GENERAL INFORMATION

THIS CATALOG IS PREPARED FOR THE WHOLESALE NURSERY TRADE ONLY.

HOURS: 8:00 a.m. - 5:00 p.m. Monday through Friday, March through October.  
8:00 a.m. - 3:30 p.m. Monday through Friday, November through February.  
We are closed on holidays.

TERMS: Sales are cash, check with proper ID, VISA, Master Card, American Express, or on account if a credit application has been submitted and approved. If the account is not paid on or before 30 days following the date of the invoice, in addition to interest at 18%, customer shall also pay all costs of collection including reasonable attorney fees and costs.

GUARANTEE: All stock is guaranteed to be true to name and variety. If any stock proves otherwise, we will not be liable for any amount greater than the original purchase price. No other guarantee is expressed or implied.

PRICES: All prices are FOB Little Valley Wholesale Nursery and are subject to change without notice. Trade discounts are available based upon volume. Please call for details.

TAGGING OF NURSERY STOCK: We will hold stock for 30 days with a firm order. To hold for longer than 30 days, special arrangements may be made.

**CLAIMS: Shortages and damages must be claimed at time of delivery and noted in detail on our delivery document.** Failure to comply with the preceding voids any claims for credits. Errors involving variance in grade, type, variety, or species must be reported in writing to the LVWN offices within ten (10) days after receipt of shipment. Valid claims will be processed immediately; however, we will at no time be responsible for more than the purchase price of the stock.

**DELIVERY POLICY:** We have developed a schedule with order deadlines for all major delivery areas. Please contact your sales team for details concerning our schedules and freight costs. In order to provide "on time" deliveries, each driver is dispatched with a delivery schedule which includes the Estimated Time of Arrival at your delivery address. Your promptness in conjunction with our driver's on time arrival enables us the opportunity to serve all of our customers with timeliness and the same level of professionalism. **Please remember, we provide "curbside delivery" only. We rely on our customers to provide sufficient staffing and machinery for unloading your order(s) in an efficient and safe manner.** Please remember: when your order(s) are delivered on a semi-trailer, some contract carriers may charge a detention fee of \$100 per hour when the unloading time exceeds two hours.

**CUSTOMER PICK-UP: In order to assemble and / or load your order(s) in a timely manner; please make note of the following guidelines. FOR ORDERS PLACED IN ADVANCE: please arrive at least one hour before closing. FOR NEW ORDERS: please arrive at least one and one half hours before closing. FOR LARGER (SEMI-TRAILER) ORDERS: please arrive no later than 1 pm.**

RE-STOCKING: There is a 15% re-stocking charge for all returned merchandise. All returns must be brought back in good condition, and are subject to approval by management.

FIELD - HARVESTED TREES: We grow a large selection of trees and shrubs in our fields which are available during digging season. Please call for information or check our current Field availability online at our website ([www.lvwn.com](http://www.lvwn.com)).

BROKERING: Little Valley Wholesale Nursery is able to direct ship large quantities of various materials to job sites. This saves handling fees and takes advantage of volume discounts which we are able to pass on to our customers.

CONTRACT GROWING: We have the facilities to grow special orders on contract. Please call for specific information.

POT RECYCLING: We offer pot recycling for good #1 and #5 black plastic pots. Please call for more information.

PRELIMINARY LIEN NOTICE: For the benefit of both the landscape contractor and Little Valley Wholesale Nursery, we will request information as to developer (owner), general contractor, and lender on all job sites where we deliver on credit. A material release will be issued on request upon payment of account. Your cooperation is appreciated.

STATEMENTS: Copies of invoices can be mailed out with statements upon request. For customers signed up on the website, you may also view your invoices there. Go paperless. Sign up for paperless statements.

NOTE: This price list cancels all previous price lists. All prices and policies are subject to change without notice.

# *Perennials*

**Achillea 'Coronation Gold'****Yarrow, Golden Yellow**

Mature Height: 36-42"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Fern-like, bright green leaves form rounded clumps with tall, erect stalks capped by flat-topped clusters of golden yellow flowers. Good in dried arrangements.

#1....\$8.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$73.50

**Achillea millefolium****Yarrow, Common White**

Mature Height: 1-2'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: White

Hardy To: 10,000'

Exposure: Sun

Flower Season: Summer

Narrow, finely divided, grayish-green leaves create an aggressively spreading clump producing clusters of white flowers on stiff stalks.

#1....\$6.75

F15(4" Pots)....\$58.25

F32(2 1/4" Pots)....\$61.50

**Achillea millefolium 'Colorado'****Yarrow, Colorado**

Mature Height: 18-24"

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Pastel Mix

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early to Late Summer

A spreading clump of finely cut grayish-green foliage produces erect, leafy stalks topped by tight clusters of flowers that range in color from red to pink, apricot, yellow, cream and white.

F15(4" Pots)....\$64.50

**Achillea millefolium 'Paprika'****Yarrow, Paprika**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Brick Red/Yellow Centers

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer

Brick red flowers with yellow centers give this Galaxy Series yarrow a unique place in the garden. Foliage is finely divided and feathery, in basal clumps.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Achillea millefolium 'Red Beauty'****Yarrow, Red**

Mature Height: 18-24"

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Red

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

A spreading clump of finely cut, grayish-green foliage producing erect stalks topped by tight clusters of red flowers.

#1....\$6.75

F15(4" Pots)....\$64.50

**Achillea millefolium 'Terra Cotta'****Yarrow, Terra Cotta**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Peach

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer

Clusters of peach colored flowers turn dark orange with age above finely divided, feathery foliage. Forms a spreading clump.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Achillea 'Moonshine'****Yarrow, Moonshine**

Mature Height: 24-30"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Light Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Flat-topped clusters of sulfur yellow flowers stand above finely dissected, grayish-green foliage throughout the summer.

#1....\$8.50

#1 Re-Wholesale....\$15.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$73.50

**Achillea serbica**

Yarrow, Serbian

Mature Height: 4-8"

Mature Spread: 12-15"

Water Requirement: Low

Flower Color: White

Hardy To: 8,000'

Exposure: Sun

Flower Season: Spring

A compact mound of solid, slender, silvery gray leaves edged by tiny teeth. Thin stalks form flat-topped clusters of white flowers. Good for rock gardens.

#1....\$6.75

F15(4" Pots)....\$58.25

F32(2 1/4" Pots)....\$64.95

**Achillea 'Summer Pastels'**

Yarrow, Mixed Pastels

Mature Height: 18-24"

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Pastel Mix

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

A spreading clump of finely cut grayish-green foliage producing erect stalks topped by tight clusters of pink, salmon, orange, rose, and purple flowers.

#1....\$8.50

F15(4" Pots)....\$64.50

**Aconitum napellus**

Monkshood, Garden

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: High

Flower Color: Violet-Blue

Hardy To: 10,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Sturdy stems are covered with lacy, 5 to 7-lobed leaves. Violet-blue, helmet-shaped flowers are in dense racemes above the foliage. Cut back for more blooms. Poisonous if ingested.

#1....\$8.95

**Actaea simplex 'Black Negligee'**

Bugbane, Black Negligee

Mature Height: 4-5'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun to Shade

Flower Season: Late Summer

Ternately compound, blackish-purple leaves are deeply cut, and form very large clumps in moist areas and woodland settings. Long racemes of white, bottle-brush type flowers are produced above the foliage in late summer. a good backdrop for plants with variegated foliage.

#2 Re-Wholesale....\$37.95

**Aegopodium podagraria 'Variegatum'**

Bishop's Weed, Variegated

Mature Height: 8-12"

Mature Spread: 1-2'

Water Requirement: Medium

Flower Color: White

Hardy To: 9,500'

Exposure: Filtered Shade to Shade

Flower Season: Summer

An attractive, fast-growing groundcover that forms thick beds in sun or shade. Three-parted leaves, on petioles up to 12" tall, are rimmed with an irregular, creamy white margin, brightening up shady areas. Thrives in dry shade.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Agastache aurantiaca CORONADO®**

2001 Plant Select®

Hyssop, CORONADO®

Mature Height: 15-18"

AKA: Agastache aurantiaca 'P012S'

Mature Spread: 12-15"

Water Requirement: Low

Flower Color: Orange

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer to Fall

A selection of a Southwestern native, this hyssop has silvery green leaves on slim, branched stems with large numbers of curved, pale orange flowers from mid-summer to fall. Has an intensely minty fragrance when handled or crushed.

#1....\$8.95

F15(4" Pots)....\$69.95

**Agastache aurantiaca 'Sunlight'**

Hyssop, Sunlight

Mature Height: 15-18"

Mature Spread: 12-15"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer to Fall

A seedling selection of a Southwestern native, this hyssop has silvery green leaves on slim, branched stems with large numbers of curved, bright yellow flowers from mid-summer to fall. Has an intensely minty fragrance when handled. An original from Little Valley Wholesale Nursery.

F15(4" Pots)....\$69.95

**Agastache 'Ava'****Hyssop, Ava**

Mature Height: 2-4'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Rose Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid-Summer to Fall

An attractive, upright clump with strongly aromatic stems and foliage. Slender, branched stems support rose pink, tubular flowers with underlying calyxes of raspberry pink.

#1....\$8.50

**Agastache 'Blue Boa'****Hyssop, Blue Boa**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Violet-Blue

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer to Fall

A member of the mint family. Blue Boa hyssop has deep green, triangular leaves in pairs on stout, square stems. Spikes of violet-blue flowers are produced from mid-summer to fall, and are attractive to pollinators. The leaves and stems are pleasantly fragrant when handled.

