

Mature Height: 6-12"

Mature Spread: 12-18"

Hardy To: 5,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Cherry Red

Flower Season: Summer to Fall

Cupped, oval leaves of dark green grow tightly on twiggy stems, forming a shrubby perennial up to twelve inches tall and half as wide. Upright, intensely cherry red blossoms are produced for a vivid display from summer to fall.

#1....\$10.50

Sedum acre (evergreen)**Stonecrop, Goldmoss-Utah**

Mature Height: 2-4"

Mature Spread: 12-18"

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early Summer

Short stems crowded with tiny bright green leaves spiral upward to small star-like flowers that are bright yellow.

Solidago rugosa 'Fireworks' **Goldenrod, Fireworks**
 Mature Height: 2-3'
 Mature Spread: 18-24" Water Requirement: Medium Flower Color: Yellow
 Hardy To: 6,500' Exposure: Sun to Filtered Shade Flower Season: Summer
 Rough-textured stems grow to 2 feet tall or more, topped in late summer with branched panicles of golden yellow flowers that give the appearance of summer fireworks.

#1....\$8.25 F15(4" Pots)....\$62.75 F32(2 1/4" Pots)....\$62.95

Solidago simplex var. simplex **Goldenrod, Dwarf**
 Mature Height: 8-12"
 Mature Spread: 6-10" Water Requirement: Low Flower Color: Yellow
 Hardy To: 12,000' Exposure: Sun Flower Season: Late Summer
 A clump of short stems with narrow, pointed leaves give rise to a cylindrical cluster of yellow blossoms in late summer to early fall.

#1....\$8.25

Sphaeralcea coccinea **Mallow, Prairie**
 Mature Height: 4-10"
 Mature Spread: 12-15" Water Requirement: Very Low Flower Color: Orange
 Hardy To: 9,000' Exposure: Sun Flower Season:
 A perennial with woody stems and hairy, gray-green leaves that are deeply divided. Clusters of orange, mallow-like blossoms are formed on the stems above the foliage during the summer and fall.

F15(4" Pots)....\$62.75

Sphaeralcea munroana

Mallow, Orange Globe

Mature Height: 1-2'

Mature Spread: 8-12"

Water Requirement: Very Low

Flower Color: Orange Shades

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer to Fall

Mallow-like, 1" flowers appear near trailing stem tips in summer and fall. Blooms range in color from bright red to orange, pink and apricot. Tolerates poor soils.

 Hardy To: 9,000' Exposure: Adaptable Flower Season: Early Spring to Mid-Summer
 Rich blue flowers on curved stems hang above tufts of glossy green foliage. Woodland garden.

F15(4" Pots)....\$56.50

Viola cornuta 'White Perfection'

Pansy, White Tufted

Mature Height: 6-10"
 Mature Spread: 8-12" Water Requirement: Medium Flower Color: White
 Hardy To: 9,000' Exposure: Adaptable Flower Season: Early Spring to Mid-Summer
 Glossy green leaves in the shape of a heart, form a spreading tuft with white-faced flowers. Woodland garden.

F15(4" Pots)....\$56.50

Viola cornuta 'Yellow Perfection'**Pansy, Yellow Tufted**

Mature Height: 6-10"

Mature Spread: 8-12"

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Adaptable

Flower Color: Yellow

Flower Season: Early Spring to Mid-Summer

Lemon yellow flowers above a spreading tuft of bright green foliage bloom from spring to mid-summer. May re-bloom when cool autumn weather returns.

F15(4" Pots)....\$56.50

Viola corsica**Violet, Corsican**

Mature Height: 6-8"

Mature Spread: 6-8"

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Adaptable

Flower Color: Purplish-Blue

Flower Season: Early Spring to Late Summer

Prolific purplish-blue flowers hang over a low growing tuft of rich green foliage. Best suited in meadow or woodland gardens as it reseeds readily.

F15(4" Pots)....\$62.75

F32(2 1/4" Pots)....\$62.95

Viola odorata**Violet, English**

Mature Height: 6-8"

Mature Spread: 6-8"

Hardy To: 7,000'

Water Requirement: Medium

Exposure: Adaptable

Flower Color: Violet

Flower Season: Early Spring to Late Summer

Dark green, heart shaped leaves with wavy margins form a basal rosette that spreads by stolons. Fragrant violet flowers with short spurs are produced on slender pedicels above the foliage. Prefers moist, shady locations. Will reseed and naturalize.

F32(2 1/4" Pots)....\$62.95

Waldsteinia ternata**Strawberry, Barren**

Mature Height: 6-10"

Mature Spread: 8-12"

Hardy To: 8,500'

AKA: Geum ternatum

Water Requirement: Low

Exposure: Filtered Shade to Shade

Flower Color: Yellow

Flower Season: Late Spring

Dense tufts spreading by underground stems form thick beds of broad, leathery, round-lobed leaves turning from dark green to bronze in autumn. Small, bright yellow flowers appear in late spring, and sporadically throughout the summer.

Agave parryi neomexicana

Agave, New Mexico

Mature Height: 12-18"

Mature Spread: 18-24"

Hardy To: 5,500'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Spring

Broad, thick, sword-like, silvery-blue leaves with black spines on the tips and edges form a thick rosette that thrives in dry, hot conditions. The plant grows for many years, after which it produces a panicle of yellow blossoms. After blooming, the parent plant dies, replaced by suckers from the root.

#5 Re-Wholesale....\$70.00

Agave parryi truncata

Agave, Artichoke

Mature Height: 1-3'

Mature Spread: 2-3'

Hardy To: 5,500'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Yellow

Flower Season: See Description

Blue-gray, thick, sword-like leaves with dark brown teeth on the margins form a thick rosette that thrives in dry, hot conditions. The plant is long-lived, growing for up to 25 years, after which it produces a large (up to 20' tall) flower stalk with yellow blooms. Forms a clump via offsets from the crown.

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Purple

Flower Season: Mid- to Late Summer

Upright-arching, branched canes with narrow leaves grow into a rounded form. Produces many spikes of tiny purple flowers which provide nectar for butterflies. Can cut to the ground in spring to promote vigorous growth.

#5 Re-Wholesale....\$35.95

Buddleja davidii nanhoensis PETITE INDIGO®

Butterfly Bush, Compact Lavender

Mature Height: 4-6'

Mature Spread: 4-5'

Hardy To: 7,000'

AKA: Buddleja davidii nanhoensis 'Mongo'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Lavender /Orange Eye

Flower Season: Mid- to Late Summer

Narrow, gray-green leaves and slender, arching stems create a compact shrub with sprays of lavender flowers, each with an orange throat. Flowers mid to late summer.

#5 Re-Wholesale....\$46.95

Buddleja davidii nanhoensis PETITE PLUM™

Butterfly Bush, Compact Purple

Mature Height: 4-6'

Mature Spread: 4-5'

Hardy To: 7,000'

AKA: Buddleja davidii nanhoensis 'Monum'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Purple/ Orange Eye

Flower Season: Mid- to Late Summer

Many fine branches on slender, arching stems with narrow, gray-green leaves form a compact shrub. Terminal spikes of vibrant purple flowers with orange eyes are produced in mid to late summer.

#2 Re-Wholesale....\$30.95

Buddleja davidii nanhoensis PETITE SNOW™

Butterfly Bush, Compact White

Mature Height: 4-6'

Mature Spread: 4-5'

Hardy To: 7,000'

AKA: Buddleja davidii nanhoensis 'Monite'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: White

Flower Season: Mid- to Late Summer

A compact shrub with slender, arching, many-branched stems and gray-green, narrow leaves. White flowers are borne in terminal spikes from mid to late summer.

#5 Re-Wholesale....\$46.95

Buddleja davidii 'Pink Delight'

Butterfly Bush, Pink

Mature Height: 6-12'

Mature Spread: 4-8'

Water Requirement: Medium

Flower Color: Pink

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

A dense shrub with an irregular rounded habit. Long, narrow, dull green leaves crowd arching stems topped by slender spikes of fragrant pink flowers with orange eyes.

#5 Re-Wholesale....\$35.95

Buddleja davidii 'Royal Red'

Butterfly Bush, Deep Red

Mature Height: 6-8'

Mature Spread: 4-8'

Water Requirement: Medium

Flower Color: Red

Hardy To: 7,000'

Exposure: Sun

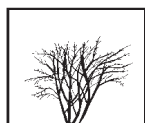

Flower Season: Summer

Sprawling stems with willow-like, rich green leaves create an irregular, rounded frame. Long, slender spikes of orange-centered, royal red flowers occur from mid to late summer.

#5 Re-Wholesale....\$35.95

Buddleja davidii 'White Bouquet'

Butterfly Bush, White

Mature Height: 4-6'

Mature Spread: 4-6'

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Fragrant white flowers with orange eyes form long, narrow panicles borne at the ends of arching branches clothed by willow-like, pale green leaves. A graceful shrub with an irregular rounded habit.

#5 Re-Wholesale....\$35.95

Buddleja davidii 'White Profusion'

Butterfly Bush, White

Mature Height: 6-12'

Mature Spread: 4-8'

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Pure white flowers with orange eyes on long, narrow spikes form on the tips of arching branches clothed by willow-like, pale green leaves. A graceful shrub with an irregular rounded habit.

#5 Re-Wholesale....\$36.95

Buddleja 'Miss Molly'

Butterfly Bush, Miss Molly

PP23,425

Mature Height: 4-5'

Mature Spread: 4-5'

Water Requirement: Medium

Flower Color: Bright Rose-Pink

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Upright, arching, branched canes with narrow leaves grow into a compact, mounded form. Spikes of tiny, bright rose-pink flowers provide nectar for butterflies and hummingbirds from mid- to late summer. Can be cut to the ground in spring to promote vigorous new growth.

#3 Re-Wholesale....\$42.50 #5 Re-Wholesale....\$53.50

Buxus sempervirens GREEN TOWER®

Boxwood, GREEN TOWER®

Mature Height: 6-8'

Mature Spread: 1-2'

Hardy To: 6,000'

AKA: Buxus sempervirens 'Monrue'

Water Requirement: Medium

Flower Color: Insignificant

Exposure: Filtered Shade to Shade

Flower Season: Spring

A hardy boxwood with rich, dark green foliage on branches with a narrow, columnar form. Will hold the columnar shape without shearing, but may be sheared for topiary. The green leaves hold their color throughout the winter.

#5 Re-Wholesale....\$61.75 #7 Re-Wholesale....\$135.00 #15 Re-Wholesale....\$215.00

Caragana arborescens

2021 Plant Select

Peashrub, Siberian

Mature Height: 10-15'

Mature Spread: 8-12'

Hardy To: 10,000'

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun

Flower Season: Late Spring

Upright, olive green to golden branches armed with small spines create an upright, oval shrub. Vibrant yellow, pea-like flowers and bright green, pinnate leaves with rounded leaflets emerge in late spring.

#5....\$19.75

Caragana frutex 'Globosa'

Peashrub, Globe Russian

Mature Height: 3-4'

Mature Spread: 2-3'

Hardy To: 8,000'

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun

Flower Season: Spring

A globe-shaped peashrub with bluish-green leaves and bright yellow flowers which appear in spring.

#5....\$25.50

Caragana microphylla 'Tidy'

2023 Plant Select

Peashrub, Tidy

Mature Height: 8-10'

Mature Spread: 10-12'

Hardy To: 8,500'

Water Requirement: Very Low

Flower Color: Yellow

Exposure: Sun

Flower Season: Spring

Slender, olive green stems with delicate, narrowly pinnate leaves form a shrub that grows wider than tall. The overall effect is of a very finely textured shrub. Light yellow, pea-like flowers are produced in spring.

#5 Re-Wholesale....\$41.50

Caragana pygmaea

Peashrub, Pygmy

Mature Height: 3-4'

Mature Spread: 3-5'

Hardy To: 8,500'

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun

Flower Season: Late Spring

An open, irregularly rounded shrub with small, dark green, oval leaflets sparsely arranged on slender arching branches. Produces pea-like, bright yellow flowers in late spring.

#5....\$25.50

Caryopteris × clandonensis 'Blue Mist'

Spirea, Blue Mist

Mature Height: 3-4'

Mature Spread: 2-3'

Hardy To: 8,500'

Water Requirement: Low

Flower Color: Blue

Exposure: Sun

Flower Season: Mid- to Late Summer

Narrow, grayish-green leaves on stiff slender stems form a tightly rounded shrub. Clusters of bright blue flowers bloom in the leaf axils during mid to late summer. Can be cut back to the crown before spring growth emerges.

Spirea, First Choice Blue Mist

Mature Height: 2-3’

Mature Spread: 18-24”

Hardy To: 8,500’

Water Requirement: Low

Exposure: Sun

Flower Color: Blue

Flower Season: Mid- to Late Summer

A smaller, more compact shrub with gray-green leaves and dark blue flowers that is a nice addition to the xeriscape garden. It flowers ahead of the other blue mist varieties..

#5....\$18.50

Cercocarpus intricatus

Mountain Mahogany, Littleleaf

Mature Height: 3-6’

Mature Spread: 3-5’

Hardy To: 8,500’

Water Requirement: Very Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-White

Flower Season: Mid-Spring

A compact, semi-evergreen to evergreen shrub with small needle-like leaves. Bark is dark brown and deeply furrowed at maturity. Small yellow flowers in early spring produce feathery seed tails.

#5 Re-Wholesale....\$49.00

Cercocarpus ledifolius

Mountain Mahogany, Curlleaf

Mature Height: 10-25’

Mature Spread: 10-20’

Hardy To: 9,000’

Water Requirement: Very Low

Exposure: Sun

Flower Color: Creamy White

Flower Season: Mid-Spring

A large shrub or small tree with a loose, rounded habit. Small, narrowly oval leaves are a dark, lustrous green, curling inward when extreme drought conditions exist. Small cream to yellow flowers in early spring produce seeds with curled, feathery tails.

#5....\$26.95 #5 Re-Wholesale....\$51.50

Cercocarpus montanus

Mountain Mahogany, Common

Mature Height: 6-8’

Mature Spread: 4-6’

Hardy To: 10,000’

Water Requirement: Very Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-White

Flower Season: Mid-Spring

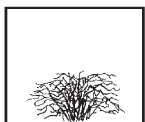

An open, spreading shrub with rigid branches sporting grayish-green, wedge shaped leaves. Tiny, creamy yellow flowers in mid-spring produce fuzzy, twisted seed tails during late summer.

#5....\$26.95

Chaenomeles speciosa ‘Cameo’

Quince, Cameo

Mature Height: 3-4’

Mature Spread: 4-6’

Hardy To: 6,500’

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Apricot

Flower Season: Spring

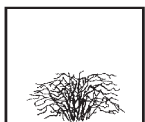

Glossy green leaves with large stipules at the base cover lightly-thorned stems to form a low-growing shrub. Double, apricot-pink flowers are produced in early spring as the leaves emerge. Blooms later than the species.

#5 Re-Wholesale....\$51.50

Chaenomeles speciosa ‘Texas Scarlet’

Quince, Texas Scarlet

Mature Height: 3-4’

Mature Spread: 4-6’

Hardy To: 6,500’

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Red

Flower Season: Spring

Glossy green leaves with large stipules at the base cover lightly-thorned stems to form a low-growing shrub. Brilliant red flowers are produced in early spring before the leaves emerge, making this one of the earliest blooming shrubs in the landscape.

#5....\$26.95 #5 Re-Wholesale....\$51.50

Chamaebatiaria millefolium

Fernbush

Mature Height: 3-5'

Mature Spread: 3-6'

Hardy To: 7,500'

Water Requirement: Very Low

Exposure: Sun

Flower Color: White

Flower Season: Mid to Late Spring

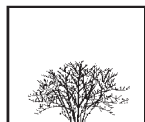

Fern-like, gray-green leaves along erect, downy stems combine with loose, pyramidal clusters of small white flowers during mid to late spring creating a rounded, aromatic shrub with evergreen characteristics.

#5....\$25.50

Chilopsis linearis 'Bubba'

Desert Willow, Bubba

Mature Height: 6-30'

Mature Spread: 6-30'

Hardy To: 5,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Pink

Flower Season: Late Spring

A large shrub or small, usually multi-stemmed tree with narrow, willow-like leaves on arching to slightly weeping branches. Clusters of bell-shaped flowers are pink with a richer pink to fuchsia throat, blooming in late spring and sporadically later in the season. Prefers sandy, well drained soil.

#15 Re-Wholesale....\$160.00

Cornus alba 'Argenteomarginata'

Dogwood, Variegated

Mature Height: 6-8'

Mature Spread: 5-8'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: White

Flower Season: Late Spring

An upright, spreading shrub with dark red stems decorated by rich green leaves with creamy white bands along the margins. Clusters of tiny white flowers during late spring produce small off-white, berry-like fruit.

#5....\$26.95

Cornus alba 'Bud's Yellow'

Dogwood, Bud's Yellow

Mature Height: 6-8'

Mature Spread: 5-6'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun to Shade

Flower Color: White

Flower Season: Late Spring

Strong upright yellow canes branch out to support thick, green foliage. Clusters of white blossoms are displayed at the tips of the branches in late spring, followed by off-white berries. The yellow stem color is especially noticeable in the winter.

#5....\$25.50

Cornus sericea 'Cardinal'

Dogwood, Cardinal

Mature Height: 6-10'

Mature Spread: 6-10'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun to Shade

Flower Color: White

Flower Season: Late Spring to Early Summer

Flat topped clusters of small white flowers appear in late spring to early summer producing berry-like white fruit. Bright green leaves are crowded along the yellow-green stems for an upright, oval habit. Winter stem color is bright orange-red.