#1 Re-Wholesale....\$15.50

**Agastache 'Blue Fortune'****Hyssop, Blue Fortune Anise**

Mature Height: 2-4'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer to Fall

A member of the mint family. Blue Fortune hyssop has triangular, dark green leaves in pairs on stout, square stems. Spikes of lavender blue flowers are produced from mid-summer to fall. Emits a pleasant licorice odor when crushed.

#1....\$10.75

Glossy, dark green leaves create a thick carpet producing short spikes of blue flowers during late spring.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Ajuga reptans 'Atropurpurea'****Carpet Bugle, Bronze**

Mature Height: 4-6"

Mature Spread: 12-15"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Late Spring

Short stalks are covered by small violet blue flowers above a dense carpet of reddish-purple foliage turning to bronze in fall.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Ajuga reptans 'Burgundy Glow'****Carpet Bugle, Burgundy**

Mature Height: 4-6"

Mature Spread: 8-12"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 5,500'

Exposure: Shade

Flower Season: Late Spring

Leaves emerge burgundy becoming cream colored with a pink margin to present a delightful tri-colored blend of tightly condensed foliage. Produces short spikes of blue flowers in late spring.

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Alcea rosea Chater's Double Hybrids****Hollyhock, Double Mix**

Mature Height: 5-6'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Mixed Colors

Hardy To: 9,500'

Exposure: Sun

Flower Season: Early Summer to Fall

Large, basal rosettes of hairy leaves surround tall, straight spikes covered with mostly double blossoms. Flowers range in color from yellow, pink, and red to maroon.

#1....\$6.75

F32(2 1/4" Pots)....\$61.50

**Alcea rosea Single Mix****Hollyhock, Single Mix**

Mature Height: 5-6'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Mixed Colors

Hardy To: 9,500'

Exposure: Sun

Flower Season: Early Summer to Fall

Large, basal rosettes of hairy leaves surround tall spikes. Large, single flowers range in color from yellow, pink and red to maroon.

#1....\$6.75

F15(4" Pots)....\$58.25

**Alcea rosea 'The Watchman'****Hollyhock, Maroon**

Mature Height: 5-6'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Maroon

Hardy To: 9,500'

Exposure: Sun

Flower Season: Summer

Large clumps of hairy, rounded leaves on long petioles form a rosette on the ground. Tall stalks with smaller leaves arise in early summer from the rosettes, producing many large, single blossoms of very dark maroon. Cutting back the spent stalks encourages continued blossoming through the summer.

#1....\$6.75

**Alchemilla mollis THRILLER®****Lady's Mantle, THRILLER®**

Mature Height: 18-24"

**AKA:Alchemilla mollis 'Thriller'**

Mature Spread: 18-24"

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Filtered Shade to Shade

Flower Season: Spring to Summer

A broad clump of large, scalloped leaves, covered by felt-like hairs for a grayish-green appearance, is showered by open clusters of tiny yellow flowers from spring to summer.

#1....\$6.75

F15(4" Pots)....\$58.25

**Allium cernuum****Nodding Onion**

Mature Height: 8-24"

Mature Spread: 2-4"

Water Requirement: Low

Flower Color: Pink

Hardy To: 11,000'

Exposure: Sun

Flower Season: Summer

Hollow, grass-like leaves arise from a white bulb, both having a strong onion scent when cut or crushed. A rounded umbel of light pink flowers nods at the tip of the flower stem (scape) in summer.

F15(4" Pots)....\$64.50

**Allium 'Millennium'**
**Allium, Ornamental**

Mature Height: 12"

Mature Spread: 12"

Water Requirement: Medium

Flower Color: Rose-Purple

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Summer

Long, strap-like leaves emerge from an underground bulb, forming a base for a sturdy stalk topped with a globular cluster of rose-purple blossoms in late summer.

F15(4" Pots)....\$64.50

**Allium schoenoprasum**
**Chives**

Mature Height: 12-18"

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer

Small bulbs increase over time to form clumps with hollow, bright green, edible grassy leaves. Globular clusters of pink blossoms are held above the foliage in early to mid-summer.

F15(4" Pots)....\$58.25

**Allium senescens**
**Onion, Corkscrew Ornamental**

Mature Height: 6-12"

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Lavender

Hardy To: 6,000'

Exposure: Sun to Filtered Shade

Flower Season: Summer

Small, white bulbs give rise to narrow, blue-gray leaves, forming a tight, rounded clump with age. The leaves grow with a twist, giving the clump the appearance of having been groomed into a corkscrew or cowlick swirl. Lightly fragrant, globular clusters of flowers are borne above the foliage in summer.

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: Red

Hardy To: 8,000'

Exposure: Sun

Flower Season: Late Spring to Early Summer

Profuse red flowers hover amongst slender woody stems with rich green foliage. Performs best if roots are shaded with tops exposed to sun. A repeat bloomer that can be pruned lightly in late winter, or just after bloom if needed.

#1....\$17.95

#5 Re-Wholesale....\$64.95

**Clematis 'Henryi'****Clematis, White**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: White

Hardy To: 7,500'

Exposure: Sun

Flower Season: Early Summer

Bright green, twining leaves on slender, woody, climbing stems produce very large, showy white flowers. Plant where tops have plenty of sun but roots are cooled by shade. A repeat bloomer that can be pruned lightly in late winter, or just after bloom if necessary.

#1....\$17.95

**Clematis integrifolia MONGOLIAN BELLS®****2008 Plant Select®****Clematis, MONGOLIAN BELLS® Bush**

Mature Height: 10-14"

**AKA: Clematis integrifolia 'PSHarlan'**

Mature Spread: 12-15"

Water Requirement: Medium

Flower Color: Blue to White, Pink

Hardy To: 10,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring to Fall

A clump form perennial with herbaceous stems. Solitary, bell-shaped flowers ranging from white to indigo and pink appear at the ends of the stems from May through September. Fuzzy seedheads follow in autumn. A more compact form than the species. Can be pruned hard in late winter.

#1....\$13.95

**Clematis 'Jackmanii'****Clematis, Purple**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: Violet-Purple

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early to Mid-Summer

A heavy covering of single, violet-purple flowers on a tumbling mass of dark green foliage. Best if roots are kept shaded. Can be pruned hard in late winter.

#1....\$17.95

**Clematis 'Jackmanii Superba'****Clematis, Purple**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: Violet-Purple

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early to Mid-Summer

Large, single, violet-purple flowers cover the tumbling mass of dark green foliage in early to mid-summer. Grows best if the roots are kept shaded or well mulched. Can be pruned hard in late winter.

#1 Re-Wholesale....\$21.95

#5 Re-Wholesale....\$64.95

**Clematis 'Kardynal Wyszynski'****Clematis, Red**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: Red

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early to Mid-Summer

Large, 4- to 6-inch red flowers bloom amongst slender woody stems and rich green foliage. Performs best if roots are sheltered, with tops exposed to sun. A repeat bloomer with blossoms in early summer, and again in late summer to fall. A good sub for 'Ernest Markham'.

#1....\$17.95

**Clematis ligusticifolia****Clematis, Western Virgin's Bower**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Low

Flower Color: Creamy White

Hardy To: 10,000'

Exposure: Sun

Flower Season: Late Spring to Early Summer

A tumbled mass with bright green foliage and sweetly fragrant white flowers which coat the upper portion when in season. Feathery seed heads develop from the flowers.

#1....\$13.95

**Clematis 'Nelly Moser'****Clematis, Two-Tone Pink**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: Two-Tone Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Summer

Bright green leaves and stems in a climbing mass sport soft pink flowers with reddish-pink bars running up the center of the petals. Shade roots, exposing top to sun. A repeat bloomer that can be pruned lightly in late winter, or just after bloom if needed.

#5 Re-Wholesale....\$64.95

**Clematis 'Ramona'****Clematis, Blue**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Summer

Lavender-blue flowers with a hint of silver form on rambling stems with rich green foliage. Sunny exposure to the tops with shaded roots is recommended. A repeat bloomer that can be pruned lightly in late winter, or just after bloom if needed.

#1....\$17.95

**Clematis terniflora****Clematis, Sweet Autumn**

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Low

Flower Color: White

Hardy To: 9,000'

Exposure: Sun

Flower Season: Late Summer to Fall

Aromatic, single, white flowers cover a thick mass of bright green leaves on intertwining stems. Blooms late summer to fall. Can be pruned hard in late winter. Often mislabeled as *C. paniculata*, which is a New Zealand native.

#1....\$17.95

Water Requirement: Medium

Flower Color: White

Hardy To: 8,000'

Exposure: Filtered Shade to Shade

Flower Season: Spring

Thick masses of dark green, broad, oval leaves sport short stalks with dangling, bell-shaped, white flowers that are sweetly fragrant. This plant is poisonous if ingested.

F15(4" Pots)....\$69.95

**Coreopsis auriculata 'Nana'****Coreopsis, Dwarf**

Mature Height: 6-8"

Mature Spread: 6-12"

Water Requirement: Low

Flower Color: Orange-Yellow

Hardy To: 7,000'

Exposure: Sun

Flower Season: Early Summer to Fall

A dense, compact mound with slender, rich green leaves on erect stalks leading to open-faced, orange-yellow flowers.