#5....\$19.75

Cornus sericea coloradense

Dogwood, Colorado

Mature Height: 6-8'

Mature Spread: 8-12'

Hardy To: 10,000'

Water Requirement: Medium

Exposure: Sun to Shade

Flower Color: White

Flower Season: Late Spring to Early Summer

A broad rounded shrub with a spreading habit. The reddish stems root as they meet the ground turning upward to present the bright green foliage which becomes red in fall. Clusters of small white flowers are followed by bluish-white to white fruit.

#5....\$19.75

Cornus sericea 'Isanti'

Dogwood, Isanti

Mature Height: 4-5'

Mature Spread: 4-6'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun to Shade

Flower Color: White

Flower Season: Late Spring to Early Summer

A dense, rounded shrub with bright red stems covered by lush green leaves turning striking red during autumn. Small, porcelain white fruit produced in late summer follow flat topped clusters of tiny white flowers.

#5....\$26.95

Cornus sericea 'Kelsey'

Dogwood, Kelsey Dwarf

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 6,500'

Water Requirement: Medium

Exposure: Filtered Shade to Shade

Flower Color: White

Flower Season: Late Spring to Early Summer

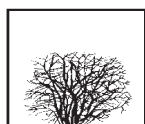

Rich green foliage crowded on slender, erect, reddish-brown twigs create a compact, rounded shrub. Tight, flat-topped clusters of tiny white flowers in late spring to early summer are followed by white berry-like fruit in late summer.

Exposure: Filtered Shade to Shade

Flower Season: Spring to Fall

A compact, slow-growing, rounded shrub with small, semi-evergreen (evergreen to zero degrees Fahrenheit), leaves. Small, trumpet-like, blush pink flowers are richly fragrant, with a heavy production in the spring, and sporadic blooms produced throughout the summer.

#5 Re-Wholesale....\$96.50 #6 Re-Wholesale....\$89.95

Diervilla rivularis KODIAK® Black

Honeysuckle, KODIAK® BlackBush

Mature Height: 3-4’

Mature Spread: 3-4’

Hardy To: 6,500’

AKA:Diervilla rivularis ‘SMNDRSF’

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun to Filtered Shade

Flower Season: Late Spring to Summer

Slender, lightly branched stems form an upright, rounded shrub with yellow, funnel-shaped flowers that appear throughout the growing season. The foliage is a very dark burgundy, especially in spring.

#3 Re-Wholesale....\$42.50

Diervilla rivularis KODIAK® Orange

Honeysuckle, KODIAK® OrangeBush

Mature Height: 3-4’

Mature Spread: 3-4’

Hardy To: 6,500’

AKA:Diervilla rivularis ‘G2X88544’

Water Requirement: Low

Flower Color: Yellow

Exposure: Sun to Filtered Shade

Flower Season: Late Spring to Summer

Slender, lightly branched stems form an upright, rounded shrub with yellow, funnel-shaped flowers that appear throughout the growing season. The foliage emerges orange, changing to medium green through the summer, and changing to bright orange-red in the fall.

#3 Re-Wholesale....\$42.50

Ephedra equisetina

Bluestem Joint Fir

Mature Height: 3-5’

Mature Spread: 2-6’

Hardy To: 7,000’

Water Requirement: Low

Flower Color: N/A

Exposure: Sun to Filtered Shade

Flower Season: N/A

An upright to shrub with rigid, blue-green, slender stems and branches. The tiny leaves fall off soon after emerging, leaving the job of photosynthesis to the evergreen branches, and giving the shrub a skeletal appearance. Bright red fruits are produced in late summer from insignificant flowers.

#5....\$25.50 #5 Re-Wholesale....\$44.95

Ericameria nauseosa ssp. nauseosa var. glabrata

Rabbitbrush, Tall Green

Mature Height: 2-6’

Mature Spread: 2-6’

Hardy To: 8,500’

Water Requirement: Very Low

Flower Color: Golden Yellow

Exposure: Sun

Flower Season: Mid- to Late Summer

Deep green, linear leaves that are slightly twisted are arranged loosely on somewhat gnarled, green to whitish stems producing an open rounded shrub. Small golden yellow flowers are borne in flat topped clusters during mid to late summer.

#1....\$12.95 #5....\$25.50

Ericameria nauseosa ssp. nauseosa var. nauseosa

Rabbitbrush, Dwarf Blue

Mature Height: 1-4'

Mature Spread: 1-4'

Hardy To: 8,500'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Golden Yellow

Flower Season: Mid- to Late Summer

A compact shrub with a rounded form consisting of gray to light green stems and linear, bluish-gray leaves. Tight, flat-topped clusters of small golden yellow flowers appear from mid to late summer.

#1....\$14.95

#1 Re-Wholesale....\$15.95

Ericameria nauseosa ssp. nauseosa var. speciosa

Rabbitbrush, Tall Blue

Mature Height: 2-6'

Mature Spread: 2-6'

Hardy To: 8,500'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Golden Yellow

Flower Season: Mid- to Late Summer

Dense, flat-topped clusters of small golden yellow flowers are borne from mid- to late summer. Greenish-white stems sporting thin, wiry leaves that are bluish-gray in color, create a rounded shrub with an open habit.

#1....\$14.95

#5....\$25.50

Euonymus alatus

Burning Bush

Mature Height: 8-12'

Mature Spread: 8-12'

Hardy To: 7,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: N/A

Flower Season: N/A

A flat-topped, rounded shrub with coarse branches distinguished by the 4 corky wings running parallel along the stems. Dark green foliage turns bright red during fall. Inconspicuous flowers produce orange seeds in rich pink, four lobed capsules.

#5....\$25.50

Euonymus alatus 'Compactus'

Burning Bush, Dwarf

Mature Height: 6-8'

Mature Spread: 6-8'

Hardy To: 7,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: N/A

Flower Season: N/A

Thick, deep green leaves with a vibrant fiery red fall color on rigid, slightly winged branches create a compact shrub with a rounded, flat topped habit. Tiny yellowish-green flowers are insignificant, followed by pink capsuled, orange fruit.

Euonymus fortunei 'Green Lane'

Euonymus, Green Lane

Mature Height: Variable
 Mature Spread: Variable Water Requirement: Medium Flower Color: N/A
 Hardy To: 6,500' Exposure: Filtered Shade to Shade Flower Season: Early Summer
 Rounded, glossy green leaves borne on erect trailing stems that climb as they mass against solid surfaces create a dense, spreading shrub bearing orange fruit during fall.

#2 Re-Wholesale....\$37.50

Euonymus fortunei 'Ivory Jade'

Euonymus, Ivory Jade

Mature Height: 2-3'
 Mature Spread: 4-6' Water Requirement: Medium Flower Color: N/A
 Hardy To: 6,000' Exposure: Filtered Shade to Shade Flower Season: N/A
 Rich green leaves with irregular creamy white margins clothe spreading stems to form a thick, spreading mound. May climb somewhat, if given support, but not vigorously. The white variegation turns pink to red in winter.

#2 Re-Wholesale....\$37.50

Euonymus fortunei 'Moonshadow'

Euonymus, Moonshadow

Mature Height: 2-3'
 Mature Spread: 4-5' Water Requirement: Medium Flower Color: Green-White
 Hardy To: 6,000' Exposure: Filtered Shade to Shade Flower Season: Summer
 A broad mound with spreading stems is covered by egg-shaped to oval, deep green leaves with a central blotch of golden yellow. Greenish-white flowers are insignificant, blooming in early summer.

#5 Re-Wholesale....\$49.00

Euonymus kiautschovicus 'Manhattan'

Euonymus, Manhattan

Mature Height: 4-6'
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: Greenish-White, Insignificant
 Hardy To: 6,000' Exposure: Shade Flower Season: Late Summer
 A rounded shrub with spreading habit. Produces glossy, deep green leaves on stiff stems sprinkled with pink capsules of orange seeded fruit ripening in fall.

#5 Re-Wholesale....\$45.95 #10 Re-Wholesale....\$220.00

Euonymus nana turkestanicus

Burning Bush, Turkestan

Mature Height: 2-3'
 Mature Spread: 3-4' Water Requirement: Medium Flower Color: N/A
 Hardy To: 6,000' Exposure: Sun Flower Season: N/A
 Very narrow, linear leaves adorn branches that reach up to 3' tall. The foliage gives the shrub a weeping look and turns brilliant red in the fall. Flowers are insignificant, producing ornamental pink fruit capsules in autumn.

#5....\$26.95

Fallugia paradoxa

Apache Plume

Mature Height: 3-6'
 Mature Spread: 3-6' Water Requirement: Very Low Flower Color: White
 Hardy To: 8,500' Exposure: Sun Flower Season: Summer
 Shaggy, whitish stems sparsely covered by small, finely dissected, light green leaves produce a lacy shrub with single, white, rose-like flowers throughout the summer with the addition of rose colored, feathery tailed seeds.

#5....\$25.50 #5 Re-Wholesale....\$51.50

Forestiera pubescens var. pubescens

Privet, New Mexico

Mature Height: 8-12'
 Mature Spread: 6-8' Water Requirement: Low Flower Color: N/A
 Hardy To: 7,500' Exposure: Sun Flower Season: N/A
 Erect, arching, finely twigged branches create a dense, rounded shrub with small, narrowly oval bright grayish-green leaves changing to golden yellow in fall. Tiny, inconspicuous flowers appear before foliage emerges. Produces bluish-black fruit on female plants.

#5....\$25.50 #5 Re-Wholesale....\$44.95 #15 Re-Wholesale....\$155.00

Forsythia GOLD TIDE®

Forsythia, GOLD TIDE®

Mature Height: 18-24"

AKA:Forsythia 'Courtasol'

Mature Spread: 3-4'

Water Requirement: Medium

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun

Flower Season: Early to Mid-Spring

A low mounding shrub with spreading branches supporting dark green, lightly serrated, narrow leaves fading to yellow in autumn. Profuse, light yellow blossoms are produced in early to mid-spring, before the leaves emerge. The flower buds are hardy to -15 degrees, and may not survive at high elevations.

 Hardy To: 6,000' Exposure: Filtered Shade to Shade Flower Season: Summer
 A "mophead" type with full snowball-like flower clusters accented by lustrous medium green fleshy leaves. Flowers are produced on the current year's growth rather than on the previous year's growth, which makes for more reliable flowering in the colder zones. Blooms pink in alkaline soils, blue in acidic.

Hydrangea paniculata Bobo®

Hydrangea, Bobo®

Mature Height: 30-36" **AKA:Hydrangea paniculata 'Ilvobo'** PP22,782
 Mature Spread: 3-4' Water Requirement: Medium Flower Color: White
 Hardy To: 6,000' Exposure: Sun to Filtered Shade Flower Season: Summer
 A compact form of paniced hydrangea with strong stems forming a wide-rounded shrub. Enormous white panicles of flowers engulf the plant in summer, changing to a pink blush as they age.
 #3 Re-Wholesale....\$45.95

Hydrangea paniculata CANDY APPLE™

Hydrangea, CANDY APPLE™

Mature Height: 4-5' **AKA:Hydrangea paniculata 'SMHPMWMH'** PP28,758
 Mature Spread: 4-5' Water Requirement: Medium Flower Color: Greenish-White
 Hardy To: 6,000' Exposure: Filtered Shade to Shade Flower Season: Mid- to Late Summer
 Large, pyramidal clusters of greenish-white flowers during mid to late summer become white as they age. Crowded masses of oval, dark green leaves on slender, erect stems form an upright, rounded shrub. Similar to 'Limelight', but more compact.
 #5 Re-Wholesale....\$56.95

Hydrangea paniculata 'Grandiflora'

Hydrangea, Pee Gee

Mature Height: 6-8'
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: White
 Hardy To: 6,000' Exposure: Filtered Shade to Shade Flower Season: Mid- to Late Summer
 Large, pyramidal clusters of snowy white flowers during mid to late summer fade to rusty pink as they age. Crowded masses of oval, dark green leaves on slender, erect stems form an upright, rounded shrub.
 #5 Re-Wholesale....\$51.50

 Mature Spread: 6-8' Water Requirement: Medium Flower Color: White
 Hardy To: 6,000' Exposure: Filtered Shade to Shade Flower Season: Late Spring to Early Summer
 Large, conical clusters of snowy white flowers are borne in late spring and early summer over large, dark green leaves that are strongly lobed. Forms a shrub that grows wider than tall. The flowers fade from white to pink as they age.

#5 Re-Wholesale....\$59.95

Hypericum frondosum 'Sunburst'

St. John's Wort, Sunburst

Mature Height: 3-4'
 Mature Spread: 3-4' Water Requirement: Medium Flower Color: Yellow
 Hardy To: 6,000' Exposure: Sun to Filtered Shade Flower Season: Late Spring to Early Summer
 An upright-rounded, dense shrub with blue-green foliage. Five-petaled, bright yellow flowers with a bushy tuft of yellow, showy stamens in the center are produced in late spring and early summer. The stems typically die back during the winter and are replaced from the root crown the following year.

#5 Re-Wholesale....\$44.95

Ilex glabra NORDIC™

Holly, NORDIC™ Inkberry

Mature Height: 3-4' **AKA:Ilex glabra 'Chamzin'**
 Mature Spread: 3-4' Water Requirement: Medium Flower Color: Green-White
 Hardy To: 6,000' Exposure: Shade Flower Season: Spring
 Lustrous, dark green leaves are thinner and somewhat oval in outline as compared to the thick, spiny-edged leaves of other hollies. A tight, evergreen shrub. Nordic is listed as a male clone, and produces no fruit.

#5 Re-Wholesale....\$61.75

Ilex x meserveae BERRI-MAGIC® Kids'

Holly, BERRI-MAGIC® Kids'

Mature Height: 4-6' **AKA:Ilex x meserveae 'Blue Girl' and 'Blue Boy'**
 Mature Spread: 4-6' Water Requirement: Medium Flower Color: Greenish-White
 Hardy To: 6,000' Exposure: Shade Flower Season: Late Spring
 Both Blue Boy and Blue Girl hollies have been put into one container, to insure fruit production with every container. Form is upright-rounded, with glossy, evergreen leaves. Needs sheltered conditions.

#5 Re-Wholesale....\$61.75

Ilex x meserveae 'Blue Boy'

Holly, Blue Boy

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: Medium Flower Color: Greenish-White
 Hardy To: 6,000' Exposure: Shade Flower Season: Late Spring
 A pyramidal to rounded shrub with rigid bluish-purple stems producing lustrous bluish-green, leaves bordered by pointed teeth along the margin. Male flowers borne during late spring fertilize females. Broadleaf evergreen.

#5 Re-Wholesale....\$61.75

Ilex x meserveae 'Blue Girl'

Holly, Blue Girl

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: Medium Flower Color: Greenish-White
 Hardy To: 6,000' Exposure: Shade Flower Season: Late Spring
 Sharp teeth rim oblong, bluish-green leaves along stiff bluish-purple stems to form an upright rounded broadleaf evergreen decorated by clusters of shiny red berries during late summer. One male should be planted for every six females.

#5 Re-Wholesale....\$61.75

Ilex x meserveae 'Blue Prince and 'Blue Princess'

Holly, Royalty combination

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: Medium Flower Color: Greenish-White
 Hardy To: 6,000' Exposure: Shade Flower Season: Late Spring
 Both Blue Prince and Blue Princess hollies have been put into one container to insure fruit production with every container.

#5 Re-Wholesale....\$61.75

Ilex × meserveae SCALLYWAG®

Holly, SCALLYWAG®

Mature Height: 3-4'
Mature Spread: 2-3'
Hardy To: 6,000'

AKA:Ilex x meserveae 'MonNieves'
Water Requirement: Medium
Exposure: Shade

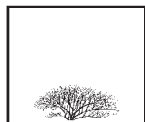

Flower Color: Greenish-White
Flower Season: Late Spring

A compact evergreen with an upright form. Stiff, bluish-purple stems produce lustrous, bluish-green leaves bordered by pointed teeth along the margin. A male cultivar which may be used to fertilize female (berry producing) hollies in the spring. Broadleaf evergreen.
#3 Re-Wholesale....\$51.95

PP21,941

Itea virginica LITTLE HENRY®

Virginia Sweetpire, LITTLE HENRY®

Mature Height: 18-24"
Mature Spread: 24-30"
Hardy To: 5,500'

AKA:Itea virginica 'Sprich'
Water Requirement: High
Exposure: Sun to Filtered Shade

Flower Color: White
Flower Season: Late Spring to Early Summer

A very compact shrub with a wide-rounded habit that grows in wet to medium moisture conditions. Rich green, oval leaves form a backdrop for cylindrical clusters of fragrant white flowers in late spring to early summer. May need occasional trimming to prevent spread via the roots.
#2 Re-Wholesale....\$37.50

Jamesia americana

Waxflower

Mature Height: 5-8'
Mature Spread: 3-6'
Hardy To: 10,000'

Water Requirement: Low
Exposure: Filtered Shade to Shade

Flower Color: White
Flower Season: Spring

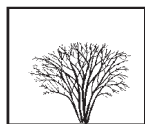

A flat-topped, rounded shrub with upright spreading branches and flaky reddish-brown bark. Bright green, distinctly veined leaves with downy white undersides turn reddish in autumn. Waxy, fragrant, white flowers are borne in late spring.

#3 Re-Wholesale....\$61.95

Kolkwitzia amabilis

Beauty Bush

Mature Height: 10-15'
Mature Spread: 12-15'
Hardy To: 7,500'

Water Requirement: Low
Exposure: Sun to Filtered Shade

Flower Color: Pink
Flower Season: Spring

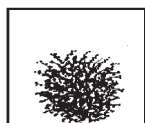

Finely branched, upright stems sprawl outward to form a dense shrub with a broad, vase-shaped habit. Small, bell-shaped pink flowers in late spring are accented by dark green, broad-ovate leaves that turn yellow in autumn.

#5 Re-Wholesale....\$44.95

Krascheninnikovia lanata

Winterfat

Mature Height: 2-3'
Mature Spread: 1-2'
Hardy To: 8,000'

Water Requirement: Very Low
Exposure: Sun

Flower Color: Woolly White
Flower Season: Spring to Fall

Upright, woolly branches with densely hairy leaves give this plant a whitish look. Seed clusters along the branches fluff out, making the stems look thick and cottony. Formerly known as Ceratoides lanata, and Eurotia lanata.

#5 Re-Wholesale....\$51.50

Ligustrum × vicaryi

Privet, Golden Vicary

Mature Height: 4-6'
Mature Spread: 3-4'
Hardy To: 6,000'

Water Requirement: Medium
Exposure: Sun

Flower Color: White
Flower Season: Early Summer

Golden yellow, oval leaves throughout the season clothe slightly arching stems to create a rounded, somewhat vase shaped shrub with insignificant white flowers in open clusters during early summer.

#5 Re-Wholesale....\$44.95

Ligustrum vulgare 'Cheyenne'

Privet, Cheyenne

Mature Height: 6-8'
Mature Spread: 4-6'
Hardy To: 7,500'

Water Requirement: Low
Exposure: Sun to Filtered Shade

Flower Color: White
Flower Season: Early Summer

Small, lanceolate, dark green leaves on erect stems form a dense shrub with an upright habit. White flowers in loose clusters appear in early summer followed by glossy, black fruit during late summer and well into winter.

#5....\$19.75 #5 Re-Wholesale....\$44.95 #7....\$67.95 #10 Re-Wholesale....\$125.00

Lonicera involucrata

Honeysuckle, Twinberry

Mature Height: 3-5'

Mature Spread: 3-6'

Hardy To: 11,000'

Water Requirement: Medium

Exposure: Filtered Shade to Shade

Flower Color: Creamy Yellow

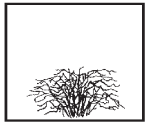

Flower Season: Late Spring to Early Summer

An upright, oval shaped shrub with erect branches and bright green, rounded to oval leaves. Pairs of creamy yellow, tubular flowers during late spring to early summer produce shiny black berries as twins resting in the reddish floral leaflets below.

#5....\$25.50

Lonicera syringantha 'Wolfii'

Honeysuckle, Tiny Trumpet

Mature Height: 3-4'

Mature Spread: 4-6'

Hardy To: 7,500'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Reddish-Pink

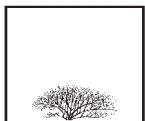

Flower Season: Late Spring

Small, trumpet-like, reddish-pink flowers with a lilac aroma appear during late spring. The deep bluish-green, oval leaves on slender sprawling branches, form a dense, irregularly rounded shrub.

#5....\$26.95

Lonicera x xylosteoides 'Clavey's Dwarf'

Honeysuckle, Clavey's Dwarf

Mature Height: 5-6'

Mature Spread: 4-5'

Hardy To: 7,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Creamy White

Flower Season: Spring

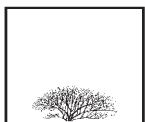

An upright, compact shrub with small, grayish-green, ovate leaves and sporadic pale yellow to white, tubular flowers in late spring. Small bright red berries are borne in mid-summer.

#2 Re-Wholesale....\$30.95

Lonicera xylosteum 'Emerald Mound'

Honeysuckle, Emerald Mound

Mature Height: 2-3'

Mature Spread: 3-4'

Hardy To: 7,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-White

Flower Season: Late Spring

A compact mounding shrub with grayish-green, broadly ovate leaves and sporadic pale yellow to white, tubular flowers in late spring. Small bright red berries are borne in mid-summer.

#5....\$25.50

Magnolia stellata 'Royal Star'

Magnolia, Star

Mature Height: 10-15'

Mature Spread: 10-15'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Filtered Shade

Flower Color: White

Flower Season: Early Spring

A small tree or large shrub with a rounded, compact crown. Large, single, star-like flowers are pure white and fragrant during early spring. Small, oval dark green leaves turn pale yellow in fall.

#15 Re-Wholesale....\$215.00

Magnolia 'Susan'

Magnolia, Susan

Mature Height: 8-12'

Mature Spread: 8-12'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Fuchsia

Flower Season: Spring

A slow-growing, shrubby plant that forms a large, upright shrub or small tree. Fuchsia, goblet shaped blossoms open in early spring just before the dark green leaves appear. Blooms later than star magnolia, thus avoiding some of the late frosts that can damage the flowers.

#15 Re-Wholesale....\$195.00

Mahonia aquifolium

Oregon Grape Holly

Mature Height: 4-8'

Mature Spread: 4-6'

Hardy To: 6,500'

AKA:Berberis aquifolium

Water Requirement: Low

Exposure: Shade

Flower Color: Yellow

Flower Season: Mid-Spring

A broadleaf evergreen with erect spreading branches clothed by rounded, sharply toothed leaves, dark bluish-green in color turning reddish-bronze to purple in the winter. Clusters of yellow flowers produce blue-black fruits in late summer.

#5 Re-Wholesale....\$54.50

Mahonia aquifolium 'Compacta'

Oregon Grape Holly, Compact

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 6,500'

AKA:Berberis aquifolium 'Compacta'

Water Requirement: Low

Exposure: Shade

Flower Color: Yellow

Flower Season: Mid-Spring

Deep bluish-green, toothed leaves on rigid stems form a compact broadleaf evergreen. Clusters of yellow flowers produce small, grape-like blue fruit in late summer. Foliage becomes reddish-bronze to purple during winter.

#5 Re-Wholesale....\$56.95

Nandina domestica

Bamboo, Heavenly

Mature Height: 6-8'

Mature Spread: 4-6'

Hardy To: 5,500'

Water Requirement: Medium

Exposure: Filtered Shade

Flower Color: Pink/White

Flower Season: Spring

Clusters of small, pink buds open to white flowers. New leaves are coppery becoming bluish-green and then shades of red in fall. Upright flat-topped crown accents bright red berries that persist through winter. Needs protection.

#5 Re-Wholesale....\$51.50

Perovskia atriplicifolia

Sage, Russian

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 8,500'

AKA:Salvia yangii

Water Requirement: Very Low

Exposure: Sun

Flower Color: Blue

Flower Season: Mid- to Late Summer

Small, rich blue flowers circle branched spikes rising during mid to late summer on erect, slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub.

#5....\$18.50

Perovskia atriplicifolia 'Little Spire'

Sage, Little Spire Russian

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 8,500'

AKA:Salvia yangii 'Little Spire'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Blue

Flower Season: Mid- to Late Summer

Small, rich blue flowers circle branched spikes rising during mid- to late summer on slender, downy white stems bearing fragrant, finely cut, grayish- green leaves. Forms an open rounded shrub. Listed as relatively upright and more compact than the species.

#5....\$19.75 #5 Re-Wholesale....\$44.95

Physocarpus opulifolius ‘Nanus’

Ninebark, Dwarf

Mature Height: 4-5’

Mature Spread: 4-5’

Hardy To: 9,000’

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: White

Flower Season: Late Spring

A dense, finely branched shrub. Nodding stems with peeling bark compliment small, dark green, blunt lobed leaves changing to reddish-brown in fall. Dome-like clusters of small, white flowers during late spring fade to pink as they age.

#5....\$19.75

Physocarpus opulifolius RASPBERRY LEMONADE™

Ninebark, RASPBERRY LEMONADE™

Mature Height: 3-4’

Mature Spread: 3-4’

Hardy To: 7,500’

AKA:Physocarpus opulifolius ‘ZLEyel2’

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Spring

PP31,198

A rounded shrub with peeling bark on stout stems is draped with bright green-yellow foliage. It presents small, white flowers in loose, umbrella-like clusters in late spring, and coral-red capsules in fall.

#2 Re-Wholesale....\$37.50

Physocarpus opulifolius SUMMER WINE®

Ninebark, SUMMER WINE®

Mature Height: 4-6’

Mature Spread: 4-6’

Hardy To: 7,500’

AKA:Physocarpus opulifolius ‘Seward’

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Summer

Intense reddish-purple foliage on compact, upright arching branches contrast nicely with the clusters of creamy white flowers. Grow in full sun for best foliage color. Branches work well in floral arrangements.

Potentilla fruticosa

Potentilla, Shrub

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 10,000'

AKA:Dasiphora fruticosa

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early to Late Summer

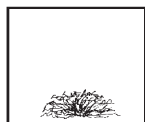

Irregular, arching branches create an open, rounded shrub producing fine textured leaves consisting of rich green, oblong leaflets. Single yellow flowers are produced throughout the summer.

#5....\$18.50

Potentilla fruticosa 'Coronation Triumph'

Potentilla, Coronation Triumph

Mature Height: 3-4'

Mature Spread: 2-3'

Hardy To: 8,500'

AKA:Dasiphora fruticosa 'Coronation Triumph'

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early to Late Summer

Single, rich yellow flowers throughout the summer cap an upright rounded shrub consisting of slender branches and dark green leaves divided into oblong leaflets.

#5....\$18.50

Potentilla fruticosa DAKOTA SUNSPOT®

Potentilla, DAKOTA SUNSPOT®

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 8,500'

AKA:Dasiphora fruticosa 'Fargo'

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early to Late Summer

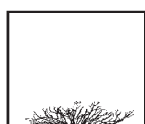

A low, rounded shrub with gray-green foliage divided into oblong leaflets along twigs that are reddish when young. Showy yellow flowers are produced above the foliage throughout the summer.

#5....\$19.75

Potentilla fruticosa davurica 'PRAIRIE SNOW'™

Potentilla, PRAIRIE SNOW™

Mature Height: 2-3'

Mature Spread: 3-5'

Hardy To: 8,500'

AKA:Dasiphora fruticosa davurica 'Prairie Snow'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Mid-Spring to Fall

Slender, branched stems arch out from the crown to form a spreading, mounded shrub. Deeply divided, medium-green leaves form a backdrop for the single, white blossoms that are borne in profusion from mid-spring to fall.

#5....\$19.75

Potentilla fruticosa 'Gold Drop'

Potentilla, Gold Drop

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 10,000'

AKA:Dasiphora fruticosa 'Gold Drop'

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early to Late Summer

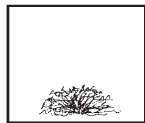

Bright green, oblong leaflets form fine textured foliage on slightly nodding stems to create a compact, rounded shrub blanketed by small intense yellow flowers from early to late summer.

#5....\$18.50

Potentilla fruticosa ‘Gold Finger’

Potentilla, Gold Finger

Mature Height: 2-3' **AKA:Dasiphora fruticosa ‘Gold Finger’**
 Mature Spread: 3-4' Water Requirement: Low Flower Color: Yellow
 Hardy To: 10,000' Exposure: Sun Flower Season: Early to Late Summer
 Slender, arching branches clothed by foliage separated into rich green, oblong leaflets form a rounded shrub draped by bright yellow flowers throughout the summer.

#5....\$18.50

Potentilla fruticosa ‘Jackmannii’

Potentilla, Jackman

Mature Height: 2-3' **AKA:Dasiphora fruticosa ‘Jackmannii’**
 Mature Spread: 3-4' Water Requirement: Low Flower Color: Yellow
 Hardy To: 10,000' Exposure: Sun Flower Season: Early to Late Summer
 A loose upright rounded shrub with slender, sprawling branches and gray-green, lobed leaves. Produces an abundance of single, bright yellow flowers from early to late summer.

#5....\$18.50

Potentilla fruticosa ‘Kathryn Dykes’

Potentilla, Kathryn Dykes

Mature Height: 2-3' **AKA:Dasiphora fruticosa ‘Kathryn Dykes’**
 Mature Spread: 3-4' Water Requirement: Low Flower Color: Pale Yellow
 Hardy To: 10,000' Exposure: Sun Flower Season: Early to Late Summer
 A loose rounded shrub with slender, sprawling branches and pale green oblong leaflets beneath a flurry of single, creamy yellow flowers from early to late summer.

#5....\$18.50

Potentilla fruticosa ‘Klondike’

Potentilla, Klondike

Mature Height: 2-3' **AKA:Dasiphora fruticosa ‘Klondike’**
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Yellow
 Hardy To: 10,000' Exposure: Sun Flower Season: Early to Late Summer
 A dense shrub with a compact, rounded habit producing single, bright yellow flowers throughout the summer on slender stems covered by deep green foliage.

#5....\$18.50

Potentilla fruticosa Mango Tango

Potentilla, Mango Tango

Mature Height: 18-24" **AKA:Dasiphora fruticosa ‘UMan’**
 Mature Spread: 18-24" Water Requirement: Low Flower Color: Yellow/Orange
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Late Summer
 A low mounding shrub with medium green foliage divided into oblong leaflets. Profuse single blossoms are rich yellow with orange-red radiating out from the centers. Color is most intense in cooler weather, and when the flowers are newly opened.

#3 Re-Wholesale....\$36.00 #5 Re-Wholesale....\$51.50

Potentilla fruticosa ‘McKay’s White’

Potentilla, McKay’s White

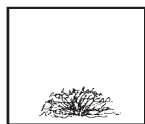

Mature Height: 2-3' **AKA:Dasiphora fruticosa ‘McKay’s White’**
 Mature Spread: 2-3' Water Requirement: Low Flower Color: White
 Hardy To: 8,500' Exposure: Sun Flower Season: Early Summer
 Single white flowers rest on a bed of light green oblong leaflets along arching branches during early summer and sporadically through the summer to form a rounded, mounding shrub.

#5....\$18.50

Potentilla fruticosa ‘Pink Beauty’

Potentilla, Pink Beauty

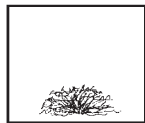

Mature Height: 2-3' **AKA:Dasiphora fruticosa ‘Pink Beauty’**
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Pink
 Hardy To: 10,000' Exposure: Sun Flower Season: Early Summer
 A 1994 introduction from the University of Manitoba, it has bright green bushy foliage and clear pink flowers on a compact rounded form. Flowers will hold their color well except when nights are very warm at which time they will fade.

#5....\$19.75

Potentilla fruticosa 'Red Ace'

Potentilla, Red Ace

Mature Height: 2-3'

AKA: *Dasiphora fruticosa* 'Red Ace'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Red to Orange

Hardy To: 8,500'

Exposure: Sun

Flower Season: Spring to Fall

Bright green, deeply lobed foliage covers slender stems to form a rounded, compact shrub. Reddish-orange flowers fade to orange-yellow under bright sun, resulting in a plant with a range of flower colors from spring to fall.

#2 Re-Wholesale....\$30.95 #5 Re-Wholesale....\$44.95

Potentilla fruticosa 'Sutter's Gold'

Potentilla, Sutter's Gold

Mature Height: 1-2'

AKA: *Dasiphora fruticosa* 'Sutter's Gold'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

A low mounding shrub with pale green foliage divided into oblong leaflets hosting large, single, yellow flowers from early to late summer.

#5....\$18.50

Potentilla fruticosa 'Tangerine'

Potentilla, Tangerine

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow/Orange

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

A low mounding shrub with medium green foliage divided into oblong leaflets. Profuse single blossoms are rich yellow with a coppery orange flush. The color is most intense in cooler weather, and when the flowers are newly opened.

#2 Re-Wholesale....\$30.95

Potentilla fruticosa 'Yellow Gem'

Potentilla, Yellow Gem

Mature Height: 1-2'

AKA: *Dasiphora fruticosa* 'Yellow Gem'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring to Fall

A low, spreading shrub with gray-green foliage divided into oblong leaflets along twigs that are reddish when young. Bright yellow flowers are produced along the outer edges of the shrub from late spring to fall.

#2 Re-Wholesale....\$30.95 #5....\$18.50

Prunus americana

Plum, American

Mature Height: 10-20'

Mature Spread: 8-12'

Water Requirement: Low

Flower Color: White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Spring

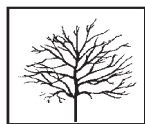

A broad rounded shrub with a suckering habit. Single white flowers in small clusters mingle amongst oblong, dark green leaves. Autumn color is warm yellow. Small reddish plums with yellow flesh ripen from mid to late summer. Self-fertile.

#5....\$26.95 #5 Re-Wholesale....\$33.95

Prunus armeniaca 'Chinese'

Apricot, Sweet Pit Chinese

Mature Height: 20-30'

Mature Spread: 20-30'

Water Requirement: Medium

Flower Color: White to Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce yellow fruit by mid-summer. Late blooming, with frost-resistant buds. Self-pollinating, but yield is improved with a pollinizer.

#10 Re-Wholesale....\$155.00

Prunus avium 'Bing'

Cherry, Bing

Mature Height: 25-30'

Mature Spread: 20-25'

Water Requirement: Medium

Flower Color: White

Hardy To: 6,500'

Exposure: Sun

Flower Season: Early Spring

A large, spreading tree with glossy bark and leaves that are twice the size of those on sour cherries. Produces single, white blossoms in early spring that develop into large, sweet cherries with dark red to purplish skin. Needs a pollinizer.

#10 Re-Wholesale....\$115.00

Prunus avium 'Lapins' Semi-dwarf

Cherry, Lapins Semi-dwarf

Mature Height: 12-15'

Mature Spread: 10-15'

Hardy To: 6,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pinkish-White

Flower Season: Early Spring

A semi-dwarf, upright tree with glossy bark and leaves twice the size of those on sour cherries. Produces single, pinkish-white blossoms in early spring that develop into large, sweet cherries with dark red skin. Self-pollinating.