F15(4" Pots)....\$64.50

**Coreopsis grandiflora 'Sunray'****Coreopsis, Dwarf Double**

Mature Height: 12-18"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid-Summer

Spoon-like, rich green leaves in compact clumps climb slender stalks topped with double yellow flowers. A good cut flower.

F15(4" Pots)....\$58.25

## Coreopsis 'Jethro Tull'

**Coreopsis, Fluted**  
PP18,789

Mature Height: 12-15"

Mature Spread: 12-15"

Water Requirement: Low

Flower Color: Gold

Hardy To: 7,000'

Exposure: Sun

Flower Season: Spring to Summer

Compact clumps made up of dark green leaves give rise to golden flowers which bloom from mid-spring through the summer. The petals have wavy indentations on the edges, giving the flower a fluted appearance.

#1....\$8.50

## Coreopsis lanceolata

**Coreopsis, Lance-leaf**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Mid-Summer

A broad clump of slender, shiny green leaves giving rise to daisy-like bright yellow flowers. Creates a wonderful mass. Good cut flower.

#1....\$6.75

F15(4" Pots)....\$58.25

## Coreopsis lanceolata 'Sterntaler'

**Coreopsis, Sterntaler**

Mature Height: 12-18"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow w/ Red

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring to Fall

Broad clumps of lance-shaped leaves produce stems of bright yellow, fringed flowers, each with a bronze-red circle around the center. Blooms from late spring to fall if deadheaded.

#1....\$6.75

F15(4" Pots)....\$58.25

## Coreopsis rosea

**Coreopsis, Pink**

Mature Height: 12-18"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Late Summer to Fall

Pink petals surround a yellow disk creating a blanket of flowers over a lacy, rounded clump, consisting of erect stems and rich green linear leaves.

#1....\$8.50

F15(4" Pots)....\$64.50

## Coreopsis verticillata 'Golden Showers'

**Coreopsis, Golden Showers**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid-Summer to Fall

Thread-like, bright green leaves arranged on sturdy stems form a wispy clump decorated by starry, dark yellow flowers.

#1....\$8.50

## Coreopsis verticillata 'Moonbeam'

**Coreopsis, Moonbeam**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Soft Yellow

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid-Summer to Fall

An airy mound of finely dissected bright green foliage showered by pale yellow daisy-like flowers from mid-summer into fall.

#1....\$8.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

## Coreopsis verticillata 'Zagreb'

**Coreopsis, Zagreb**

Mature Height: 12-18"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Gold

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid-Summer to Fall

Bright gold daisies atop branched stems and accent the shiny, deep green, thread-like leaves, forming a densely bushy plant.

#1....\$8.50

F15(4" Pots)....\$64.50

**Crambe maritima**

Sea Kale

Mature Height: 4-6'

Mature Spread: 2-4'

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer

A large specimen perennial with bold, blue-green foliage that is lobed and sharply toothed. Huge panicles of small white flowers are very showy. The leaves are edible, and can be used as a garden vegetable, as well as an ornamental.

#1....\$8.50

**Echinacea paradoxa**

Coneflower, Yellow

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 6,000'

Exposure: Sun

Flower Season: Summer

Long, narrow leaves form a basal clump which supports several stout flower stems, each ending in a large flower with a raised center and drooping ray petals of yellow.

**Echinacea purpurea 'Fragrant Angel'**

Coneflower, White

Mature Height: 24-30"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: White

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Large, deep green leaves form a wide base becoming smaller up the stems. Large, daisy-like flowers with white rays and a sweet fragrance are held above the foliage from mid-summer to fall. The persistent seed heads are a good source of winter food for birds.

#1....\$11.85

## Echinacea purpurea 'Green Twister'

Coneflower, Green Twister

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Green/Purple

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer

A broad clump with rough, rounded, dark green leaves and tall stalks rising to large, daisy-like flowers. The ray petals are green, shading to purple as they approach the center, making this plant distinct from other cultivars.

#1....\$8.50

F15(4" Pots)....\$64.50

## Echinacea purpurea 'Happy Star'

Coneflower, Happy Star

Mature Height: 30-40"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: White

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Large, deep green leaves form a wide base, becoming smaller up the stems. Large, daisy-like flowers with white rays are held above the foliage in summer. A white form of the cultivar 'Ruby Star', its petals don't droop, but are held out at right angles to the stem.

#1....\$6.75

## Echinacea purpurea 'Magnus'

Coneflower, Rose

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Rose

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer

A broad clump with rough, rounded dark green leaves and tall stalks rising to large, daisy-like rose pink flowers. Ray petals do not droop, making this cultivar distinct from other varieties.

#1 Re-Wholesale....\$15.50

## Echinacea purpurea 'Magnus Superior'

Coneflower, Magnus Superior

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Deep Lavender-Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer

Deep lavender-pink petals and large, coppery colored cones more intense than its predecessor, 'Magnus'. The ray petals do not droop, which makes the flowers appear showier than most other cultivars.

#1....\$6.75

F15(4" Pots)....\$64.50

## Echinacea purpurea POWWOW® White

Coneflower, White

Mature Height: 2-3'

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: White

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Large, medium green leaves form a wide base becoming smaller up the stems. Large, daisy-like flowers with white rays surrounding a prominent central cone are produced in summer. Seeds are attractive to songbirds.

#1 Re-Wholesale....\$17.95

## Echinacea purpurea POWWOW® Wild Berry

Coneflower, Rose Purple

Mature Height: 2-3'

AKA:Echinacea purpurea 'Pas702917'

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Rose-Purple

Hardy To: 8,000'

Exposure: Sun

Flower Season: Late Spring to Late Summer

Flowers with deep rose-purple petals and large, orange-brown cones are held upright on strong stems from late spring to late summer.

#1....\$8.95

#1 Re-Wholesale....\$17.95

## Echinacea purpurea 'Ruby Star'

Coneflower, Ruby Star

Mature Height: 2-3'

AKA:Echinacea purpurea 'Rubinstern'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Dusty Rose

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Large, deep green leaves form a wide base, becoming smaller up the stems. Large, daisy-like flowers with dusty rose rays are held above the foliage in summer. Unlike the species, the petals of 'Ruby Star' don't droop, but are held out at right angles to the stem.

#1....\$6.75

**Grass, Japanese Forest**

Mature Height: 12-15"

Mature Spread: 15-20"

Water Requirement: High

Flower Color: N/A

Hardy To: 6,000'

Exposure: Filtered Shade

Flower Season: N/A

A low, slow-spreading clump with medium green leaf blades that cascade in a fountain shape. Prefers moist soils with filtered shade.

#1....\$15.50

**Grass, *Hakonechloa macra* 'All Gold'**
**Grass, Golden Japanese Forest**

Mature Height: 12-15"

Mature Spread: 15-20"

Water Requirement: High

Flower Color: N/A

Hardy To: 6,000'

Exposure: Filtered Shade

Flower Season: N/A

A low spreading clump of slender leaves without the green midribs of 'Aureola'. Grows best in moist, shaded areas, where the foliage color stands out.

#1 Re-Wholesale....\$17.95

**Grass, Hakonechloa macra 'Aureola'****Grass, Golden Japanese Forest**

Mature Height: 12-15"

Mature Spread: 15-20"

Water Requirement: High

Flower Color: N/A

Hardy To: 6,000'

Exposure: Filtered Shade

Flower Season: N/A

A low spreading clump of slender yellow blades with green midribs. Grows well in shaded areas, adding a splash of color.

#1 Re-Wholesale....\$16.25

**Grass, Harpochloa falx FREEDA®****2022 Plant Select®****Grass, FREEDA® Caterpillar**

Mature Height: 18-24"

**AKA: Grass, Harpochloa falx 'Compact Black'**

Mature Spread: 15-18"

Water Requirement: Medium

Flower Color: Black

Hardy To: 6,000'

Exposure: Sun

Flower Season: Early to Mid-Summer

Slender, inward-rolled dark green leaves form tussocks with a rounded form. Unique, black flowers are produced on stalks above the foliage, looking like a caterpillar or brush in form, with bright yellow anthers dangling below.

Exposure: Sun

Flower Season: Late Spring to Early Summer

A spreading mound of narrow, oblong dark green leaves blanketed with very dense racemes of tiny, pure white flowers. Blooms late spring to early summer. This is a compact form of the species.

#1 Re-Wholesale....\$15.50

**Iris ensata 'Royal Banner'****Iris, Purple Japanese**

Mature Height: 2-3'

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Purple

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer

Rich green leaves are wide and saber-like, fanning out to create an upright clump with erect stalks casting large, showy purple flowers. Blooms early to mid-summer. A sub for 'Royal Robes'.

#1....\$13.95

**Iris ensata 'White Ladies'****Iris, White Japanese**

Mature Height: 2-3'

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Early to Mid-Summer

A dense clump of bright green sword-like leaves displaying large white flowers on stout, often branched, stalks. A sub for 'Mt. Fuji'.

#1....\$13.95

**Iris × germanica 'Berry Fulfilling'****Iris, Reddish-Purple Bearded**

Mature Height: 36-40"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Reddish-Purple

Hardy To: 9,000'

Exposure: Sun

Flower Season: Spring

Sword-like, bluish-green leaves fan out from thick rhizomes, forming a thick clump. Showy, reddish-purple blossoms with a violet center and brownish highlights are produced in mid- to late spring.

#1....\$13.95

**Iris × germanica 'Blackwater'****Iris, Black Bearded**

Mature Height: 36-40"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Black

Hardy To: 9,000'

Exposure: Sun

Flower Season: Late Spring

Sword-like, bluish-green leaves grow in fans from stout rhizomes. Tall stalks produce stunning blossoms with falls and standards of black with a hint of deepest purple. Blooms in late spring.

#1....\$13.95

**Iris × germanica 'Easter Charm'****Iris, Blue/White Bicolor**

Mature Height: 24-30"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Blue/White Bicolor

Hardy To: 9,000'

Exposure: Sun

Flower Season: Spring

Bluish-green, sword-like leaves create a solid clump sporting branched stalks of bearded flowers with blue standards and white falls, edged in yellow.

#1....\$13.95

**Iris × germanica 'Immortality'****Iris, White Repeat Bearded**

Mature Height: 30"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: White

Hardy To: 9,000'

Exposure: Sun

Flower Season: Spring and Late Summer

Unusual, full sized snowy-white flowers bloom twice, once in spring and then again in late summer against clumps formed by fans of long, linear leaves.

#1....\$13.95

**Iris × germanica 'Open Ocean'****Iris, Blue Repeat**

Mature Height: 30-36"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Sky Blue

Hardy To: 9,000'

Exposure: Sun

Flower Season: Spring and Late Summer

Bearded, sky-blue flowers open on erect stalks over sword-like, blue-green leaves fanning out into an upright clump. A repeat bloomer, producing blossoms in late spring and again in late summer or early fall.

#1....\$13.95

**Iris × germanica ‘Polite Applause’****Iris, Pink/Lavender Bicolor Bearded**

Mature Height: 30-36"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Pink/Lavender

Hardy To: 9,000'

Exposure: Sun

Flower Season: Late Spring

Thick clumps of sword-like, bluish-green leaves produce bicolored blossoms with thickly ruffled, very pale pink standards, and white falls with a bold lavender, rippled margin.

#1....\$13.95

**Iris × germanica ‘Pure As Gold’****Iris, Yellow Bearded Repeat**

Mature Height: 30-36"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 9,000'

Exposure: Sun

Flower Season: Late Spring and Early Fall

Large, butter-yellow flowers with ruffled margins bloom on tall, branched stalks above stiff fans of long, pointed leaves. A consistent repeat bloomer, with blossoms produced in late spring and again in early fall.

#1....\$13.95

**Iris × germanica ‘Rasputin’****Iris, Apricot/Purple Bicolor Bearded**

Mature Height: 30-36"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Apricot/Purple Bicolor

Hardy To: 9,000'

Exposure: Sun

Flower Season: Late Spring

Fans of sword-like, bluish-green leaves in a thick clump produce bicolored blossoms with apricot standards and wine-purple falls edged in mauve and highlighted with tangerine beards in late spring.

#1....\$13.95

**Iris hookeri****Iris, Dwarf Beach-head**

Mature Height: 4-15"

Mature Spread: 4-15"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring to Early Summer

One or two blue flowers blotched with white at the base of its rounded petals bloom just above the foliage. Rich bluish-green, slender sword-like leaves create a compact clump. The petals (standards) are rudimentary, looking like bristles.

**Lamium maculatum 'White Nancy'**

Nettle, White Nancy

Mature Height: 6-12"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: White

Hardy To: 7,500'

Exposure: Shade

Flower Season: Spring

Silvery white centered, dark green leaves grow on slender spreading stems forming a dense mass sprinkled by clusters of small white flowers from early to late spring.

#1....\$8.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Lathyrus latifolius**

Sweet Pea, Perennial

Mature Height: 4-6'

Mature Spread: Vining

Water Requirement: Low

Flower Color: Mixed: White, Red, Purple

Hardy To: 8,000'

Exposure: Sun

Flower Season: Late Spring to Summer

Long, slender stems with twining tendrils climb readily up rough surfaces to display light green foliage and long lasting, butterfly-shaped blooms. Blooms all summer.

#1....\$6.75

**Lavandula angustifolia 'Hidcote'**

Lavender, Deep Blue

Mature Height: 15-20"

Mature Spread: 15-20"

Water Requirement: Low

Flower Color: Lavender-Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early Spring to Mid-Summer

Scented, lavender-blue flowers on tight spikes thrust above evergreen, aromatic gray foliage, creating a compact clump well suited for perennial borders.

**Ligularia dentata 'Othello'****Groundsel, Golden**

Mature Height: 3-4'

Mature Spread: 2-3'

Water Requirement: High

Flower Color: Orange

Hardy To: 6,500'

Exposure: Sun to Filtered Shade

Flower Season: Summer

Large rounded leaves with wavy margins and long purple petioles form a dense clump. Deep orange, daisy-like flowers are borne on stout, purple stems in the summer and continue through frost.

#1....\$12.95

**Ligularia stenocephala 'The Rocket'****Ragwort, The Rocket**

Mature Height: 4-5'

Mature Spread: 2-3'

Water Requirement: High

Flower Color: Yellow

Hardy To: 6,000'

Exposure: Shade

Flower Season: Early to Mid-Summer

Immense, heart-shaped, dark green leaves form a broad clump sending tall, sturdy stalks skyward to end in rocket-like spikes of yellow flowers.

#1....\$12.95

**Lilium × 'Golden Matrix'****Lily, Golden-Yellow Dwarf Asian**

Mature Height: 15-18"

Mature Spread: 8-12"

Water Requirement: Medium

Flower Color: Golden-Yellow

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Summer

Golden-yellow, trumpet-like flowers bloom on short sturdy stalks clad in narrow, bright green leaves extending from a tight clump. Blooms in early summer. An Asiatic type.

#1....\$21.25

**Lilium lancifolium 'Splendens'****Lily, Improved Orange Tiger**

Mature Height: 3-4'

Mature Spread: 8-12"

Water Requirement: Medium

Flower Color: Orange

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Summer

A tall clump of slender, shiny green leaves grow in whorls upward on stout stems. Orange blossoms with crimson spots are trumpet-shaped, with reflexed petals, with 12-20 blossoms per plant.

#1....\$16.25

**Lilium × 'Stargazer'****Lily, Hardy Pink**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Bright Pink

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Early Summer

A thick clump of narrow, rich green leaves circling stout stalks topped by funnel-like vibrant pink flowers. An Oriental type that is very fragrant.

#1....\$16.25

**Limonium platyphyllum****Sea Lavender, Wide-leaved**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Lavender

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

A broad rosette of sprawling, spoon-shaped, leathery leaves of grayish-green color bearing slender stalks splitting to a cloud of stems with tiny lavender flowers.

#1....\$6.75

**Linum lewisii****Flax, Wild Blue**

Mature Height: 1-2'

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Summer

Saucer-like, sky blue flowers on wiry stems rise from an airy clump of linear, dark bluish-green foliage. Blooms late spring to mid-summer. Xeric. Native to North America, west of the Mississippi.

#1....\$6.75

F15(4" Pots)....\$58.25

F32(2 1/4" Pots)....\$61.50

**Hollyhock, Miniature**

Mature Height: 3-4'

Mature Spread: 2-3'

Water Requirement: Medium

Flower Color: Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer

Long blooming, soft pink, rounded flowers are arranged profusely along branching stems. Foliage is soft green, rounded with wavy to serrated edges. Blooms June through September.

#1....\$6.75

**Marrubium rotundifolium**
**Horehound, Silvery**

Mature Height: 6-8"

Mature Spread: 12-18"

Water Requirement: Very Low

Flower Color: N/A

Hardy To: 6,000'

Exposure: Sun

Flower Season: N/A

Small, densely hairy, rounded to oval leaves with a velvety texture are gray-green on top with a creamy edge, and creamy undersides. Forming a dense, low-growing mat, this plant is well suited for dry borders and rock gardens.

F32(2 1/4" Pots)....\$61.50

**Monarda 'Gardenview Scarlet'****Bee-Balm, Red**

Mature Height: 2-3'

Mature Spread: 1-2'

Water Requirement: Medium

Flower Color: Scarlet

Hardy To: 8,500'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer

Tubular red flowers in a circular cluster on upright stalks spring from a dense clump of edible, mint scented, rich green foliage. The blossoms are attractive to, and provide nectar for bees, butterflies and hummingbirds.

#1....\$8.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Monarda 'Petite Delight'****Bee Balm, Petite Delight**

Mature Height: 12-15"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Lavender-Pink

Hardy To: 9,000'

Exposure: Sun to Filtered Shade

Flower Season: Summer

A mildew resistant variety introduced by the Canadian Ornamental Plant Foundation (COPF). Rich green leaves with a minty fragrance when touched grow on distinctively square stems to form a very compact clump. Fragrant heads of lavender-pink blossoms in the summer attract butterflies and hummingbirds.

#1....\$8.50

F15(4" Pots)....\$64.50

**Monardella macrantha 'Marian Sampson'****Monardella, Marian Sampson**

Mature Height: 8-12"

Mature Spread: 15-24"

Water Requirement: Low

Flower Color: Red

Hardy To: 6,000'

Exposure: Sun to Filtered Shade

Flower Season: Summer to Fall

A low mat of evergreen foliage provides a backdrop for clusters of brilliant red, tubular blossoms (similar to Bee Balm) through the summer. A somewhat short-lived perennial that needs excellent drainage and a warm microclimate.