#10 Re-Wholesale....\$115.00

Prunus × cistena

Plum, Purple Leaf

Mature Height: 6-8'

Mature Spread: 4-6'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pale Pink

Flower Season: Mid- Spring

Oval leaves emerging red turn purplish-red as they mature on erect stems sprinkled with small pale pink to white flowers borne in mid-spring. Forms an upright rounded shrub.

#5....\$26.95 #5 Re-Wholesale....\$51.50

Prunus × cistena DARKSTAR®

Plum, DARKSTAR® Purple Leaf

Mature Height: 4-5'

Mature Spread: 3-4'

Hardy To: 8,500'

AKA:Prunus x cistena 'UCONNPC001'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pale Pink

Flower Season: Mid- Spring

PP29,575

A compact form of Cistena plum, with reddish-purple foliage on erect stems, sprinkled with small pale pink to white flowers borne in mid-spring. Forms an upright rounded shrub.

#2 Re-Wholesale....\$32.95

Prunus × domestica 'Italian Prune' Semi-dwarf

Plum, Italian Prune Semi-dwarf

Mature Height: 10-15'

Mature Spread: 10-15'

Hardy To: 6,500'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: White

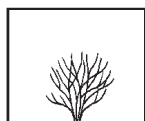

Flower Season: Spring

A European hybrid with rounded habit producing single, white flowers in mid- spring. Large prune-type fruits with bluish-purple skin and sweet, yellow flesh mature in late summer. Mostly self-fertile, but fruit set can be enhanced with a pollinator. Grafted to a semi-dwarfing rootstock.

#10 Re-Wholesale....\$115.00

Prunus glandulosa 'Rosea Plena'

Almond, Pink Flowering

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

Flower Season: Early Spring

Double (occasionally single) soft pink flowers cover erect stems in early spring prior to the emergence of the light green, oblong leaves, creating an upright, rounded shrub.

#5 Re-Wholesale....\$51.50

Prunus persica 'Contender' Standard

Peach, Contender Standard

Mature Height: 15-25'

Mature Spread: 10-15'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

Flower Season: Early Spring

Large, willow-like leaves on green twigs cover a stout tree with an upright to spreading habit. Pink to white flowers bloom in early spring, followed by medium, freestone, juicy fruit with a red blush and yellow flesh. Self fertile.

#10 Re-Wholesale....\$155.00

Prunus persica 'Elberta' Semi-dwarf

Peach, Elberta Semi-dwarf

Mature Height: 10-15'

Mature Spread: 10-12'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White to Pink

Flower Season: Early Spring

Large, willow-like leaves on green twigs cover a stout tree with an upright to spreading habit. Pink to white flowers bloom in early spring, followed by large, freestone, juicy fruit with a red blush and yellow flesh. Elberta on semi-dwarfing rootstock will grow to 15' tall. Self-fertile.

#10 Re-Wholesale....\$135.00

Prunus persica 'Giant Elberta' Semi-dwarf

Peach, Giant Elberta Semi-dwarf

Mature Height: 12-15'

Mature Spread: 10-15'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White to Pink

Flower Season: Early Spring

Large, willow-like leaves on green twigs cover a stout tree with an upright to spreading habit. Pink to white flowers bloom in early spring, followed by large, freestone, juicy fruit with a red blush and yellow flesh. Grafted on a semi-dwarfing rootstock. Self-fertile.

#10 Re-Wholesale....\$135.00

Prunus persica 'Gleason Early Elberta' Semi-dwarf

Peach, Gleason Early Elberta Semi Dwarf

Mature Height: 10-15'

Mature Spread: 8-12'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White to Pink

Flower Season: Early Spring

Large, willow-like leaves on green twigs cover a stout tree with an upright to spreading habit. Pink to white flowers bloom in early spring, followed by large, freestone, juicy fruit with a golden color and little to no blush. Grafted to a semi-dwarfing rootstock. Self fertile.

#10 Re-Wholesale....\$135.00

Prunus pumila besseyi

Cherry, Western Sand

Mature Height: 4-7'

Mature Spread: 4-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Late Spring

Grayish-green, oval leaves on spreading, upright branches form a rounded shrub with profuse, loosely grouped, pure white, single flowers during late spring followed by globular, purplish-black fruit in late summer. Fall foliage is reddish.

#5....\$19.75

Prunus pumila besseyi PAWNEE BUTTES®

2000 Plant Select

Cherry, Creeping Western Sand

Mature Height: 15-30"

Mature Spread: 4-6'

Hardy To: 9,000'

AKA:Prunus pumila var. besseyi 'P011S'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Spring

A graceful, ground covering form of our native sand cherry. Lustrous, green leaves turn bright red and purple in autumn. Fragrant white flowers in April produce black fruit that attracts wildlife.

#5....\$25.50

Prunus x salicina 'Santa Rosa'

Plum, Santa Rosa

Mature Height: 20-30'

Mature Spread: 20-30'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Spring

Upright growing branches with gray bark produce white flowers in spring. Large fruits have purplish-red skin with light dots and yellow flesh. Santa Rosa is partially self-fertile, but pollination is improved if planted with another Japanese plum cultivar.

#10 Re-Wholesale....\$115.00

Prunus tenella

Almond, Dwarf Russian

Mature Height: 2-5'
 Mature Spread: 2-4' Water Requirement: Low Flower Color: Pink
 Hardy To: 6,000' Exposure: Sun Flower Season: Early to Mid-Spring
 Reddish-brown stems with glossy, dark green leaves create a low, irregular suckering shrub. Intense pink to red flowers are produced from buds on the previous year's growth.

#5....\$19.75 #5 Re-Wholesale....\$56.95

Prunus tomentosa

Cherry, Nanking

Mature Height: 6-10'
 Mature Spread: 6-12' Water Requirement: Low Flower Color: White
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Mid-Spring
 A broad, upright spreading shrub with slender branches and peeling bark. Finely toothed, elliptic leaves are fuzzy and dark green. Small, pinkish buds open to white, fragrant flowers followed by small, bright red edible cherries.

#5....\$19.75 #5 Re-Wholesale....\$44.95

Prunus virginiana melanocarpa

Chokecherry, Native

Mature Height: 8-20'
 Mature Spread: 8-12' Water Requirement: Low Flower Color: White
 Hardy To: 10,000' Exposure: Sun to Filtered Shade Flower Season: Mid-Spring
 An irregular rounded shrub that suckers to form thick colonies. Broadly elliptic leaves are shiny dark green. Long drooping clusters of small white flowers in mid-spring produce globular, reddish fruit changing to purple from mid to late summer. Can be pruned to a tree form. Self-fertile.

#5....\$26.95

Prunus virginiana 'Schubert'

Chokecherry, Schubert or Canada Red

Mature Height: 20-30'
 Mature Spread: 15-25' Water Requirement: Low Flower Color: White
 Hardy To: 9,000' Exposure: Sun Flower Season: Spring
 A pyramidal rounded, suckering tree or large shrub with dense, slender branches. Elliptic leaves emerge rich green becoming burgundy as they mature. Narrow clusters of small flowers are produced during spring followed by purplish-red fruit in summer. Self-fertile.

#5....\$25.50

Pyracantha angustifolia GNOME®

Firethorn, GNOME®

Mature Height: 4-6' **AKA:Pyracantha angustifolia 'Gnozam'**
 Mature Spread: 4-6' Water Requirement: Low Flower Color: White
 Hardy To: 6,000' Exposure: Sun to Filtered Shade Flower Season: Late Spring
 A globular shrub with dense, thorny branches and dark evergreen, narrow, oval leaves. Domed clusters of single, white flowers in late spring are followed by tight clusters of orange berries that persist through winter.

#5 Re-Wholesale....\$51.50

Pyracantha angustifolia 'YUKON BELLE'®

Firethorn, YUKON BELLE®

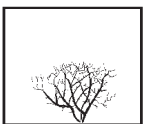

Mature Height: 8-10' **AKA:Pyracantha angustifolia 'Monon'**
 Mature Spread: 6-8' Water Requirement: Low Flower Color: White
 Hardy To: 6,000' Exposure: Sun to Filtered Shade Flower Season: Spring
 A large shrub with dense, thorny branches and dark green narrow, oval leaves. Produces clusters of single, white flowers in late spring, followed by large clusters of showy orange berries that persist through the winter.

#5 Re-Wholesale....\$56.95 #5 espalier Re-Wholesale....\$137.95

Pyracantha coccinea 'Lowboy'

Firethorn, Lowboy

Mature Height: 2-3'
 Mature Spread: 6-8' Water Requirement: Low Flower Color: White
 Hardy To: 6,000' Exposure: Sun to Filtered Shade Flower Season: Late Spring
 An irregular, low-spreading broadleaf evergreen with spiny, stiff branches covered by slender, oval, dark green leaves. Small clusters of white flowers during late spring become fleshy, reddish-orange berries in late summer.

#5 Re-Wholesale....\$51.50

Pyracantha coccinea 'Wyatti'

Firethorn, Wyatt

Mature Height: 6-8'

Mature Spread: 4-6'

Hardy To: 6,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: White

Flower Season: Late Spring

An irregular, upright rounded broadleaf evergreen with spiny, stiff branches covered by slender, oval, dark green leaves. Small clusters of white flowers during late spring become fleshy, reddish-orange berries in late summer.

#5 Re-Wholesale....\$51.50

Pyrus communis 'Bartlett' Semi-dwarf

Pear, Bartlett Semi-dwarf

Mature Height: 10-15'

Mature Spread: 8-12'

Hardy To: 7,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

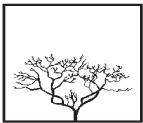

Flower Season: Spring

An upright oval tree with stout branches and "spurs" that produce clusters of white flowers in the spring. Large, green-skinned fruits ripen to yellow with a red blush in late summer. Needs a pollinizer. Grafted to a semi-dwarfing rootstock.

#10 Re-Wholesale....\$115.00

Quercus gambelii

Oak, Gambel

Mature Height: 8-20'

Mature Spread: 6-12'

Hardy To: 9,000'

Water Requirement: Very Low

Exposure: Sun to Filtered Shade

Flower Color: N/A

Flower Season: N/A

A large shrub or small tree often occurring in dense thickets of stout, irregularly spreading branches. Shiny, dark green leaves have rounded lobes of irregular depths, sometimes nearly dipping back to the midrib. Tan acorns with a scaly cap develop in the summer.

#5....\$25.50 #5 Re-Wholesale....\$56.95 #10 Re-Wholesale....\$155.00 #15 Re-Wholesale....\$195.00

Rhododendron 'Cunningham's White'

Rhododendron, White

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 6,000'

Water Requirement: High

Exposure: Shade

Flower Color: White

Flower Season: Mid to Late Spring

An upright, rounded broadleaf evergreen with large oblong leaves, glossy dark green in color. White, bell-shaped flowers with pale lavender and brown markings bloom in large clusters during mid to late spring.

#5 Re-Wholesale....\$68.95

Rhododendron 'Golden Lights'

Azalea, Golden Lights

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 7,500'

Water Requirement: High

Exposure: Filtered Shade to Shade

Flower Color: Golden Yellow

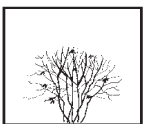

Flower Season: Mid- to Late Spring

A dense rounded crown accented by funnel-like, golden yellow flowers with a spicy scent during mid- to late spring. Bright green, oblong, deciduous leaves change to coppery red in fall.

#2 Re-Wholesale....\$46.95

Rhododendron 'Lemon Lights'

Azalea, Lemon Lights

Mature Height: 4-5'

Mature Spread: 3-4'

Hardy To: 7,500'

Water Requirement: High

Exposure: Filtered Shade to Shade

Flower Color: Golden Yellow

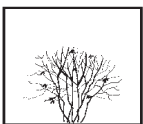

Flower Season: Mid- to Late Spring

A dense rounded crown accented by funnel-like, golden yellow flowers with a spicy scent during mid- to late spring. Bright green, oblong, deciduous leaves change to reddish bronze in fall.

#2 Re-Wholesale....\$46.95

Rhododendron 'Lilac Lights'

Azalea, Lilac Lights

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 7,500'

Water Requirement: High

Exposure: Filtered Shade to Shade

Flower Color: Lilac

Flower Season: Mid- to Late Spring

A dense rounded crown accented by showy, deep-lilac colored flowers with a spicy scent during mid- to late spring. Bright green, oblong, deciduous leaves turn light yellow in fall. The flower buds form in late summer and can survive winter temperatures to -45 degrees Fahrenheit.

#2 Re-Wholesale....\$46.95

Rhododendron 'Nova Zembla'

Rhododendron, Red

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: High Flower Color: Rose Red
 Hardy To: 7,000' Exposure: Filtered Shade to Shade Flower Season: Mid to Late Spring
 Large, trumpet-like, deep red flowers decorate this upright, rounded, rhododendron during mid to late spring. Rich green, oblong leaves become bronze red in fall.

#3 Re-Wholesale....\$61.95 #5 Re-Wholesale....\$68.95

Rhododendron 'P.J.M.'

Rhododendron, Lavender

Mature Height: 3-4'
 Mature Spread: 3-4' Water Requirement: High Flower Color: Lavender
 Hardy To: 7,500' Exposure: Shade Flower Season: Mid-Spring
 A compact, rounded broadleaf evergreen with small, narrow, elliptic leaves, glossy dark green in color becoming maroon through the winter. A mass of brilliant lavender-pink, bell-shaped flowers appear in mid-spring.

#5 Re-Wholesale....\$68.95

Rhododendron 'Ramapo'

Rhododendron, Dwarf Violet

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: High Flower Color: Violet Purple
 Hardy To: 7,000' Exposure: Shade Flower Season: Mid-Spring
 Myriads of vibrant, violet purple, cup-like flowers nestle into a compact mound of small, oval, dark green leaves during mid-spring. Foliage turns purplish-bronze in the winter.

#5 Re-Wholesale....\$68.95

Rhododendron 'Roseum Elegans'

Rhododendron, Pink

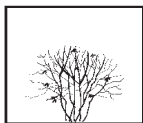

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: High Flower Color: Rose Pink
 Hardy To: 6,500' Exposure: Shade Flower Season: Mid to Late Spring
 Heavy clusters of bell-shaped, rose-pink flowers during mid to late spring compliment an upright rounded broadleaf evergreen consisting of erect, arching stems clothed by large, oblong, light green leaves turning to rosy red in winter.

#5 Re-Wholesale....\$68.95

Rhododendron 'White Lights'

Azalea, White Lights

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: High Flower Color: Pinkish-White
 Hardy To: 7,500' Exposure: Filtered Shade to Shade Flower Season: Mid- to Late Spring
 A deciduous shrub with a thick, rounded crown smothered by large, pink-tinged, white, trumpet-like flowers in mid- to late spring. Rich green oblong leaves turn coppery red in autumn.

#2 Re-Wholesale....\$46.95

Rhus aromatica 'Gro-Low'

Sumac, Dwarf Fragrant

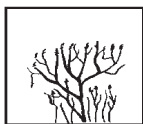

Mature Height: 2-3'
 Mature Spread: 6-8' Water Requirement: Low Flower Color: Yellow
 Hardy To: 8,500' Exposure: Sun Flower Season: Early Spring
 A broad, spreading shrub with sprawling branches covered by glossy, dark green 3-lobed leaves that turn warm shades of yellow to red in autumn. Compact spikes of small, yellow flowers in spring produce velvety, red fruit in mid-summer.

#5....\$25.50 #5 Re-Wholesale....\$41.50

Rhus glabra

Sumac, Smooth

Mature Height: 8-15'
 Mature Spread: 8-10' Water Requirement: Low Flower Color: Greenish-Yellow
 Hardy To: 8,500' Exposure: Sun Flower Season: Early Summer
 Thick, smooth branches form an open irregular crown with a suckering habit. Long, rich green, pinnate leaves change to yellows, oranges and reds in fall. Clusters of flowers produce velvety red fruit in late summer.

#5....\$19.75

Rhus glabra cismontana

Sumac, Rocky Mountain

Mature Height: 2-8'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Creamy Yellow

Hardy To: 10,000'

Exposure: Sun to Filtered Shade

Flower Season: Early Summer

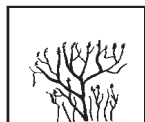

An open, rounded shrub suckering into colonies. Large, oblong leaflets form bright green leaves turning yellow to crimson red in autumn. Pyramidal clusters of small creamy yellow flowers produce velvety dark red fruit in late summer. Height is dependant on site and irrigation.

#5....\$25.50

Rhus glabra 'Laciniata'

Sumac, Cutleaf Smooth

Mature Height: 8-15'

Mature Spread: 8-10'

Water Requirement: Low

Flower Color: Greenish-Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Spring

Essentially identical in habit to the standard smooth sumac, this plant differs in that the leaflets are finely divided, giving the plant a delicate, lacy appearance. Clusters of flowers produce velvety red fruit in late summer.

#5....\$25.50

Rhus trilobata

Sumac, Three-Leaf

Mature Height: 3-8'

Mature Spread: 3-6'

Water Requirement: Very Low

Flower Color: Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early Spring

Glossy, dark green leaves separated into three leaflets can become fiery red in fall. Rigid arching branches develop into a dense, round shrub with tiny clusters of yellow flowers.

#5....\$19.75

Rhus trilobata 'Autumn Amber'

Sumac, Creeping Three-Leaf

Mature Height: 12-18"

Mature Spread: 6-10'

Water Requirement: Very Low

Flower Color: Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early Spring

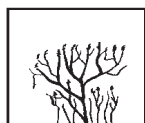

Glossy, dark green leaves separated into three leaflets can become fiery red in fall. Prostrate branches hug the ground to form a very low, spreading shrub with brilliant fall color.