F15(4" Pots)....\$69.95

**Nepeta 'Chartreuse on the Loose'****Catmint, Chartreuse**

PP35,867

Mature Height: 8-10"

Mature Spread: 20-24"

Water Requirement: Low

Flower Color: Lavender-Blue

Hardy To: 6,000'

Exposure: Sun

Flower Season: Summer

A mounding groundcover with a rounded habit. Chartreuse leaves form a backdrop for the lavender-blue flowers that bloom all summer, without the need for deadheading.

F15(4" Pots)....\$69.95

**Nepeta × faassenii****Catmint, Faassen's**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Lavender

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

Rippled, soft gray leaves on square stems are aromatic when handled or crushed. Profuse, lavender blossoms are borne above the foliage on branched stems.

#1....\$6.75

F15(4" Pots)....\$64.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Oenothera macrocarpa 'Comanche Campfire'**

Primrose, Comanche Campfire

Mature Height: 12-15"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun

Flower Season: Late Spring to Fall

A southern great plains native. Silvery leaves on low-growing, red stems create a low, spreading perennial with large, bright yellow blossoms that are produced from June to October. Grows well in poor soils, especially with good drainage.

#1....\$13.95

**Oenothera speciosa 'Rosea'**

Evening Primrose, New Mexico

Mature Height: 8-12"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Pink

Hardy To: 7,500'

Exposure: Sun

Flower Season: Summer

A spreading mass of deep green foliage covered by large, cup-shaped pink flowers during mid-summer.

#1....\$8.50

F15(4" Pots)....\$64.50

**Opuntia basilaris**

Cactus, Beavertail

Mature Height: 6-12"

Mature Spread: 2-3'

Water Requirement: Very Low

Flower Color: Magenta

Hardy To: 5,500'

Exposure: Sun

Flower Season: Late Spring

Flattened, mostly spineless pads grow edge-on to the ground, rooting as they grow to form a wide, chain-like clump. The pads are green with a purple cast and cast a deep reddish-purple winter color. Produces showy, magenta flowers in late spring.

#1....\$8.50

**Origanum laevigatum 'Herrenhausen'**

Oregano, Purple

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Purple

Hardy To: 6,500'

Exposure: Sun

Flower Season: Late Summer to Fall

A woody perennial (sub-shrub) up to 2' tall with fragrant, small rounded leaves. Produces an abundance of small pink blossoms with purple bracts in late summer to fall. The bracts last well after the blossoms have dropped.

#1....\$8.50

F15(4" Pots)....\$64.50

**Origanum libanoticum**

Oregano, Hopflower

Mature Height: 12-18"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Lavender

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Summer to Fall

A unique perennial with small, rounded to oval leaves on trailing stems. Produces flowers in drooping clusters resembling hops, with lavender blooms shielded by chartreuse bracts with pink shading that last well after the blossoms have dropped.

Mature Spread: 8-12"	Water Requirement: Low	Flower Color: Garnet Purple
Hardy To: 7,000'	Exposure: Sun	Flower Season: Spring to Summer
A hybrid selected for its garnet-purple blossoms which bloom throughout the summer over a branched clump of wiry stems and narrow, glossy, dark green leaves.		

#1....\$8.50      F15(4" Pots)....\$69.95

Penstemon palmeri	Penstemon, Palmer	
Mature Height: 2-4'		
Mature Spread: 18-24"	Water Requirement: Low	Flower Color: Shell Pink
Hardy To: 6,500'	Exposure: Sun	Flower Season: Spring to Late Summer
Oblong basal leaves give rise to strong stems with clasping upper leaves. Elegant pink flowers have a prominent lower lip.		

#1....\$8.50      F15(4" Pots)....\$64.50

Penstemon pinifolius	Penstemon, Pineleaf	
Mature Height: 6-8"		
Mature Spread: 12-15"	Water Requirement: Low	Flower Color: Scarlet
Hardy To: 8,000'	Exposure: Sun	Flower Season: Mid-Summer
Needle-like foliage is dark green and can be somewhat evergreen. A light blanket of scarlet, tubular flowers covers the plant in mid-summer.		

#1....\$8.50      F15(4" Pots)....\$64.50      F32(2 1/4" Pots)....\$64.95

Penstemon pinifolius HALF PINT™	2022 Plant Select®	Penstemon, HALF PINT™ Compact Pineleaf
Mature Height: 8-10"	AKA:Penstemon pinifolius 'Compactum'	
Mature Spread: 10-12"	Water Requirement: Low	Flower Color: Scarlet-Red
Hardy To: 8,000'	Exposure: Sun	Flower Season: Mid-Summer
Dark, evergreen, needle-like foliage covers slender, upright stems, forming a low mounded plant. Tubular, scarlet flowers bloom at the tips of the stems from late spring through late summer.		

#1....\$11.85      F15(4" Pots)....\$74.25      F32(2 1/4" Pots)....\$73.50

Penstemon pinifolius 'Mersea Yellow'	Penstemon, Yellow Pineleaf	
Mature Height: 6-8"		
Mature Spread: 12-15"	Water Requirement: Low	Flower Color: Yellow
Hardy To: 8,000'	Exposure: Sun	Flower Season: Early to Mid-Summer
Shrubby, spreading stems with short, needle-like leaves form a backdrop for the many bright yellow, tubular blossoms that cover the plant in early to mid-summer.		

#1....\$8.50      F15(4" Pots)....\$64.50      F32(2 1/4" Pots)....\$64.95

Penstemon pinifolius STEPPESUNSTM Sunset Glow	2019 Plant Select®	Penstemon, Orange Pineleaf
Mature Height: 6-18"	AKA:Penstemon pinifolius 'P019S'	
Mature Spread: 12-15"	Water Requirement: Low	Flower Color: Pale Orange
Hardy To: 8,000'	Exposure: Sun	Flower Season: Mid-Summer
Dark green, needlelike foliage on slender stems is semi-evergreen to evergreen in milder climates. Light orange flowers cover the plant for several weeks in mid-summer. Forms a low groundcover to a foot tall, and often up to 15-18" with the flowers.		

#1....\$10.75      F15(4" Pots)....\$69.95      F32(2 1/4" Pots)....\$73.50

**Penstemon pseudospectabilis****Penstemon, Desert**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Rose-Purple

Hardy To: 9,000'

Exposure: Sun

Flower Season: Spring

Vigorous perennial with evergreen leaves that have a hint of purple in the margins. Toothed basal leaves surround several stems sporting smaller leaves and bright, rose-purple flowers.

#1....\$8.50

**Penstemon rostriflorus****Penstemon, Bridge's**

Mature Height: 1-2'

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Scarlet

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Long, narrow leaves form a basal rosette, and climb the slender flowering stalks. Panicles of tubular scarlet flowers are produced in the summer. The individual flowers have a "shark's head" appearance, due to the retracted lower and projecting upper lips.

#1....\$8.50

F15(4" Pots)....\$64.50

**Penstemon strictus****Penstemon, Rocky Mountain**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Blue

Hardy To: 11,000'

Exposure: Sun to Filtered Shade

Flower Season: Early to Mid-Summer

Brilliant, midnight blue flowers form open spikes on stout stalks arising from narrow, glossy green leaves.

#1....\$8.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Penstemon virgatus 'Blue Buckle'****Penstemon, Blue Buckle**

Mature Height: 1-2'

Mature Spread: 12-18"

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 9,000'

Exposure: Sun

Flower Season: Summer

Wide, glossy, dark green basal leaves surround stiff stems that have very narrow leaves. Profuse clusters of blue to blue-purple flowers bloom throughout the summer.

#1....\$8.50

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Penstemon xylus****2023 Plant Select®****Penstemon, Tushar**

Mature Height: 2-6"

Mature Spread: 15-18"

Water Requirement: Low

Flower Color: Blue to Violet

Hardy To: 10,000'

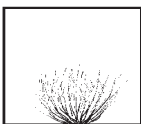

Exposure: Sun

Flower Season: Late Spring to Summer

Slender, trailing stems and narrow, spoon-like leaves form a thick carpet sprinkled heavily with blue to violet flowers from late spring through summer.

F15(4" Pots)....\$74.25

**Perovskia atriplicifolia****Sage, Russian**

Mature Height: 3-4'

AKA:Salvia yangii

Mature Spread: 3-4'

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Summer

Small, rich blue flowers circle branched spikes rising during mid to late summer on erect, slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub.

#1....\$8.50

F15(4" Pots)....\$64.50

**Perovskia atriplicifolia 'Buffalo Feathers'****Sage, Buffalo Feathers Russian**

Mature Height: 18-24"

AKA:Salvia yangii 'Buffalo Feathers'

Mature Spread: 18-24"

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 8,500'

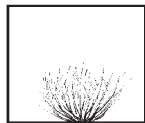

Exposure: Sun

Flower Season: Mid- to Late Summer

A compact selection that is less likely to flop in the landscape when planted in full sun. The foliage is fragrant, finely dissected, is deer resistant and makes a great choice for accent or border plantings. Cut back nearly to the ground in the spring before the new growth begins. A Little Valley selection.

#1....\$8.50

**Perovskia atriplicifolia 'Little Spire'****Sage, Little Spire Russian**

Mature Height: 2-3'

AKA: *Salvia yangii* 'Little Spire'

Mature Spread: 2-3'

Water Requirement: Very Low

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Summer

Small, rich blue flowers circle branched spikes rising during mid- to late summer on slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub. Listed as relatively upright and more compact than the species.

#1....\$8.50

**Persicaria affinis****Himalayan Border Jewel**

Mature Height: 6-8"

AKA: *Bistorta affinis*

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Pink

Hardy To: 9,000'

Exposure: Sun

Flower Season: Late summer

Bright green, slender foliage forms thick beds that turn coppery-red in fall. Can be very aggressive in many situations.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Petrosedum rupestre WINTER FIRE™****2022 Plant Select®****Stonecrop, WINTER FIRE™**

Mature Height: 2-4"

AKA: *Petrosedum rupestre* 'Rice Creek'

Mature Spread: 15-18"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer

Trailing mats of succulent, light green, needle-like foliage form a low groundcover that is well suited to dry locations. In fall, the foliage changes to ember-red, and then to deep burgundy over the winter.

**Phlomis cashmeriana****Sage, Himalayan**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Pink

Hardy To: 9,000'

Exposure: Sun to Filtered Shade

Flower Season: Spring to Early Summer

Stately spires of lavender-pink blooms stand out in the perennial border in late spring. The large furry leaves are attractive throughout the growing season. Thrives in sandy or clay loam soils.

#1....\$8.50

F15(4" Pots)....\$64.50

**Phlomis russeliana****Sage, Jerusalem**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 6,000'

Exposure: Sun

Flower Season: Summer

Large, olive green leaves form a thick clump with strong stems that grow up to three feet tall. Soft yellow flowers bloom in rings around the stem at the leaf axils.

#1....\$6.75

**Phlox douglasii 'Rose Cushion'****Phlox, Rose Cushion**

Mature Height: 2-4"

Mature Spread: 8-10"

Water Requirement: Low

Flower Color: Rose

Hardy To: 7,500'

Exposure: Sun

Flower Season: Spring

A very compact hybrid of phlox douglasii, 'Rose Cushion' forms a "bun" of needle-like green foliage that becomes completely obscured in the spring by large quantities of pink blossoms. Adapted to limestone soils.

#1....\$8.50

**Phlox paniculata 'Blue Boy'****Phlox, Blue Garden**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

A broad clump of narrow bright green leaves with erect stalks topped by dense clusters of fragrant disk-shaped flowers. Good cut flower.

#1....\$13.95

**Phlox paniculata 'David'****Phlox, Pure White Garden**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Slender, light green leaves form a broad clump with tall erect stems capped by clusters of white flat-faced flowers. Good cut flower.

#1....\$13.95

**Phlox paniculata 'Eva Cullum'****Phlox, Pink Garden**

Mature Height: 24-30"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Bright pink flowers with a darker eye bloom in rounded clusters above thick clumps of upright stems with narrow, bright green leaves. Good cut flower.

#1....\$13.95

**Phlox paniculata 'Fairy Petticoat'****Phlox, Light Pink Garden**

Mature Height: 18-24"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Soft pink flowers in rounded clusters rise above thick clumps of narrow, bright green leaves. Good cut flower.

#1....\$13.95

**Phlox paniculata 'Starfire'****Phlox, Red Garden**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Red

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

A dense clump of narrow, dark green leaves with a deep reddish cast. Bright red, disk-like flowers in rounded clusters stand tall on erect stalks. Good cut flower.

#1....\$13.95

**Phlox subulata 'Atropurpurea'****Phlox, Red Creeping**

Mature Height: 4-6"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Red

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

Flower Season: Early Spring

A thick creeping mound with short, rich green, blade-like leaves carrying reddish-purple flowers. Should be cut back following bloom time.

**Physostegia virginiana 'Crown of Snow'**
**Obedient Plant, White**

Mature Height: 2-3'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: White

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Summer to Fall

Welcome in the garden for its late summer color, this plant forms a bushy clump of dense dark green foliage, covered with spikes of tubular white flowers.

#1....\$6.75

F15(4" Pots)....\$58.25

**Physostegia virginiana 'Rose Queen'**
**Obedient Plant, Pink**

Mature Height: 24-30"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Pink

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer

Clumps of erect, leafy stems rise to attractive spikes of tubular pink flowers above dark green foliage. Spreads slowly by rhizomes to form a thick clump. Makes an attractive cut flower. Replaces Physostegia virginiana 'Pink Bouquet'

#1....\$6.75

F15(4" Pots)....\$58.25

**Platycodon grandiflorus 'Mariesii'**
**Balloon Flower, Blue**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer

Bell-shaped flowers appear throughout summer if old blossoms are removed. Common name is derived from the way the buds swell up like a balloon before opening.

#1....\$6.75

F15(4" Pots)....\$58.25

**Jacob's Ladder**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,000'

Exposure: Filtered Shade to Shade

Flower Season: Late Spring to Early Summer

Upright clumps with small, pinnate leaves which climb the stems, stair-like, presenting open clusters of pale blue flowers.

#1....\$13.95

F15(4" Pots)....\$64.50

**Polemonium caeruleum 'Brise D'Anjou'**
**Jacob's Ladder, Variegated**

Mature Height: 18-24"

Mature Spread: 15-18"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,000'

Exposure: Filtered Shade to Shade

Flower Season: Late Spring to Summer

Pinnately divided leaves, with each leaflet edged in creamy white, form striking clumps that draw immediate attention. Clusters of blue flowers are produced above the foliage in mid-spring to early summer.

#1....\$15.50

**Polygonum aubertii**

Silver Lace Vine

Mature Height: Vine

Mature Spread: Vine

Water Requirement: Low

Flower Color: White

Hardy To: 9,000'

Exposure: Sun

Flower Season: Mid- to Late Summer

Vigorous twining vine is covered with sprays of small white flowers in late summer. Needs support to climb on. Makes a very effective screening plant.

#1....\$13.95

**Potentilla atrosanguinea**

Cinquefoil, Red

Mature Height: 12-18"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Red

Hardy To: 8,000'

Exposure: Sun

Flower Season: Mid-Summer

An attractive wave of ruby red flowers are produced on slender stalks above a dense mound of hairy, rich green leaves.

#1....\$6.75

**Potentilla hippiana**

Cinquefoil, Wooly

Mature Height: 12-18"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Mid-Summer

Bright yellow flowers rise on slender stalks above a rounded clump of downy, silver-green leaves. Native to the Western United States and Canada.

#1....\$6.75

**Potentilla nepalensis 'Miss Wilmott'**

Cinquefoil, Miss Wilmott

Mature Height: 10-12"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Scarlet

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Summer

Strawberry-like leaves in basal clumps produce tufts of long leafy stems bearing clusters of 1" scarlet-red flowers all summer.

#1....\$6.75

**Potentilla neumanniana**

Cinquefoil, Creeping

Mature Height: 2-4"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring to Early Summer

A thick carpet of bright green foliage which spreads rapidly by runners. A popular groundcover topped by canary yellow flowers.

#1....\$6.75

F15(4" Pots)....\$64.50

F32(2 1/4" Pots)....\$64.95

**Potentilla neumanniana 'Nana'**

Cinquefoil, Dwarf Spring

Mature Height: 2-4"

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Butter Yellow

Hardy To: 8,500'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

Butter yellow flowers rest on a compact cushion of rounded, bright green foliage during late spring.

#1....\$6.75

F15(4" Pots)....\$64.50

**Primula denticulata**

Primrose, Drumstick

Mature Height: 6-12"

Mature Spread: 8-12"

Water Requirement: Medium

Flower Color: Lavender to White

Hardy To: 7,500'

Exposure: Shade

Flower Season: Early Spring

Flower stalks appear in spring, sporting a rounded cluster of funnel-like blooms. Light green, lettuce-like leaves emerge after the flowers. Woodland situations.

#1....\$6.75

**Primula parryi**
**Primrose, Rocky Mountain**

Mature Height: 6-18"

Mature Spread: 6-12"

Water Requirement: High

Flower Color: Magenta

Hardy To: 13,500'

Exposure: Sun to Filtered Shade

Flower Season: Summer

Striking magenta flowers with bright yellow eyes cluster atop a stalk surrounded by a basal rosette of long, narrow leaves. Does best in moist, cool conditions.

F15(4" Pots)....\$64.50

**Prunella laciniata**
**Lacy Self-Heal**

Mature Height: 8-12"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Pink

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Summer

Dark green, deeply lobed, pubescent leaves form a dense mat. Rose pink flowers are highlighted by dark, papery bracts.

#1....\$8.50

F32(2 1/4" Pots)....\$64.95

**Psephellus simplicicaulis**
**2023 Plant Select®**
**Bachelor Button, Evergreen**

Mature Height: 8-10"

Mature Spread: 10-12"

Water Requirement: Low

Flower Color: Pink

Hardy To: 6,500'

Exposure: Sun

Flower Season: Spring

Shaggy, pink flowers are carried on solitary stems through the spring above gray-green, pinnately cleft leaves. An evergreen plant that can root along the prostrate stems, forming a low groundcover. Formerly Centaurea bella.

**Pulmonaria 'Roy Davidson'**
**Bethlehem Sage, Roy Davidson**

Mature Height: 12-18"

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Pink to Blue

Hardy To: 6,000'

Exposure: Filtered Shade to Shade

Flower Season: Spring

A low, clump-forming perennial with wide, lance-shaped leaves of medium green with silvery spots throughout. Produces small terminal clusters of nodding, bell-shaped flowers that open pink and turn blue as they mature.