#5....\$25.50

Rhus typhina

Sumac, Staghorn

Mature Height: 10-25'

Mature Spread: 10-15'

Water Requirement: Low

Flower Color: Greenish-Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early Summer

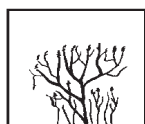

A colonizing shrub or small tree with thick branches covered by felt-like hair on new growth. Large bright green, oblong leaflets turn striking shades of red during fall. Velvety red fruit develops in pyramidal clusters after the flowers.

#5....\$19.75

Rhus typhina 'Dissecta'

Sumac, Cutleaf Staghorn

Mature Height: 6-8'

Mature Spread: 6-8'

Water Requirement: Low

Flower Color: Greenish-Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Spring

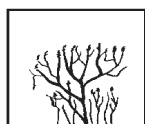

Finely dissected, oblong leaflets form bright green leaves changing to warm shades during autumn. The coarse suckering branching habit creates a thick colony with clusters of greenish flowers followed by velvety red berries in late summer.

#5....\$25.50

Rhus typhina TIGER EYES®

Sumac, TIGER EYES® Staghorn

Mature Height: 6-8'

Mature Spread: 6-8'

AKA:Rhus typhina 'Bailtiger'

Water Requirement: Low

Flower Color: Greenish-Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Spring

Finely dissected, bright yellow leaves through the summer add orange and red shades during autumn. The coarse suckering branching habit creates a thick colony with clusters of greenish flowers followed by velvety red berries in late summer.

#3....\$27.50

#5 Re-Wholesale....\$61.75

Ribes alpinum

Currant, Alpine

Mature Height: 3-6'

Mature Spread: 3-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-Green

Flower Season: Mid-Spring

Small, blunt lobed, rounded leaves with a rich green color, covering slender branches create a globular shrub. Open clusters of insignificant yellowish-green flowers produce sparse, red, mealy fruits from early to mid-summer.

#5....\$19.75

Ribes alpinum 'Green Mound'

Currant, Green Mound

Mature Height: 3-4'

Mature Spread: 2-3'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-Green

Flower Season: Mid-Spring

Rich, glossy green leaves with rounded lobes cover slender, straw-colored branches, creating a densely rounded shrub. A male cultivar that produces clusters of insignificant, yellowish-green flowers but no fruit.

#5....\$19.75

Ribes aureum

Currant, Yellow Flowering

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Late Spring

A broad, rounded shrub. Small, bright yellow flowers with a clove scent are disbursed among pale green, rounded, three-lobed leaves during late spring. Produces pea-sized, purplish-black fruit in mid to late summer. Foliage turns a translucent red in the fall.

#5....\$18.50

Ribes aureum 'Gwen's Buffalo'

Currant, Gwen's Buffalo

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Late Spring

A broad, rounded shrub. Small, bright yellow flowers with a clove scent are disbursed among pale green, rounded, three-lobed leaves during late spring. Produces pea-sized, purplish-black fruit in mid to late summer. Foliage turns a translucent red in the fall. Selected for higher fruit production.

#5 Re-Wholesale....\$39.95

Ribes cereum

Currant, Wax

Mature Height: 2-4'

Mature Spread: 2-4'

Hardy To: 11,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Greenish-White

Flower Season: Late Spring

Dense branches flaring outward form a compact rounded shrub framing rounded, shallowly lobed, waxy leaves with a grayish-green color. Bright red, marble-like berries are produced in late summer.

#5....\$26.95

Ribes odoratum 'Crandall'

Currant, Crandall Clove

Mature Height: 3-5'

Mature Spread: 5-10'

Hardy To: 8,000'

AKA: *Ribes aureum* var. *villosum* 'Crandall'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Late Spring

A broad, rounded shrub. Small, bright yellow flowers with a clove scent bloom among bluish-green, rounded, lobed leaves during late spring. Produces pea to marble-sized, purplish-black edible fruit in mid to late summer. Foliage turns yellow with some red in the fall. Self-fertile.

#5....\$25.50

Ribes rubrum 'Red Lake'

Currant, Red Lake

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Mid-Spring

Irregular, slender spreading branches form a rounded shrub. Strands of self-fertile, white flowers appear in mid-spring followed by small, bright red edible berries in loose clusters amongst dull green, rounded, blunt-lobed leaves.

#5....\$19.75

Ribes sanguineum 'King Edward VII'

Currant, Red Flowering

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 6,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Red

Flower Season: Spring

Dark green, rounded leaves adorn slender branches. Panicles of red flowers appear in early spring, before the leaves emerge. Dark blue, edible fruits with a silvery waxy coating develop in the summer and persist into winter. Self-fertile.

#5....\$19.75

Ribes uva-crispa 'Pixwell'

Gooseberry, Pixwell

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pale Green

Flower Season: Mid-Spring

A dense, spreading shrub with arching branches. Rounded, blunt-lobed leaves are dull dark green. Self-fertile, pale green to purplish flowers borne in mid-spring produce plump, light green to rosy red edible fruit maturing during mid-summer.

#5....\$19.75

Rosa 'Belle Poitevine'

Rose, Belle Poitevine

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Lilac-Pink

Flower Season: Early to Late Summer

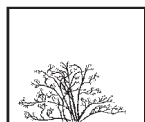

Thick branches with coarse prickles bow outward to form a broad rounded shrub. Bears large, semi-double, lilac-pink flowers over rounded, dark green leaflets. An occasional repeat bloomer later in the summer. Forms huge, globular, mahogany-red hips in late summer. Rugosa hybrid.

#5....\$26.95

Rosa 'Blanc Double De Coubert'

Rose, Blanc Double de Coubert

Mature Height: 5-7'

Mature Spread: 4-6'

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Early to Late Summer

Rich green leaflets on upright, arching branches form an irregularly rounded to flat-topped shrub. Fragrant, white, semi-double flowers appear in early summer, with occasional repeat blooming later in the season. Blackish hips ripen in late summer. Rugosa hybrid.

#5....\$26.95

Rosa BONICA®

Rose, BONICA®

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 8,500'

AKA:Rosa 'Meidomonac'

Water Requirement: Low

Exposure: Sun

Flower Color: Pastel Pink

Flower Season: Early to Late Summer

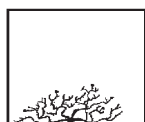

Double flowers are pastel pink accenting a compact rounded shrub. Stout, sparsely prickled branches are clothed by rich green leaves composed of small, rounded leaflets. Blooms in flushes throughout the season. A shrub rose in the Meidiland series.

#5....\$26.95

Rosa CARAMBA™

Rose, CARAMBA™

Mature Height: 2'

Mature Spread: 2-3'

Hardy To: 7,000'

AKA:Rosa 'Tanabamar'

Water Requirement: Medium

Exposure: Sun

Flower Color: Orange-Red/Yellow

Flower Season: Early to Late Summer

Low growing branches with rich green, rounded leaflets create a low, spreading shrub. Orange-red blossoms with yellow centers bloom throughout the summer. Shrub rose.

#2 Re-Wholesale....\$41.50

Rosa CAREFREE SUNSHINE™

Rose, CAREFREE SUNSHINE™

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 7,000'

AKA:Rosa 'Radsun'

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Late Spring to Fall

Rich green leaflets on upright, arching branches form a rounded shrub. Sprays of semi-double flowers are bright yellow and bloom from late spring to fall. Shrub rose.

#5 Re-Wholesale....\$44.95

Rosa 'Champlain'

Rose, Champlain

Mature Height: 3-4'
 Mature Spread: 2-4' Water Requirement: Medium Flower Color: Cherry Red
 Hardy To: 8,000' Exposure: Sun Flower Season: Spring to Late Summer
 Lightly fragrant, semi-double flowers with velvety, cherry red petals bloom early summer over the rich green foliage. Orange hips develop and are held on the prickly, spreading branches into the winter. Occasional repeat blooming later in the season. A kordesii shrub rose.
 #5 Re-Wholesale....\$44.95

Rosa Climbing 'Blaze'

Rose, Climbing Blaze

Mature Height: 10-12' **AKA:Rosa 'Blaze'**
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: Red
 Hardy To: 7,000' Exposure: Sun Flower Season: Summer
 Vigorous canes with dark green leaves grow to 12' tall when given the support of a trellis or other structure. Produces fragrant clusters of brilliant red, semi-double blossoms continuously throughout the growing season. Climbing rose.
 #5 Re-Wholesale....\$56.95

Rosa Climbing 'Don Juan'

Rose, Climbing Don Juan

Mature Height: 8-15' **AKA:Rosa 'Don Juan'**
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: Red
 Hardy To: 7,000' Exposure: Sun Flower Season: Summer
 Vigorous canes with dark green leaves grow to 15' tall if given the support of a trellis or other structure. Produces clusters of highly fragrant, dark red, double blossoms in flushes throughout the growing season. Climbing rose.
 #5 Re-Wholesale....\$56.95

Rosa Climbing 'Golden Showers'

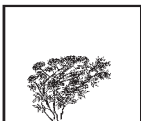

Rose, Climbing Golden Showers

Mature Height: 8-10' **AKA:Rosa 'Golden Showers'**
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: Yellow
 Hardy To: 7,000' Exposure: Sun Flower Season: Summer
 Vigorous canes with dark green leaves grow to 10' tall when given the support of a trellis or other structure. Produces fragrant clusters of bright yellow, semi-double blossoms in early summer, with occasional repeat later in the season. Climbing rose.
 #5 Re-Wholesale....\$56.95

Rosa 'Climbing Iceberg'

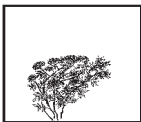

Rose, Climbing Iceberg

Mature Height: 12-14' **AKA:Rosa 'Climbing Schneewittchen'**
 Mature Spread: 8-10' Water Requirement: Medium Flower Color: White
 Hardy To: 7,000' Exposure: Sun Flower Season: Summer
 Vigorous canes with dark green leaves grow to 14' tall when given the support of a trellis or other structure. Produces floribunda-type clusters of mildly fragrant, white, double blossoms in flushes throughout the summer. Blooms on old wood only. Climbing rose.
 #5 Re-Wholesale....\$56.95

Rosa Climbing 'William Baffin'

Rose, Climbing William Baffin

Mature Height: 7-9'
 Mature Spread: Climber Water Requirement: Low Flower Color: Deep Pink
 Hardy To: 9,000' Exposure: Sun Flower Season: Early to Late Summer
 Long canes arch out or climb with support from a central crown. A winter hardy rose with pink flowers in clusters of up to 30 in early summer, with occasional repeat later in the season. Classified as a kordesii shrub rose that can be trained as a climber.
 #5....\$26.95

Rosa FLOWER CARPET® Amber

Rose, FLOWER CARPET® Amber

Mature Height: 24-30' **AKA:Rosa 'NOA97400A'**
 Mature Spread: 24-30" Water Requirement: Medium Flower Color: Amber and Cream-Orange
 Hardy To: 6,000' Exposure: Sun Flower Season: Summer
 Double blossoms with open centers are amber shading to cream-orange and are borne throughout the summer above glossy, dark green foliage with curled leaflets. Grows upright the first year, and changes to a spreading habit in following years. Shrub rose.
 #2 Re-Wholesale....\$41.50

Rosa FLOWER CARPET® Appleblossom

Mature Height: 24-32" **AKA:Rosa 'Noamel'**

Mature Spread: 30-40" Water Requirement: Low

Hardy To: 7,000' Exposure: Sun

Thick, branched canes with strong thorns form a rounded habit that stays compact. Continuous, pastel pink, double blossoms are produced throughout the summer. Flower color may be lighter in mid-summer. Shrub rose.

#2 Re-Wholesale....\$41.50

Rose, FLOWER CARPET® Appleblossom

Rosa FLOWER CARPET® Coral

Mature Height: 18-24" **AKA:Rosa 'Noala'**

Mature Spread: 4-5' Water Requirement: Low

Hardy To: 7,000' Exposure: Sun

Thick, branched canes with strong thorns form a low-growing, spreading rose that is a good groundcover. Coral colored, single blossoms are produced throughout the summer. Shrub rose.

#2 Re-Wholesale....\$41.50

Rose, FLOWER CARPET® Coral

Rose, Red MEIDILAND®

Mature Height: 18-24" **AKA:Rosa 'Meineble'**
 Mature Spread: 4-6' Water Requirement: Low Flower Color: Red
 Hardy To: 7,000' Exposure: Sun Flower Season: Early to Late Summer
 Irregular, prickly branches with rich green, rounded leaflets create a dense bramble. Single red flowers are produced in early summer, with occasional repeat blooms later in the summer. Develops small, orange-red hips in late summer. Shrub rose.

#5 Re-Wholesale....\$44.95

Rosa MEIDILAND® Ruby

Rose, Ruby MEIDILAND®

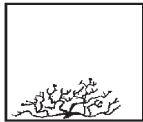

Mature Height: 2-3' **AKA:Rosa 'Meipreston'**
 Mature Spread: 4-5' Water Requirement: Low Flower Color: Ruby Red
 Hardy To: 7,000' Exposure: Sun Flower Season: Early to Late Summer
 A low-growing, spreading shrub rose with stout prickles and dark green leaves with rounded leaflets. Clusters of ruby red, semi-double flowers bloom all summer long.

#5 Re-Wholesale....\$44.95

Rosa MEIDILAND® White

Rose, White MEIDILAND®

Mature Height: 1-2' **AKA:Rosa 'Meicoublan'**
 Mature Spread: 4-6' Water Requirement: Low Flower Color: White
 Hardy To: 7,000' Exposure: Sun Flower Season: Early to Late Summer
 Profuse, double white flowers nestle amongst bright green, rounded leaflets. Blooms in early summer, with occasional repeat later, on an irregular, spreading shrub with trailing branches. Shrub rose.

#5....\$26.95 #5 Re-Wholesale....\$44.95

Rosa 'Morden Centennial'

Rose, Morden Centennial

Mature Height: 3-4'
 Mature Spread: 4-6' Water Requirement: Low Flower Color: Pink
 Hardy To: 9,000' Exposure: Sun Flower Season: Late Spring to Fall
 Large, 4-inch, lightly fragrant pink flowers bloom in late spring with occasional repeat later in the season. May experience some winter dieback, but readily recovers from the crown in spring. Shrub rose.

#5....\$26.95

Rosa 'Morden Sunrise'

Rose, Morden Sunrise

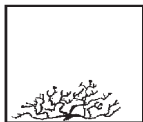

Mature Height: 2-4'
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Orange
 Hardy To: 9,000' Exposure: Sun Flower Season: Late Spring to Fall
 Brilliant orange blossoms with yellow highlights near the base of the petals bloom in late spring, with occasional repeat later in the season. A compact shrub rose that is hardy to zone 3 with minimal winter damage.

#5....\$26.95 #5 Re-Wholesale....\$44.95

Rosa 'Nearly Wild'

Rose, Nearly Wild

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: Low Flower Color: Pink
 Hardy To: 8,500' Exposure: Sun Flower Season: Early to Late Summer
 Prickly spreading branches create a dense mounding to rounded shrub with bright green, rounded leaves blanketed by large, fragrant, single pink flowers that are produced continuously throughout the summer. Floribunda shrub rose.

#5....\$26.95

Rosa RED RIBBONSTM

Rose, RED RIBBONSTM

Mature Height: 2-3'
 Mature Spread: 3-4' Water Requirement: Low Flower Color: Red
 Hardy To: 7,000' Exposure: Sun Flower Season: Late Spring to Fall
 A low, mounding shrub rose with vivid red, double blossoms that bloom from late spring through fall.

#5....\$26.95

Rosa RUBY VOODOOTM

Rose, RUBY VOODOOTM

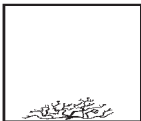

Mature Height: 6-8' **AKA:Rosa 'Jasru'**
 Mature Spread: 5-6' Water Requirement: Low Flower Color: Fuchsia
 Hardy To: 8,000' Exposure: Sun Flower Season: Late Spring to Fall
 A repeat blooming, centifolia-type rose with highly fragrant, fuchsia blossoms in early summer, with occasional repeat later. Forms an upright habit with strong canes. Noted for minimal winter dieback of the canes.

#5 Re-Wholesale....\$51.50

Rosa 'Sea Foam'

Rose, Sea Foam

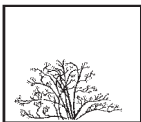

Mature Height: 2-3'
 Mature Spread: 4-6' Water Requirement: Low Flower Color: White
 Hardy To: 6,500' Exposure: Sun Flower Season: Early to Late Summer
 A low spreading shrub with trailing, prickly branches curving upward at the ends. The double white flowers form a contrast to the glossy, dark green foliage. Blooms in flushes throughout the season. Shrub rose.

#5 Re-Wholesale....\$44.95

Rosa Sunrise Sunset

Rose, Sunrise Sunset

Mature Height: 2-3' **AKA:Rosa 'BAIset'**
 Mature Spread: 3-5' Water Requirement: Medium Flower Color: Fuchsia-Pink/Apricot
 Hardy To: 6,500' Exposure: Sun Flower Season: Summer
 A low, spreading rose with rich, blue-green foliage and season-long flowering. The blossoms are plentiful, with petals of fuchsia-pink, shading to apricot at the center. Shrub rose.

#5....\$26.95

Rosa 'The Fairy'

Rose, The Fairy

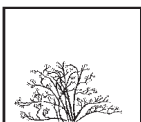

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Light Pink
 Hardy To: 7,000' Exposure: Sun Flower Season: Early to Late Summer
 A compact shrub with a globular habit consisting of slender, fine prickly branches. Has glossy, dark green rounded leaflets smothered by dainty, double, light pink flowers borne continuously through the summer. Polyantha rose.