#1....\$17.95

**Pulsatilla vulgaris**
**Pasqueflower, European**

Mature Height: 6-12"

**AKA: Anemone pulsatilla**

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Purple

Hardy To: 9,000'

Exposure: Sun to Shade

Flower Season: Early Spring

Silvery buds open to purple, cup-shaped blooms with bright yellow centers. Fuzzy seed heads last into summer. Deeply cut silky foliage forms compact tufts.

#1....\$8.50

F15(4" Pots)....\$64.50

**Pulsatilla vulgaris 'Prima Papagena'**
**Pasqueflower, Mixed Colors**

Mature Height: 8-12"

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Mixed

Hardy To: 9,000'

Exposure: Sun to Shade

Flower Season: Spring

Clumps of deeply fringed leaves give rise to short stalks bearing fringed, single to semi-double flowers in shades of white, pink to dark red, and blue to violet.

#1....\$8.50

F15(4" Pots)....\$64.50

**Pulsatilla vulgaris 'Red Clock'**
**Pasqueflower, Red**

Mature Height: 8-12"

**AKA: Anemone pulsatilla 'Red Clock'**

Mature Spread: 8-12"

Water Requirement: Low

Flower Color: Red

Hardy To: 9,000'

Exposure: Sun to Shade

Flower Season: Spring

Clumps of deeply fringed leaves give rise in early spring to short stalks bearing velvety, dark red, single blossoms.

F32(2 1/4" Pots)....\$64.95

**Stachys lavandulifolia****2020 Plant Select®****Lamb's Ear, Pink Cotton**

Mature Height: 8-10"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Late Spring to Early Summer

A low-growing groundcover with soft, rich green leaves. In late spring, pink flowers are borne in verticillasters above the mat, looking remarkably like airy, flossy puffs of cotton candy.

#1....\$8.50

F15(4" Pots)....\$69.95

**Stachys monnieri 'Hummelo'****Betony, Hummelo**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Lavender-Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer

Long, narrow, dark green leaves form a dense clump to 18 spikes of lavender-pink flowers make a vivid show over the foliage in mid-summer.

#1....\$13.95

**Stokesia laevis****Aster, Stokes**

Mature Height: 15-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Blue

Hardy To: 8,500'

Exposure: Sun

Flower Season: Summer to Fall

Stiff, branching stems with long, narrow leaves recline along the ground, rising into the air at the tips. Fringed, blue flowers are 3-4 inches across with a bristly center.

#1....\$13.95

**Tanacetum × coccineum 'Robinson's Hybrid'****Daisy, Painted**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Pink to Crimson

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring to Early Summer

Rich green, fern-like leaves create an airy clump with wiry stems presenting single daisies ranging from pink to crimson and occasionally white. Blooms late spring to early summer.

#1....\$8.50

F15(4" Pots)....\$64.50

**Tanacetum × coccineum ‘Robinson’s Red’**
**Daisy, Crimson Painted**

Mature Height: 18-24”

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Crimson

Hardy To: 8,500’

Exposure: Sun

Flower Season: Late Spring to Early Summer

A loose clump with slender stalks sporting finely divided, dark green leaves. Deep crimson, yellow centered daisies appear in abundance.

#1....\$8.50

F15(4” Pots)....\$64.50

**Tanacetum × coccineum ‘Robinson’s Rose’**
**Daisy, Rose Painted**

Mature Height: 18-24”

Mature Spread: 12-18”

Water Requirement: Low

Flower Color: Rose Pink

Hardy To: 8,500’

Exposure: Sun

Flower Season: Late Spring to Early Summer

Rich rose pink daisies with yellow eyes arise on wiry stems in late spring and early summer above bright green, ferny foliage forming a wispy, rounded clump.

#1....\$8.50

F15(4” Pots)....\$64.50

**Tanacetum densum amani**
**Partridge Feather**

Mature Height: 6-8”

Mature Spread: 8-12”

Water Requirement: Very Low

Flower Color: Yellow

Hardy To: 8,900’

Exposure: Sun

Flower Season: Early Summer

Grown primarily for the finely cut, silvery white foliage, resembling a tuft of delicately curled feathers dotted with button-like yellow flowers in early summer.

#1....\$8.50

F15(4” Pots)....\$64.50

**Tanacetum niveum**
**Tansy, Snow Daisy**

Mature Height: 18-24”

Mature Spread: 18-24”

Water Requirement: Low

Flower Color: White

Hardy To: 8,900’

Exposure: Sun

Flower Season: Summer

Lacy, silver, fragrant foliage becomes covered with a mass of tiny white daisies creating a beautiful mound of frothy white. Blossoms appear in late spring and last for well over a month. Performs well in a variety of soils, including clay.

#1....\$6.75

F15(4” Pots)....\$58.25

**Teucrium chamaedrys**
**Germander, Wall**

Mature Height: 8-12”

Mature Spread: 8-12”

Water Requirement: Low

Flower Color: Purplish-Pink

Hardy To: 7,000’

Exposure: Sun

Flower Season: Mid-Summer

A compact mound with erect stems mounted by dark green, heavily toothed leaves that may remain evergreen. Produces pink flowers that spiral up short spikes.

#1....\$6.75

F15(4” Pots)....\$64.50

**Teucrium ‘Harlequin’s Silver’**
**2024 Plant Select®**
**Germander, EVERSILVER™**

Mature Height: 3-5”

Mature Spread: 6-12”

Water Requirement: Low

Flower Color: Light Purple

Hardy To: 6,000’

Exposure: Sun

Flower Season: Late Spring to Early Summer

A low, creeping, semi-woody, evergreen perennial selected for its bright, linear, silvery foliage. Produces abundant clusters of tiny, light purple flowers in late spring and early summer. Drought tolerant.

#1....\$11.85

F15(4” Pots)....\$74.25

**Thalictrum aquilegifolium**
**Meadowrue, Columbine**

Mature Height: 2-3’

Mature Spread: 12-18”

Water Requirement: Medium

Flower Color: Lavender to White

Hardy To: 8,000’

Exposure: Filtered Shade to Shade

Flower Season: Late Spring to Early Summer

Rounded, bluish-green leaves form a stately clump with slender, branched stalks decorated by airy plumes of tiny lavender to white flowers.

#1....\$6.75

**Thalictrum flavum glaucum****Meadowrue, Yellow**

Mature Height: 3-5'

Mature Spread: 15-24"

Water Requirement: Medium

Flower Color: Yellow

Hardy To: 8,000'

Exposure: Filtered Shade to Shade

Flower Season: Summer

Rounded, deeply lobed, bluish-green leaves form a thick clump with stout, lightly branched stalks decorated by airy powder puffs of yellow flowers.

#1....\$6.75

**Thalictrum rochebrunianum****Meadowrue, Lavender Mist**

Mature Height: 4-6'

Mature Spread: 18-24"

Water Requirement: Medium

Flower Color: Purple

Hardy To: 8,000'

Exposure: Filtered Shade to Shade

Flower Season: Summer to Early Fall

Large clumps of blue-green foliage with rounded leaflets give rise to displays of airy clouds of purple flowers with yellow stamens. Blooms from summer to early fall

#1....\$6.75

**Thermopsis divaricarpa****Golden Banner**

Mature Height: 18-24"

Mature Spread: 12-18"

Water Requirement: Medium

Flower Color: Yellow

Hardy To: 10,500'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Summer

Showy, pea-like flowers bloom above dark green foliage. Vigorous, underground stems spread quickly to form a thick mass best suited for woodland edges and moist meadow situations.

#1....\$6.75

F15(4" Pots)....\$69.95

**Thermopsis lupinoides****2020 Plant Select®****False Lupine, Golden Candles**

Mature Height: 2-3'

Mature Spread: 2-3'

Water Requirement: Medium

Flower Color: Yellow

Hardy To: 8,000'

Exposure: Sun

Flower Season: Spring

Clumps of green stems with ternate leaves (3 leaflets per leaf) produce abundant spikes of yellow, pea-type flowers in early to mid-spring.

**Veronica austriaca 'Crater Lake Blue'**

Speedwell, Crater Lake Blue

Mature Height: 12-18"

Mature Spread: 12-18"

Water Requirement: Low

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer

Small, linear, dark green leaves clothe upright stems forming mounding clumps. Short racemes carry star-shaped, true blue blossoms in June and July.

#1....\$8.50

**Veronica CRYSTAL RIVER®**

2003 Plant Select®

Speedwell, CRYSTAL RIVER®

Mature Height: 2-3"

AKA: Veronica 'Reavis'

Mature Spread: 20-30"

Water Requirement: Low

Flower Color: Blue

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Spring

This hybrid between Turkish Veronica and Woolly Veronica, is an evergreen groundcover with small, rounded leaves. Masses of tiny, bright blue flowers bloom in the spring, almost completely covering the plant, and later recur, lightly sprinkled amongst the foliage throughout the summer.

PP26,581

**Buddleja davidii 'Black Knight'**

**Butterfly Bush, Purple**

Mature Height: 6-12'

Mature Spread: 4-8'

Water Requirement: Medium

Flower Color: Violet-Purple

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Sprawling stems with willow-like, rich green leaves create an irregular, rounded frame. Long, slender spikes of orange centered, violet-purple flowers occur from mid to late summer.

#5 Re-Wholesale....\$42.75

**Buddleja davidii 'Nanho Blue'**

**Butterfly Bush, Compact Blue**

Mature Height: 4-6'

Mature Spread: 4-5'

Water Requirement: Medium

Flower Color: Blue

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer to Fall

Slender, arching, branched stems with narrow, gray-green leaves produce large numbers of blue flower spikes throughout the summer. Ideal for attracting butterflies.