#5....\$26.95

Rosa 'Therese Bugnet'

Rose, Therese Bugnet

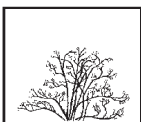

Mature Height: 4-6'
 Mature Spread: 4-6' Water Requirement: Low Flower Color: Pink
 Hardy To: 9,000' Exposure: Sun Flower Season: Early to Late Summer
 Upright, prickly, arching branches create a dense, vase-shaped shrub. Oval, bluish-green leaflets frame the fragrant, double pink flowers which bloom in early summer, followed by dark red hips. Occasional repeat blooms later in the season. Rugosa hybrid.

#5....\$26.95

Rosa Watercolors HOME RUN®

Rose, Watercolors HOME RUN®

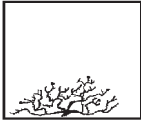

Mature Height: 2-3' **AKA:Rosa 'WEKsolcibarko'** PP28,656
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Pink/Yellow
 Hardy To: 6,000' Exposure: Sun Flower Season: Spring to Fall
 Attractive pinnate leaves emerge on upright, curving canes, create a rounded shrub rose. Clusters of pink buds open to soft pink blossoms, changing color with age to show yellow centers with pink edges to the petals. Blooms from spring to fall.

#5....\$26.95

Rosa ‘Winnipeg Parks’

Rose, Winnipeg Parks

Mature Height: 3-4’

Mature Spread: 3-4’

Hardy To: 9,000’

Water Requirement: Medium

Exposure: Sun

Flower Color: Cherry Red

Flower Season: Summer

A Parkland series release from the Morden Research Station in Canada. A low growing, compact shrub with attractive foliage that is resistant to powdery mildew and black spot. May die back to the crown in the winter. Shrub rose. Blooms early summer, with occasional repeat later in the season.
#5....\$26.95

Rosa woodsii

Rose, Woods’

Mature Height: 3-6’

Mature Spread: 3-6’

Hardy To: 10,000’

Water Requirement: Low

Exposure: Sun

Flower Color: Pink

Flower Season: Early Summer

Dark reddish-brown stems bearing numerous prickles create a loose bramble with rounded, dark green leaflets. Single, pale pink flowers borne during early summer are followed by marble-like, red fruit maturing in late summer. Shrub rose.

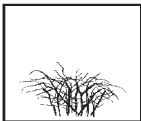

#1....\$12.95

#5....\$18.50

Rubus × ‘Boyne’

Raspberry, Boyne Red

Mature Height: 4-5’

Mature Spread: 3-6’

Hardy To: 8,500’

Water Requirement: Medium

Exposure: Sun

Flower Color: White

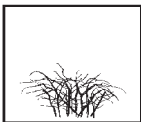

Flower Season: Late Spring to Early Summer

In early summer, small clusters of medium, sweet, fleshy red berries ripen on the previous year’s canes from tiny white flowers. Produces upright canes that hold the developing fruit without the need for a trellis. A florican type that is Colorado-tested.

#1 Re-Wholesale....\$17.95

Rubus ‘Darrow’

Blackberry, Darrow

Mature Height: 4-7’

Mature Spread: 3-5’

Hardy To: 5,500’

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Late Spring

Stout, thorned canes grow upward, then arch out and down to the ground. White flowers are produced in clusters in the second year, developing large, black fruit in mid-summer. Produces best with winter protection. Self-fertile.

#1 Re-Wholesale....\$17.95

Rubus deliciosus

Raspberry, Boulder

Mature Height: 3-6’

Mature Spread: 3-6’

Hardy To: 9,000’

Water Requirement: Low

Exposure: Sun to Shade

Flower Color: White

Flower Season: Late Spring

Slender, thornless, arching branches form a loose, vase-shaped shrub. Rounded, three to five lobed, bright green leaves show off the large, nodding, single white flowers in late spring, producing thimble-like purplish berries during late summer.

#3 Re-Wholesale....\$36.95

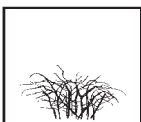

#5....\$26.95

#5 Re-Wholesale....\$51.50

Rubus idaeus ‘Anne’

Raspberry, Anne Yellow

Mature Height: 4-5’

Mature Spread: 3-6’

Hardy To: 8,500’

Water Requirement: Medium

Exposure: Sun

Flower Color: White

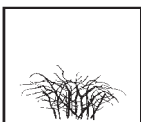

Flower Season: Late Summer to Fall

A primocane (first year) raspberry with dark green, 3-parted leaves on arching canes. Produces large, sweet, yellow fruit on the first year’s growth. Ideal for areas where raspberries do not overwinter easily. A Colorado-tested cultivar that is superior to the older cultivar ‘Indian Summer’.

#1 Re-Wholesale....\$17.95

Rubus idaeus ‘Caroline’

Raspberry, Caroline

Mature Height: 4-6’

Mature Spread: 3-6’

Hardy To: 8,500’

Water Requirement: Medium

Exposure: Sun

Flower Color: White

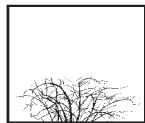

Flower Season: Late Summer to Fall

A primocane (first year) raspberry with dark green, 3-parted leaves on arching canes. Produces large, flavorful fruit from the current year’s growth, making it ideal for areas where raspberries do not overwinter easily. A Colorado-tested cultivar that is superior to the older cultivar ‘Heritage’.

#1 Re-Wholesale....\$17.95

Rubus idaeus 'Fall Gold'

Raspberry, Fall Gold Yellow

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

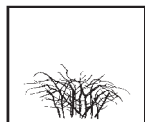

Flower Season: Summer

Dark green leaves with silvery undersides are divided into crinkled, egg-shape leaflets, on erect, spiny canes forming a dense thicket. Small white flowers in clusters during early summer, produce golden yellow berries in late summer.

#1 Re-Wholesale....\$17.95 #6 Re-Wholesale....\$54.00

Rubus idaeus 'Heritage'

Raspberry, Heritage Red

Mature Height: 4-6'

Mature Spread: 3-6'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

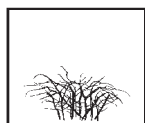

Flower Season: Late Spring to Summer

In early summer, tight, pyramidal clusters of sweet, fleshy, red berries ripen on the previous year's canes from tiny white flowers. A second crop occurs in late summer to fall on the current season's growth. Dark green leaves on spiny canes create a dense thicket.

#1 Re-Wholesale....\$17.95 #2 Re-Wholesale....\$37.50 #6 Re-Wholesale....\$54.00

Rubus idaeus RASPBERRY SHORTCAKE®

Raspberry, RASPBERRY SHORTCAKE®

Mature Height: 30-36"

Mature Spread: 2-5'

Hardy To: 8,000'

AKA:Rubus idaeus 'NR7'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Late Spring to Summer

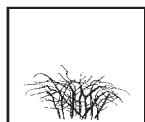

PP22,141

A dwarf raspberry with thornless canes and sweet, pale red berries that ripen on the floricanes (the previous year's new growth) from tiny white flowers. Spreads underground to create a dense thicket covered in three-parted, dark green leaves.

#2 Re-Wholesale....\$39.95

Rubus idaeus 'Willamette'

Raspberry, Willamette Red

Mature Height: 4-6'

Mature Spread: 3-6'

Hardy To: 7,500'

AKA:Rubus idaeus var. strigosus 'Willamette'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

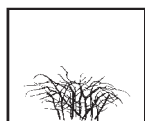

Flower Season: Late Spring to Early Summer

Clusters of flavorful, deep red berries ripen in early through mid-summer on the previous season's wood (floricane). Three-parted leaves cover the many prickly canes, creating dense thickets. May experience more winter dieback outside of the Pacific Northwest.

#1 Re-Wholesale....\$21.50 #6 Re-Wholesale....\$54.00

Rubus occidentalis 'Bristol'

Raspberry, Bristol Black

Mature Height: 3-4'

Mature Spread: 18-24'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

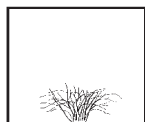

Flower Season: Late Spring and Summer

In early summer, small clusters of large, black fruits are produced on the previous year's canes from tiny white flowers. Dark green leaves on prickly canes create a dense thicket.

#1 Re-Wholesale....\$17.95

Rubus parviflorus

Thimbleberry

Mature Height: 3-5'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Shade

Flower Color: White

Flower Season: Summer

Large, medium green lobed leaves 6-10" wide cover sparsely branched stems that spread from the roots. White flowers are borne in terminal clusters and produce edible, raspberry-like fruits.

#1 Re-Wholesale....\$14.95

Rubus x 'Twilight'

Blackberry, Twilight Thornless

Mature Height: 2-6'

Mature Spread: 3-5'

Hardy To: 5,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Late Spring

Semi-erect, thornless canes arch up, out and down to the ground. White flower clusters are produced mid-spring in the second year, developing large, black, durable fruit in early summer. Produces best with winter protection.

#2 Re-Wholesale....\$32.95

Salix amygdaloides

Willow, Peach Leaf

Mature Height: 30-40'

Mature Spread: 25-30'

Hardy To: 7,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Yellow

Flower Season: Mid to Late Spring

A rapid growing, upright, but often irregular form of willow, having lance-like leaves similar to those of a peach tree. Found along stream beds and lake margins.

#5....\$18.50

Salix arenaria

Willow, Silver Creeping

Mature Height: 1-3'

Mature Spread: 4-6'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

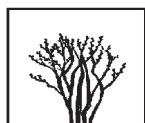

Flower Season: Early Spring

Small, elliptical, grayish-green leaves sparsely cover trailing branches which curve upward at the ends to create an open, spreading shrub. Yellowish-green to gray catkins are borne during early spring.

#5....\$19.75

Salix discolor

Willow, Pussy

Mature Height: 12-20'

Mature Spread: 8-12'

Hardy To: 7,000'

Water Requirement: High

Exposure: Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

Flower Season: Early Spring

An upright, oval, large shrub or multi-stemmed tree with purplish-brown branches. Fuzzy, gray to yellowish-green catkins emerge from the buds before the oblong, bluish-green leaves appear in early spring.

#5....\$18.50

Salix drummondiana

Willow, Drummond

Mature Height: 6-12'

Mature Spread: 6-12'

Hardy To: 10,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: N/A

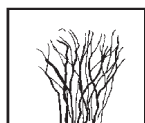

Flower Season: N/A

Drooping, yellowish-green catkins appear in early spring with or before the foliage. The leaves are attractive, with a light green color on the upper surface and silky hairs underneath. Young branches are yellow, turning purplish-brown as they mature.

#5....\$19.75

Salix exigua

Willow, Coyote

Mature Height: 6-12'

Mature Spread: 4-8'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Yellow-Green / Gray Catkins

Flower Season: Early Spring

Slender, arching branches are golden yellow maturing to ashy gray to create an upright shrub. Often forms thickets where moisture is available. Fuzzy catkins hang loosely in early spring before the long, narrow grayish-green leaves appear.

#5....\$18.50

Salix integra 'Hakuro Nishiki'

Willow, Dappled

Mature Height: 5-6'

Mature Spread: 6-8'

Hardy To: 6,000'

Water Requirement: High

Exposure: Sun

Flower Color: N/A

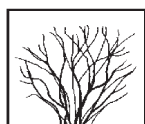

Flower Season: N/A

A shrub-form willow with long, narrow leaves on slender branches. Foliage color is a mixture of green, pink, and white. Young branches can develop rich red color in winter.

#3 Re-Wholesale....\$38.95 #5 Re-Wholesale....\$44.95

Salix irrorata

Willow, Blue Stem

Mature Height: 4-12'

Mature Spread: 4-8'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

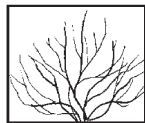

Flower Season: Early Spring

A rounded shrub with upright spreading, silver-blue branches. Yellowish-green to gray catkins are borne prior to the long, linear, glossy rich green leaves in early spring.

#5....\$18.50

Salix monticola

Willow, Yellow Mountain

Mature Height: 8-12'

Mature Spread: 6-8'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Yellow-Green / Gray Catkins

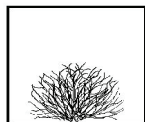

Flower Season: Early Spring

Drooping, yellowish-green to gray catkins appear in early spring before the long, narrow deep green leaves. Loosely arranged, arching, yellow twigs and branches form a broad rounded shrub.

#5....\$18.50

Salix purpurea nana

Willow, Dwarf Arctic

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

Flower Season: Early Spring

A compact, globular shrub with slender purplish-gray branches flaring outward. Long, narrow dull green leaves appear after the yellowish-green to gray catkins are produced in early spring.

#5....\$18.50

Salix purpurea pendula

Willow, Blue Fountain

Mature Height: 8-10'

Mature Spread: 15-20'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

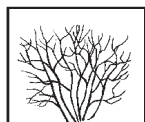

Flower Season: Early Spring

Slender, pliable branches with a purplish-gray color arch gracefully to form a broad, rounded shrub with long, slender pale green leaves.

#5....\$18.50

Sambucus canadensis 'Aurea'

Elder, Golden

Mature Height: 8-12'

Mature Spread: 8-12'

Hardy To: 8,000'

AKA:Sambucus nigra ssp. canadensis

Water Requirement: Medium

Exposure: Sun

Flower Color: White

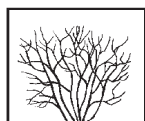

Flower Season: Early Summer

Bright, golden yellow foliage and rigid branches form a broad, rounded shrub with a suckering habit. Loose clusters of tiny white flowers in early summer produce purplish-black berries in late summer.

#5....\$19.75

Sambucus nigra BLACK BEAUTY®

Elder, BLACK BEAUTY®

Mature Height: 8-12'

Mature Spread: 8-10'

Hardy To: 8,000'

AKA:Sambucus nigra 'Gerda'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

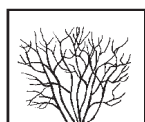

Flower Season: Late Spring to Early Summer

Deep purple leaves that darken through the summer adorn this large shrub with deeply furrowed bark. Huge clusters of tiny pink flowers contrast with the foliage in late spring and early summer, later producing black berries.

#5 Re-Wholesale....\$44.95

Sambucus nigra BLACK LACE®

Elder, BLACK LACE®

Mature Height: 6-10'

Mature Spread: 6-10'

Hardy To: 8,000'

AKA:Sambucus nigra 'Eva'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

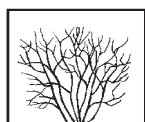

Flower Season: Summer

Finely divided pinnate leaves emerge purple in the spring, turning to dark purple-green through the summer. Large, flattened flower clusters produce pink blossoms in late spring and early summer, with dark, blackish-red berries ripening in late summer. Forms a rounded shrub.

#5 Re-Wholesale....\$61.75

Sambucus pubens

Elder, Native Red Berried

Mature Height: 4-12'

Mature Spread: 6-12'

Hardy To: 10,000'

AKA:Sambucus racemosa var. racemosa

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Creamy White

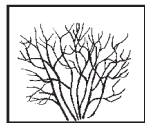

Flower Season: Early Summer

Shiny, bright scarlet red berries ripen in late summer after pyramidal clusters of small, fragrant, creamy white early summer flowers. Lustrous, dark green, oval leaflets on erect spreading stems form a broad, rounded outline. The fruit can cause nausea if eaten raw.

#5....\$25.50

Sambucus racemosa

Elder, European Red

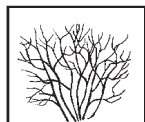

Mature Height: 6-8'
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: White
 Hardy To: 7,500' Exposure: Sun Flower Season: Spring
 Lustrous, dark green, compound leaves accent clusters of white flowers and later, red to scarlet berries. Stout branches form a broad rounded shrub.

#5....\$25.50

Sambucus racemosa LEMONY LACE®

Elder, LEMONY LACE® European Red

Mature Height: 3-5' **AKA:Sambucus racemosa 'SMNSRD4'** PP26,613
 Mature Spread: 3-5' Water Requirement: Medium Flower Color: White
 Hardy To: 8,000' Exposure: Sun Flower Season: Summer
 Finely dissected, pinnate leaves are golden yellow on a strong canes with a rounded habit. Large, flattened flower clusters produce white blooms in late spring and early summer, with red berries ripening in late summer.

#3 Re-Wholesale....\$42.50

Shepherdia argentea

Buffaloberry

Mature Height: 8-15'
 Mature Spread: 6-12' Water Requirement: Very Low Flower Color: Yellowish-White
 Hardy To: 8,500' Exposure: Sun Flower Season: Late Spring
 Stiff, spreading branches with stout spurs create a dense, upright crown often forming thickets. Tiny, yellowish-white flowers over oval, silvery green leaves during late spring produce bright red, pea-sized fruit on female plants in late summer.

#5....\$25.50 #5 Re-Wholesale....\$51.50

Shepherdia argentea 'Totem'

2023 Plant Select

Buffaloberry, SILVER TOTEM™ Co-

Mature Height: 10-15'
 Mature Spread: 2-3' Water Requirement: Very Low Flower Color: Yellowish-White
 Hardy To: 8,500' Exposure: Sun Flower Season: Late Spring
 Stiff, upright branches with stout spurs create a dense, columnar crown. Tiny, yellowish-white flowers hug the stems in early spring before the grey-green, oval leaves appear. A female selection, with bright red fruit in late summer if pollinated.

#5....\$25.50

Sorbaria sorbifolia

Spirea, Ural False

Mature Height: 5-7'
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: White
 Hardy To: 8,500' Exposure: Sun to Filtered Shade Flower Season: Mid- to Late Summer
 A dense colony formed by root suckers with stiff, upright arching branches. Long, feathery light green leaves turn yellow during fall. Large, fleecy spikes of tiny white flowers bloom in mid to late summer.

#5....\$19.75

Sorbaria sorbifolia 'Sem'

Spirea, Compact Ural False

Mature Height: 3-4'
 Mature Spread: 3-4' Water Requirement: Medium Flower Color: White
 Hardy To: 8,500' Exposure: Sun to Filtered Shade Flower Season: Mid- to Late Summer
 A compact form of the species. Textured, pinnate leaves emerge with vivid pink shading, changing to light green in summer, and then yellow in fall. Upright, fleecy panicles of tiny white flowers bloom in mid to late summer at the tips of the branches.

#5....\$25.50

Spiraea betulifolia 'Tor'

Spirea, Birchleaf

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: White
 Hardy To: 7,000' Exposure: Sun Flower Season: Late Spring
 A compact rounded shrub with many slender branches and oblong oval, deep green birch-like leaves. Dense, flat-topped clusters of small white flowers appear in late spring. Fall foliage turns orange and red.

#3 Re-Wholesale....\$42.50 #5....\$25.50 #5 Re-Wholesale....\$53.50

Spiraea fritschiana

Spirea, Korean

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: White, Pink
 Hardy To: 6,500' Exposure: Sun Flower Season: Late Spring
 A rounded, compact shrub with many stems, ending in clusters of white or pale pink blossoms in late spring.

#5....\$25.50 #5 Re-Wholesale....\$44.95

Spiraea × 'Goldmound'

Spirea, Goldmound

Mature Height: 18-24"
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Pale Pink
 Hardy To: 7,500' Exposure: Sun Flower Season: Spring to Summer
 Narrow, egg-shaped leaves emerge creamy yellow becoming greenish-yellow as they age. Thin branches create a dense mound capped by tight, flat-topped clusters of pale pink flowers during early summer.

#5....\$19.75 #5 Re-Wholesale....\$53.50

Spiraea japonica 'Albiflora'

Spirea, Japanese White

Mature Height: 18-24"
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: White
 Hardy To: 7,000' Exposure: Sun Flower Season: Mid- to Late Summer
 A compact rounded shrub with stiff branches clothed by oblong oval, deep green leaves. Dense, flat-topped clusters of small white flowers appear during mid to late summer.

#5....\$25.50

Spiraea japonica 'Alpina'

Spirea, Daphne

Mature Height: 12-18"
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Rose Pink
 Hardy To: 7,000' Exposure: Sun to Filtered Shade Flower Season: Early Summer
 Small, ovate, bluish-green leaves on slender, wiry branches create a tight mound covered by flat topped clusters of dainty, rose pink flowers during early summer. Blooms longer in filtered shade.

#5....\$25.50 #5 Re-Wholesale....\$37.95

Spiraea japonica 'Anthony Waterer'

Spirea, Anthony Waterer

Mature Height: 2-3'
 Mature Spread: 2-4' Water Requirement: Medium Flower Color: Rose Red
 Hardy To: 6,500' Exposure: Sun to Filtered Shade Flower Season: Early Summer
 Slender, twiggly branches produce oblong leaves unfolding purplish-red, becoming dark green as they age. Creates a dense, compact, rounded shrub topped with tight flat-topped clusters of small rose red flowers in early summer.

#5....\$19.75

Spiraea japonica DOUBLE PLAY® Red

Spirea, DOUBLE PLAY® Red

Mature Height: 2-3' **AKA:Spiraea japonica 'SMNSJMFR'** PP26,993
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Red
 Hardy To: 7,500' Exposure: Sun to Filtered Shade Flower Season: Summer
 Slender, twiggly branches produce oblong leaves unfolding burgundy-red, becoming dark green as they age. Creates a dense, compact rounded shrub topped with tight flat-topped clusters of small, rich red flowers in early summer.

#2 Re-Wholesale....\$41.50 #3 Re-Wholesale....\$42.50 #5....\$26.95

 Mature Spread: 3-4' Water Requirement: Medium Flower Color: Red
 Hardy To: 7,500' Exposure: Sun to Filtered Shade Flower Season: Summer
 Slender, twiggy branches produce oblong leaves unfolding burgundy-red, becoming dark green as they age. Creates a dense, compact rounded shrub with tight flat-topped clusters of small, neon red flowers in early summer.

#5....\$25.50

Spiraea japonica 'Shirobana'

Spirea, Shirobana

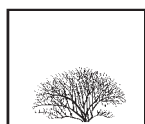

Mature Height: 2-3'
 Mature Spread: 2-3' Water Requirement: Medium Flower Color: Rose, Pink, White
 Hardy To: 6,500' Exposure: Sun Flower Season: Late Spring to Summer
 Narrow, deep green, serrated leaves on finely branched stems create a dark background for the blossoms, with flower colors of white, pink, and deep rose produced on the same plant. Blooms recurrently throughout the summer..

#5....\$25.50

Spiraea nipponica 'Snowmound'

Spirea, Snowmound

Mature Height: 3-5'
 Mature Spread: 3-5' Water Requirement: Medium Flower Color: White
 Hardy To: 8,000' Exposure: Sun to Filtered Shade Flower Season: Late Spring
 Dark brown branches are stiff and slender, bowing outward at the tips to form an upright, rounded shrub. Small clusters of snowy white flowers occur along the stems amongst blue-green, oblong leaves during late spring.

#5....\$19.75

Spiraea thunbergii MELLOW YELLOW™

Spirea, MELLOW YELLOW™

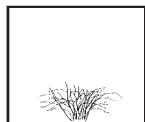

Mature Height: 3-5' **AKA:**Spiraea thunbergii 'Ogon'
 Mature Spread: 3-5' Water Requirement: Low Flower Color: White
 Hardy To: 6,500' Exposure: Sun to Filtered Shade Flower Season: Early Spring
 Narrow leaves on very slender, willowy branches create a low, arching to rounded shrub. Foliage color emerges yellow, changing to greenish-yellow in summer, and russet in the fall.

#3 Re-Wholesale....\$35.95

Spiraea trilobata 'Fairy Queen'

Spirea, Fairy Queen

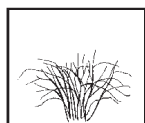

Mature Height: 3-4'
 Mature Spread: 3-4' Water Requirement: Medium Flower Color: White
 Hardy To: 8,000' Exposure: Sun to Filtered Shade Flower Season: Late Spring to Early Summer
 A compact, rounded shrub with an intricate branching structure. Profuse, single white flowers in small domed clusters bloom against circular, three lobed, blue-green leaves from late spring to early summer.

#5....\$25.50 #5 Re-Wholesale....\$49.00

Spiraea × vanhouttei 'Renaissance'

Spirea, Renaissance Vanhoutte

Mature Height: 5-7'
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: White
 Hardy To: 8,000' Exposure: Sun to Filtered Shade Flower Season: Late Spring
 Clusters of single, pure white flowers form along slender, arching stems in late spring to create a broad rounded to vase-shaped shrub with dark blue-green leaves that are noted as disease resistant.

#5....\$25.50

Symphoricarpos albus

Snowberry, White

Mature Height: 3-5'
 Mature Spread: 3-5' Water Requirement: Low Flower Color: White with Pink
 Hardy To: 8,500' Exposure: Sun to Filtered Shade Flower Season: Early Summer
 Erect, spreading branches form a thick shrub bearing oval, blue-green leaves with occasional irregular lobes. Tiny, bell-shaped white flowers with a pink overtone produce snow white, oval to rounded berries persisting into winter.

#5....\$18.50

Symphoricarpos × chenaultii 'Hancock'

Coralberry, Hancock

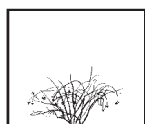

Mature Height: 2-3'
 Mature Spread: 3-6' Water Requirement: Low Flower Color: Pinkish-White
 Hardy To: 7,500' Exposure: Sun to Filtered Shade Flower Season: Early Summer
 Narrow branches sprawling to the ground create a loose, spreading mound showered with dark green, oval to elliptic leaves. Clusters of tiny, trumpet-like, pinkish-white flowers are followed by globular red fruit with white spots.

#5....\$19.75 #5 Re-Wholesale....\$46.95

Symphoricarpos × doorenbosii CANDY™

Snowberry, CANDY™

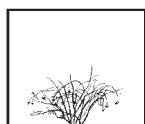

Mature Height: 24-30" **AKA:**Symphoricarpos x doorenbosii 'Kolmcan' PP20,931
 Mature Spread: 30-36" Water Requirement: Low Flower Color: Pink
 Hardy To: 8,500' Exposure: Sun to Filtered Shade Flower Season: Summer
 Arching, brownish-red branches with rounded, dark blue-green leaves create a compact, broad-rounded shrub. Bell-shaped pink flowers bloom from late spring to fall, producing vivid clusters of striking dark pink berries that persist into the winter. Ideal for arranging in floral bouquets.
 #3 Re-Wholesale....\$34.50

Symphoricarpos × doorenbosii 'Magic Berry'

Snowberry, Pink

Mature Height: 30-36"
 Mature Spread: 30-36" Water Requirement: Low Flower Color: Whitish-Pink
 Hardy To: 8,500' Exposure: Sun to Filtered Shade Flower Season: Summer
 Rounded, dark blue-green leaves on arching, brownish-red branches create a broad upright shrub to about 3' tall. Bell-shaped whitish-pink flowers bloom from late spring to fall, producing vivid clusters of hot pink to purplish-red persistent berries. Ideal for floral arrangements.
 #5....\$25.50

#5....\$25.50

Symphoricarpos occidentalis

Snowberry, Western

Mature Height: 3-5'

Mature Spread: 3-5'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pale Pink

Flower Season: Summer

An upright shrub with stiff branches that often suckers densely. Loose spikes of small bell-shaped flowers appear in early summer. Globular green-white berries hang amongst gray-green, egg-shaped leaves.

#1....\$12.95

#5....\$18.50

Symphoricarpos orbiculatus

Coralberry, Red

Mature Height: 3-6'

Mature Spread: 3-6'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Creamy White with Pink

Flower Season: Early Summer

Oval to rounded, dull dark green leaves turn reddish in autumn. Slender, slightly arching branches make a rounded shrub with an open habit. Tiny, cup-shaped, creamy white, then pink flowers produce persistent purplish-red berries.

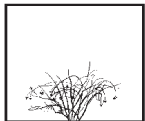

#1....\$12.95

#5....\$18.50

Symphoricarpos oreophilus

Snowberry, Mountain

Mature Height: 2-4'

Mature Spread: 2-4'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pale Pink

Flower Season: Early Summer

Brown, peeling bark on slender, erect, spreading branches create a loose structured shrub with an irregularly rounded outline. Small, funnel-like, pale pink flowers in early summer produce porcelain white berries that ripen in late summer.

#5....\$25.50

Syringa BABY KIM

Lilac, BABY KIM Dwarf

Mature Height: 2-3'

Mature Spread: 30-36"

Hardy To: 8,500'

AKA:Syringa 'SMNSDTP'

Water Requirement: Low

Exposure: Sun

Flower Color: Lavender

Flower Season: Late Spring

PP32,969

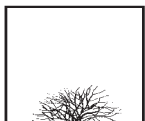

A dense, flat-topped to rounded shrub with thin, arching branches and medium green, pointed leaves with wavy margins. Small clusters of fragrant, dark lavender flowers open in late spring.

#3....\$34.50

Syringa × BLOOMERANG®

Lilac, Purple Reblooming

Mature Height: 4-5'

Mature Spread: 4-5'

Hardy To: 8,500'

AKA:Syringa x 'Penda'

Water Requirement: Low

Exposure: Sun

Flower Color: Lilac Purple

Flower Season: Spring, Mid-Summer to Fall

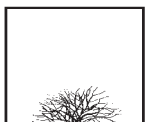

A dense, upright-spreading shrub with slender branches and rounded, small, medium green leaves with wavy margins. Small clusters of fragrant, flowers of lilac-purple occur in late spring, and may rebloom from mid-summer to frost. Dead-heading of spent blooms may encourage repeat blooming.

#3 Re-Wholesale....\$51.95

Syringa × chinensis 'Saugeana'

Lilac, Saugeana Chinese

Mature Height: 8-10'

Mature Spread: 8-10'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Reddish-Purple

Flower Season: Mid-Spring

A dense, rounded shrub with thin bending branches and small light green, narrow, oval leaves. Clusters of fragrant, reddish-purple flowers are darker than the species, and are borne in mid-spring.

#5....\$19.75

Syringa × hyacinthiflora ‘Mount Baker’

Lilac, Hybrid White Single

Mature Height: 8-12’

Mature Spread: 8-12’

Water Requirement: Low

Flower Color: Pure White

Hardy To: 9,000’

Exposure: Sun

Flower Season: Early Spring

Outstanding clusters of single white blossoms in early spring adorn the stout, evenly branched stems. Deep green, sharply pointed heart-shaped leaves clothe the stems, creating a shapely upright, rounded shrub.

#5....\$26.95

Syringa × hyacinthiflora ‘Pocahontas’

Lilac, Hybrid Red Single

Mature Height: 8-12’

Mature Spread: 8-12’

Water Requirement: Low

Flower Color: Reddish-Purple

Hardy To: 9,000’

Exposure: Sun

Flower Season: Late Spring

Profuse reddish-purple flowers in loose, slender clusters in late spring, accent the wide, somewhat cordate, bright green leaves. Erect branches develop into an upright, rounded shrub.

#5....\$26.95

Syringa × josiflexa ‘Royalty’

Lilac, Hybrid Purple Single

Mature Height: 8-12’

Mature Spread: 6-8’

Water Requirement: Low

Flower Color: Violet-Purple

Hardy To: 9,000’

Exposure: Sun

Flower Season: Late Spring

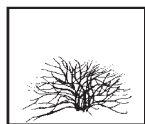

An upright, oval shrub bearing large clusters of violet-purple flowers staged against long, dark green, oval leaves during late spring.

#5....\$26.95

Syringa meyeri ‘Palibin’

Lilac, Dwarf Korean

Mature Height: 4-6’

Mature Spread: 4-6’

Water Requirement: Low

Flower Color: Lavender-Pink

Hardy To: 8,500’

Exposure: Sun

Flower Season: Late Spring

Tight clusters of small, lavender-pink flowers show in late spring against a solid mass of dark green, wavy margined, rounded leaves. Slender branches radiate outward to form a compact rounded to flat-topped shrub.

#5....\$26.95

#7 Re-Wholesale....\$115.00 #10 Re-Wholesale....\$125.00

Syringa meyeri ‘Palibin’ Patio Tree

Lilac, Dwarf Korean Patio Tree

Mature Height: 4-6’

Mature Spread: 4-6’

Water Requirement: Low

Flower Color: Lavender-Pink

Hardy To: 8,500’

Exposure: Sun

Flower Season: Late Spring

Tight clusters of small, lavender-pink flowers show in late spring against a solid mass of dark green, wavy margined, rounded leaves. Slender branches radiate outward to form a compact rounded to flat-topped habit. Grafted onto a standard for a miniature tree form.

Lilac, Common Purple

Mature Height: 10-15’

Mature Spread: 8-12’

Hardy To: 10,000’

Water Requirement: Low

Exposure: Sun

Flower Color: Purple

Flower Season: Mid-Spring

Stout branches form an upright, vase-shaped shrub producing fragrant, purple flowers in large, pyramidal clusters in mid-spring. Leaves are thick and heart-shaped, with a lustrous, blue-green color.

#5....\$19.75

#5 Re-Wholesale....\$41.50

Syringa vulgaris ‘Alba’

Lilac, Common White

Mature Height: 10-20’

Mature Spread: 8-12’

Hardy To: 10,000’

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Mid-Spring

Large, pyramidal clusters of aromatic, pure white flowers are borne in mid-spring. The erect branches clothed by thick, shiny, blue-green leaves create an upright, vase-shaped shrub.

#5....\$19.75

Syringa vulgaris ‘Charles Joly’

Lilac, Double Red French

Mature Height: 8-12’

Mature Spread: 6-8’

Hardy To: 9,000’

Water Requirement: Low

Exposure: Sun

Flower Color: Purplish-Red

Flower Season: Mid to Late Spring

Thick, erect branches create an upright oval shrub displaying crowded clusters of slightly fragrant, double reddish-purple flowers. Foliage is a rich, glossy, dark green.

#5....\$26.95

Syringa vulgaris Ludwig Spaeth

Lilac, Dark Purple

Mature Height: 8-12’

Mature Spread: 6-8’

Hardy To: 9,000’

AKA:Syringa vulgaris ‘Andenken an Ludwig Spath’

Water Requirement: Low

Exposure: Sun

Flower Color: Dark Purple

Flower Season: Mid to Late Spring

A profusion of single deep purple blossoms are borne early in June on the tips of the branches. Forms an upright-rounded shrub with dark green leaves.

#5....\$26.95

Syringa vulgaris ‘Mme. Lemoine’

Lilac, Double White French

Mature Height: 6-12’

Mature Spread: 6-10’

Hardy To: 8,500’

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Spring

An upright, rounded shrub with stiff branches supporting glossy, light green leaves. Large clusters of double, snowy white, fragrant flowers appear during mid- to late spring.

#5....\$19.75

Syringa vulgaris 'Prairie Petite'

Lilac, Single Pink Lavender

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun

Flower Color: Pink-Lavender

Flower Season: Spring

Clusters of single, pink blossoms that fade to lavender are borne in spring over the outside of this dwarf, upright to rounded shrub.

Heptacodium miconioides

Seven-son Flower

Mature Height: 15-20'
 Mature Spread: 8-10' Water Requirement: Medium Flower Color: White
 Hardy To: 5,500' Exposure: Filtered Shade Flower Season: Summer

Grayish twigs maturing to rich brown hold dark green leaves with wavy margins tapering to a long point. Abundant, terminal flower panicles produce many small white flowers opening in late summer. Rose colored sepals persist long after the flowers drop. Forms an open, upright shrub or small tree if pruned.
 5.0'.....\$240.00

Hibiscus syriacus 'Aphrodite' Standard

Althea, Rose-pink w/ Red Standard

Mature Height: 8-10'
 Mature Spread: 6-8' Water Requirement: Medium Flower Color: Rose-Pink
 Hardy To: 6,000' Exposure: Sun Flower Season: Summer

A broad upright shrub with heavily veined, three-lobed diamond shaped leaves of a rich green color fading to pale yellow in autumn. Large, single, rose-pink flowers with a red eye appear in late summer. Grafted to a standard to create a tree form.

2.00".....\$430.00

Koelreuteria paniculata

Goldenrain Tree

Mature Height: 20-30'

Mature Spread: 20-30'

Hardy To: 7,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Summer

Loose, upright clusters of single flowers produce black seeds in papery, lantern-like capsules. Leaves made up of irregularly lobed, ovate leaflets unfold purplish-red, becoming green as they mature. Stiff branches form a broad crown.

Prunus armeniaca 'Chinese' Semi-dwarf

Apricot, Sweet Pit Chinese Semi-Dwarf

Mature Height: 8-15'

Mature Spread: 8-15'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White to Pink

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce yellow fruit by mid-summer. Late blooming, with frost-resistant buds. Self-pollinating, but yield is improved with a pollinizer. Grafted to a semi-dwarfing rootstock.

2.00"....\$385.00

Prunus armeniaca 'Scout'

Apricot, Scout

Mature Height: 12-15'

Mature Spread: 12-15'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Pale Pink

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce light orange fruit in early August. Because of its early bloom time, fruit production may be reduced or prevented by late frosts. Self fertile, but produces better with a pollinator.

Mature Height: 12-15' **AKA:Pinus uncinata**
 Mature Spread: 6-8' Water Requirement: Low Flower Color: N/A
 Hardy To: 7,500' Exposure: Sun to Filtered Shade Flower Season: N/A
 A variety of mugo pine that forms a single stem, giving it a classic, upright pyramidal to rounded form, with an estimated height range of 12 to 15 feet.

4.0'....\$335.00 5.0'....\$400.00 6.0'....\$475.00 7.0'....\$575.00 8.0'....\$615.00

Pinus mugo 'Slowmound'

Pine, Slowmound Mugo

Mature Height: 3-5'
 Mature Spread: 5-7' Water Requirement: Low Flower Color: N/A
 Hardy To: 9,000' Exposure: Sun to Filtered Shade Flower Season: N/A
 A true dwarf mugo that exhibits many desirable characteristics. It requires little or no maintenance to stay reliably compact. Foliage is dense and dark green. Excellent for mass plantings and confined areas.

#3 Re-Wholesale....\$49.95 #6 Re-Wholesale....\$89.95 #10 Re-Wholesale....\$270.00

Pinus mugo 'Tannenbaum'

Pine, Tannenbaum Mugo

Mature Height: 10-15'

Mature Spread: 6-8'

Water Requirement: Low

Flower Color: N/A

Hardy To: 9,000'

Exposure: Sun to Filtered Shade

Flower Season: N/A

A South Dakota State University seedling selection chosen for its compact pyramidal form, good winter color and hardiness.

#6 Re-Wholesale....\$175.00

#10 Re-Wholesale....\$220.00

Pinus mugo 'Valley Cushion'

Pine, Valley Cushion Mugo

Mature Height: 2-3'

Mature Spread: 3-5'

Water Requirement: Low

Flower Color: N/A

Hardy To: 9,000'

Exposure: Sun to Filtered Shade

Flower Season: N/A

A true dwarf mugo that grows wider than tall. It requires little or no maintenance to stay reliably compact. Foliage is dense and dark green, with shorter needles than the species.

#6 Re-Wholesale....\$86.50

Pinus mugo 'White Bud'

Pine, White Bud Mugo

Mature Height: 2-3'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: N/A

Hardy To: 9,000'

Exposure: Sun to Filtered Shade

Flower Season: N/A

An Iseli Nursery selection with a low, mounding habit and dark green foliage. It requires no candle pruning to maintain its small stature. Its name comes from a waxy winter bud coating that contrasts nicely against the deep green needles.

#3 Re-Wholesale....\$49.95

#6 Re-Wholesale....\$89.95

Pinus nigra

Pine, Austrian

Mature Height: 40-60'

Mature Spread: 30-40'

Water Requirement: Low

Flower Color: N/A

Hardy To: 8,000'

Exposure: Sun

Flower Season: N/A

A broad, pyramidal to oval evergreen with thick plated, dark brown bark and wide spreading branches. Moderately long needles are dark, shiny green. Cones are conical and glossy yellowish-brown.

Pinus nigra 'Arnold Sentinel'

Pine, Columnar Austrian

Mature Height: 20-25'

Mature Spread: 5-7'

Water Requirement: Low

Flower Color: N/A

Hardy To: 7,500'

Exposure: Sun

Flower Season: N/A

A compact, slow-growing cultivar with a distinctive, very narrow, columnar form. Needles are long, dark green and slightly twisted. An excellent tree for small lots or restricted areas.

6.0'....\$425.00

Pinus nigra 'Frank'

Pine, Columnar Austrian

Mature Height: 20-25'

Mature Spread: 5-7'

Water Requirement: Low

Flower Color: N/A

Hardy To: 7,500'

Exposure: Sun

Flower Season: N/A

A compact, slow-growing cultivar with a distinctive form of very upright, ascending branches. Needles are long, dark green and slightly twisted. An excellent tree for small lots or restricted areas. Reported to reach 8' in approximately 10 years, and to resist laying out of the branches.

5.0'....\$370.00

6.0'....\$425.00

Pinus nigra 'Helga'

Pine, Dwarf Austrian

Mature Height: 3-6'

Mature Spread: 3-6'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun

Flower Season: N/A

A dwarf Austrian with very slow growth, creating a globe to teardrop form. The needles are long and dark green, giving the tree a thick texture.

#6 Re-Wholesale....\$195.00

#15 Re-Wholesale....\$380.00

Pinus nigra 'Komet'

Pine, Komet Columnar Austrian

Mature Height: 15-20'

Mature Spread: 4-5'

Water Requirement: Low

Flower Color: N/A

Hardy To: 7,500'

Exposure: Sun

Flower Season: N/A

A tight, medium-growing cultivar with almost vertical branching which results in a columnar habit. The needles are rich, dark green.

6.0'....\$425.00

Pinus nigra 'Oregon Green'

Pine, Oregon Green Austrian

Mature Height: 15-20'

Mature Spread: 12-18'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun

Flower Season: N/A

A dwarf Austrian with a rounded form, growing nearly as wide as tall. Needles are stiff and dark green. Often grows with a somewhat wavy "character" form to the trunk, unless staked from a young age.

6.0'....\$405.00 7.0'....\$450.00 8.0'....\$595.00

Pinus ponderosa

Pine, Ponderosa

Mature Height: 60-80'

Mature Spread: 30-40'

Water Requirement: Low

Flower Color: N/A

Hardy To: 9,000'

Exposure: Sun

Flower Season: N/A

Long, slender, light green, often yellowish needles are loosely arranged on open, spreading branches to form a large pyramidal crown. Thick plated bark is cinnamon red to dark brown. Broad, ovoid cones are shiny, reddish-brown, and prickly.

Pinus strobiformis

Pine, Border

Mature Height: 40-50'

Mature Spread: 20-30'

Water Requirement: Low

Flower Color: N/A

Hardy To: 9,000'

Exposure: Sun

Flower Season: N/A

A conical to rounded crown with layered, spreading branches clothed by slender, soft textured, bluish-green needles. Ashy gray bark becomes rough, blackish-gray as it ages. Oval, light brown cones are distinguished by the curled lip of each scale.

6.0'....\$370.00 7.0'....\$460.00 8.0'....\$530.00

Pinus strobus 'Blue Shag'

Pine, Dwarf Blue Eastern White

Mature Height: 3-4'

Mature Spread: 3-4'

Water Requirement: Medium

Flower Color: N/A

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: N/A

A compact bluish-green selection that reliably maintains a globose form. Will grow approximately 3-6" per year.

#3 Re-Wholesale....\$115.00 #6 Re-Wholesale....\$175.00 #10 Re-Wholesale....\$240.00

Pinus sylvestris

Pine, Scotch

Mature Height: 30-50'

Mature Spread: 20-30'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun to Filtered Shade

Flower Season: N/A

Distinctive, heavily plated, yellowish-orange bark and layered, spreading branches create an interesting conical to rounded evergreen. Short, twisted needles are bluish-green. Slightly curved egg shaped cones are dull grayish-brown.

6.0'....\$365.00 8.0'....\$515.00

Pinus sylvestris 'Albyn Prostrata'

Pine, Spreading Scots

Mature Height: 2'

Mature Spread: 8'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun

Flower Season: N/A

A spreading form of Scots pine that can be used as a groundcover. Needles are thick, shiny green and they retain the beautiful green color through the winter. It will grow approximately 6" per year.

#3 Re-Wholesale....\$115.00 #6 Re-Wholesale....\$185.00

Pinus sylvestris ‘Beuvronensis’

Pine, Dwarf Scots

Mature Height: 6-8’

Mature Spread: 6-8’

Hardy To: 7,500’

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: N/A

Flower Season: N/A

A very attractive dwarf form discovered as a witches broom. Dense branches mature into an irregular globose form. Candle pruning will help maintain the dense habit. It has been in propagation since 1891.

#6 Re-Wholesale....\$185.00

Pinus sylvestris ‘Hillside Creeper’

Pine, Hillside Creeper

Mature Height: 3’

Mature Spread: 8’

Hardy To: 6,500’

Water Requirement: Low

Exposure: Sun

Flower Color: N/A

Flower Season: N/A

A strong-growing groundcover Scots pine with an undulating form. Medium green needles turn lighter green in winter. Will grow approximately 12” per year.

#3 Re-Wholesale....\$91.95 #6 Re-Wholesale....\$165.00 #15 Re-Wholesale....\$410.00

Pinus sylvestris Pom Pom

Pine, Pom Pom Scotch

Mature Height: Variable

Mature Spread: Variable

Hardy To: 6,500’

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: N/A

Flower Season: N/A

Distinctive, heavily plated, yellowish-orange bark and layered, spreading branches create an interesting conical to rounded evergreen. Short, twisted needles are bluish-green. Slightly curved egg shaped cones are dull grayish-brown. Pruned and trained into a pom pom form.

#20 Re-Wholesale....\$290.00

Pseudotsuga menziesii

Fir, Douglas

Mature Height: 50-80’

Mature Spread: 15-25’

Hardy To: 10,000’

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: N/A

Flower Season: N/A

Horizontal, downswept branches with short, flat, bright green needles form a narrow, soft textured pyramidal crown. Drooping, oval cones are light brown with feather-like projections emerging from beneath each scale.

6.0’....\$405.00 7.0’....\$440.00 8.0’....\$510.00

Taxodium distichum

Bald Cypress

Mature Height: 50-70’

Mature Spread: 20-30’

Hardy To: 5,500’

Water Requirement: Medium

Exposure: Sun

Flower Color: N/A

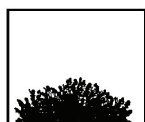

Flower Season: N/A

A deciduous conifer with a columnar habit when young, becoming broad pyramidal at maturity. Often high branched revealing thin smooth, red-brown bark. Leaves are bright yellow green in spring darkening to sage green then russet in the fall.

2.00”....\$380.00

Taxus cuspidata EMERALD SPREADER®

Yew, Spreading Japanese

Mature Height: 21-30”

Mature Spread: 1-9’

Hardy To: 6,000’

AKA: Taxus cuspidata ‘Monloo’

Water Requirement: Medium

Exposure: Filtered Shade to Shade

Flower Color: N/A

Flower Season: N/A

A low growing, evergreen shrub with a compact, spreading habit. Dark green needles are flattened, with a lighter underside. Grows slowly, reaching up to 9’ in width over 20 years. Note: all parts of yews are toxic if ingested.

#5 Re-Wholesale....\$77.50

Taxus × media ‘Densiformis’

Yew, Dense

Mature Height: 3-4’

Mature Spread: 6-8’

Hardy To: 6,000’

Water Requirement: Medium

Exposure: Filtered Shade to Shade

Flower Color: N/A

Flower Season: N/A

Rigid, spreading branches with shiny, deep green needles that are short and flattened create a dense, dome-like to flat-topped evergreen. Fleshy, berry-like fruit are orange-red maturing in early fall. Fruit and foliage are poisonous if ingested.

#5 Re-Wholesale....\$77.50 #7 Re-Wholesale....\$97.95 #10 Re-Wholesale....\$167.50

Taxus × media ‘Hicksii’

Yew, Upright

Mature Height: 8-12’

Mature Spread: 3-4’

Hardy To: 6,000’

Water Requirement: Medium

Flower Color: N/A

Exposure: Filtered Shade to Shade

Flower Season: N/A

A columnar to vase-shaped evergreen with erect branches and lustrous, dark green flattened needles. Fleshy, bright, orange-red fruits ripen during early autumn. Fruit and foliage are poisonous if eaten.

#5 Re-Wholesale....\$77.50 #7 Re-Wholesale....\$125.00 #10 Re-Wholesale....\$167.50

Taxus × media ‘Tauntonii’

Yew, Taunton

Mature Height: 3-4’

Mature Spread: 6-7’

Hardy To: 6,000’

Water Requirement: Medium

Flower Color: N/A

Exposure: Filtered Shade to Shade

Flower Season: N/A

A dense form of yew, wider than tall. Foliage is bright green in summer, turning brownish-green in winter on the current year’s growth. This is one of the few yews to show resistance to winter burn. Shade tolerance is high.

#5 Re-Wholesale....\$77.50

Thuja ‘Green Giant’

Arborvitae, Green Giant

Mature Height: 30-50’

Mature Spread: 12-18’

Hardy To: 6,000’

Water Requirement: Medium

Flower Color: N/A

Exposure: Sun to Filtered Shade

Flower Season: N/A

Dense branching and flattened sprays of dark green foliage form a tall, narrowly pyramidal evergreen. Can be easily sheared to regulate size.

#10 Re-Wholesale....\$167.50

Thuja occidentalis ‘Degroot’s Spire’

Arborvitae, Columnar

Mature Height: 12-15’

Mature Spread: 4-5’

Hardy To: 6,500’

Water Requirement: Medium

Flower Color: N/A

Exposure: Sun to Filtered Shade

Flower Season: N/A

A compact, columnar to narrow pyramidal form with rich green foliage in flat sprays. It is slow to medium in growth rate. Good for areas with limited space, as well as for hedges and formal gardens.

#5 Re-Wholesale....\$61.75 #10 Re-Wholesale....\$167.50 #15 Re-Wholesale....\$215.00
#20 Re-Wholesale....\$255.00

Thuja occidentalis ‘Emerald’

Arborvitae, Emerald

Mature Height: 10-15’

Mature Spread: 3-4’

Hardy To: 7,000’

Water Requirement: Medium

Flower Color: N/A

Exposure: Sun to Filtered Shade

Flower Season: N/A

Dense, upright-spreading branches arise from a single stem, ending in flat sprays of foliage. Forms a tight, conical tree with dark green foliage which retains its color through the winter without yellowing. Also known as Thuja occidentalis ‘Smaragd’.

#5 Re-Wholesale....\$53.50 #10 Re-Wholesale....\$155.00 #15 Re-Wholesale....\$215.00
#25 Re-Wholesale....\$480.00

Thuja occidentalis ‘Hetz Midget’

Arborvitae, Hetz Midget

Mature Height: 3-4’

Mature Spread: 3-4’

Hardy To: 6,000’

Water Requirement: Medium

Flower Color: N/A

Exposure: Sun to Filtered Shade

Flower Season: N/A

Dense branching with flattened sprays of foliage form a globose evergreen that retains its shape without shearing. Foliage is deep green and slow-growing.

#5 Re-Wholesale....\$53.50

Calculating Plant Spacing

Info

<p>First, decide on the plant spacing. Then, using the numbers from the table to the right, multiply the number of plants per square foot by the square footage of the bed.</p> <p>For example, if you want 6" spacing in a 20 square foot garden, you would need 80 plants ($4 \times 20 = 80$).</p> <p>Or, refer to the quick chart below:</p>	Plant Spacing	Number of Plants per Square Foot
	6"	4
	8"	2.25
	10"	1.44
	12"	1
	18"	0.44
	24"	0.25

	6 " spacing	8" spacing	10" spacing	12" spacing
10 sq. feet	40	23	15	10
20 sq. feet	80	45	29	20
30 sq. feet	120	68	43	30
40 sq. feet	180	90	58	40
50 sq. feet	200	113	72	50
60 sq. feet	240	135	86	60
70 sq. feet	280	158	101	70
80 sq. feet	320	180	115	80
90 sq. feet	380	203	130	90
100 sq. feet	400	225	144	100

Nursery Container Size/Volume List

Nurseries have used different pot sizes for years and called them, generically, "gallons". For example, what we call a #5 container has been known as a 5 "gallon" pot. So, to clarify, the containers we ship have the following volume:

SIZE	ENGLISH UNIT	METRIC UNIT
#1	2.80 quarts	2.65 liters
#2	1.60 gallons	6.06 liters
#3	2.38 gallons	9.01 liters
#5	3.40 gallons	12.87 liters
#6	5.02 gallons	19.00 liters
#7	6.20 gallons	23.47 liters
#10	8.91 gallons	33.72 liters
#15	11.81 gallons	44.70 liters
#20	22.98 gallons	86.98 liters
#24	27.41 gallons	103.75 liters
F15 (single unit)	1.10 quarts	1.04 liters
F32 (single unit)	8.10 fluid oz.	239.52 ml