#5 Re-Wholesale....\$37.05

**Buddleja davidii 'Nanho Purple'**

**Butterfly Bush, Compact Purple**

Mature Height: 5-6'

Mature Spread: 4-5'

Water Requirement: Medium

Flower Color: Purple

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Upright-arching, branched canes with narrow leaves grow into a rounded form. Produces many spikes of tiny purple flowers which provide nectar for butterflies. Can cut to the ground in spring to promote vigorous growth.

#5 Re-Wholesale....\$37.05

**Buddleja davidii nanhoensis PETITE INDIGO®**

**Butterfly Bush, Compact Lavender**

Mature Height: 4-6'

AKA: Buddleja davidii nanhoensis 'Mongo'

Mature Spread: 4-5'

Water Requirement: Medium

Flower Color: Lavender /Orange Eye

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

Narrow, gray-green leaves and slender, arching stems create a compact shrub with sprays of lavender flowers, each with an orange throat. Flowers mid to late summer.

#2 Re-Wholesale....\$31.95

**Buddleja davidii nanhoensis PETITE PLUM®**

**Butterfly Bush, Compact Purple**

**Cercocarpus intricatus**

**Mountain Mahogany, Littleleaf**

Mature Height: 3-6'

Mature Spread: 3-5'

Hardy To: 8,500'

Water Requirement: Very Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-White

Flower Season: Mid-Spring

A compact, semi-evergreen to evergreen shrub with small needle-like leaves. Bark is dark brown and deeply furrowed at maturity. Small yellow flowers in early spring produce feathery seed tails.

#5 Re-Wholesale....\$50.45

**Cercocarpus ledifolius**

**Mountain Mahogany, Curlleaf**

Mature Height: 10-25'

Mature Spread: 10-20'

Hardy To: 9,000'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Creamy White

Flower Season: Mid-Spring

A large shrub or small tree with a loose, rounded habit. Small, narrowly oval leaves are a dark, lustrous green, curling inward when extreme drought conditions exist. Small cream to yellow flowers in early spring produce seeds with curled, feathery tails.

#5....\$27.75

**Cercocarpus montanus**

**Mountain Mahogany, Common**

Mature Height: 6-8'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Very Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-White

Flower Season: Mid-Spring

An open, spreading shrub with rigid branches sporting grayish-green, wedge shaped leaves. Tiny, creamy yellow flowers in mid-spring produce fuzzy, twisted seed tails during late summer.

#5....\$27.75

**Chaenomeles speciosa 'Cameo'**

**Quince, Cameo**

Mature Height: 3-4'

Mature Spread: 4-6'

Hardy To: 6,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Apricot

Flower Season: Spring

Glossy green leaves with large stipules at the base cover lightly-thorned stems to form a low-growing shrub. Double, apricot-pink flowers are produced in early spring as the leaves emerge. Blooms later than the species.

#5 Re-Wholesale....\$53.05

**Chaenomeles speciosa 'Texas Scarlet'**

**Quince, Texas Scarlet**

Mature Height: 3-4'

Mature Spread: 4-6'

Hardy To: 6,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Red

Flower Season: Spring

Glossy green leaves with large stipules at the base cover lightly-thorned stems to form a low-growing shrub. Brilliant red flowers are produced in early spring before the leaves emerge, making this one of the earliest blooming shrubs in the landscape.

#5....\$27.75

#5 Re-Wholesale....\$53.05

**Chamaebatiaria millefolium**

**Fernbush**

Mature Height: 3-5'

Mature Spread: 3-6'

Hardy To: 7,500'

Water Requirement: Very Low

Exposure: Sun

Flower Color: White

Flower Season: Mid to Late Spring

Fern-like, gray-green leaves along erect, downy stems combine with loose, pyramidal clusters of small white flowers during mid to late spring creating a rounded, aromatic shrub with evergreen characteristics.

#5....\$26.25

**Cornus alba 'Argenteomarginata'**
**Dogwood, Variegated**

Mature Height: 6-8'

Mature Spread: 5-8'

Water Requirement: Medium

Flower Color: White

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

An upright, spreading shrub with dark red stems decorated by rich green leaves with creamy white bands along the margins. Clusters of tiny white flowers during late spring produce small off-white, berry-like fruit.

#5....\$27.75

**Cornus alba 'Bud's Yellow'**
**Dogwood, Bud's Yellow**

Mature Height: 6-8'

Mature Spread: 5-6'

Water Requirement: Medium

Flower Color: White

Hardy To: 8,000'

Exposure: Sun to Shade

Flower Season: Late Spring

Strong upright yellow canes branch out to support thick, green foliage. Clusters of white blossoms are displayed at the tips of the branches in late spring, followed by off-white berries. The yellow stem color is especially noticeable in the winter.

#5....\$26.25

**Cornus alba IVORY HALO®**
**Dogwood, IVORY HALO®**

Mature Height: 5-6'

**AKA: Cornus alba 'Bailhalo'**

Mature Spread: 5-6'

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

A compact rounded shrub with a finer texture and more dense appearance than the standard variegated dogwood. It has beautiful white and green variegated foliage and bright red winter twig color.

**Cornus sericea 'Cardinal'**
**Dogwood, Cardinal**

Mature Height: 6-10'

Mature Spread: 6-10'

Water Requirement: Medium

Flower Color: White

Hardy To: 8,500'

Exposure: Sun to Shade

Flower Season: Late Spring to Early Summer

Flat topped clusters of small white flowers appear in late spring to early summer producing berry-like white fruit. Bright green leaves are crowded along the yellow-green stems for an upright, oval habit. Winter stem color is bright orange-red.

#5....\$20.35

**Cornus sericea coloradense**

**Dogwood, Colorado**

Mature Height: 6-8'

Mature Spread: 8-12'

Water Requirement: Medium

Flower Color: White

Hardy To: 10,000'

Exposure: Sun to Shade

Flower Season: Late Spring to Early Summer

A broad rounded shrub with a spreading habit. The reddish stems root as they meet the ground turning upward to present the bright green foliage which becomes red in fall. Clusters of small white flowers are followed by bluish-white to white fruit.

#5....\$20.35

**Cornus sericea 'Isanti'**

**Dogwood, Isanti**

Mature Height: 4-5'

Mature Spread: 4-6'

Water Requirement: Medium

Flower Color: White

Hardy To: 8,500'

Exposure: Sun to Shade

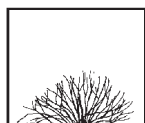

Flower Season: Late Spring to Early Summer

A dense, rounded shrub with bright red stems covered by lush green leaves turning striking red during autumn. Small, porcelain white fruit produced in late summer follow flat topped clusters of tiny white flowers.

#5....\$27.75

**Cornus sericea 'Kelsey'**

**Dogwood, Kelsey Dwarf**

Mature Height: 2-3'

Mature Spread: 2-3'

Water Requirement: Medium

Flower Color: White

Hardy To: 6,500'

Exposure: Filtered Shade to Shade

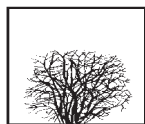

Flower Season: Late Spring to Early Summer

Rich green foliage crowded on slender, erect, reddish-brown twigs create a compact, rounded shrub. Tight, flat-topped clusters of tiny white flowers in late spring to early summer are followed by white berry-like fruit in late summer.

**Hydrangea arborescens INVINCIBELLE LIMETTA®**
**Hydrangea, INVINCIBELLE LIMETTA®**

Mature Height: 3-4'

Mature Spread: 30-36"

Hardy To: 6,000'

**AKA:Hydrangea arborescens ‘NCHA8’**

Water Requirement: Medium

Flower Color: Green

Exposure: Filtered Shade to Shade Flower Season: Late Summer

A rounded shrub with large, rich green leaves on smooth,strong stems. Flower are terminal, in enormous clusters up to 12 inches in diameter. The blossoms are lime green, then lightening slightly toward white, before finishing out jade green.

#3 Re-Wholesale....\$47.50

**Hydrangea arborescens INVINCIBELLE Spirit II**
**Hydrangea, INVINCIBELLE Spirit II**

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 6,000'

**AKA:Hydrangea arborescens ‘NCHA2’**

Water Requirement: Medium

Flower Color: Pink

Exposure: Filtered Shade to Shade Flower Season: Late Summer

A rounded shrub with large, rich green leaves on smooth,strong stems. Pink flowers are terminal, and borne in large clusters in early summer, with repeat blossoming to late summer. An improvement on Spirit, with richer pink flowers that turn green as they age.

#2 Re-Wholesale....\$47.35

**Hydrangea macrophylla BLOOMSTRUCK®**
**Hydrangea, BLOOMSTRUCK®**

Mature Height: 3-4'

Mature Spread: 4-5'

Hardy To: 6,000'

**AKA:Hydrangea macrophylla ‘PM11HM-11’**

Water Requirement: Medium

Flower Color: Pink or Purple

Exposure: Filtered Shade to Shade Flower Season: Summer

A “mophead” type with full snowball-like flower clusters accented by lustrous medium green fleshy leaves. Flowers are produced on the current year’s growth rather than on the last year’s growth, which makes for more reliable flowering in the colder zones. Blooms pink in alkaline soils, purple in acidic.

#3 Re-Wholesale....\$47.50

#5 Re-Wholesale....\$53.05

**Hydrangea macrophylla BLUE ENCHANTRESS™**
**Hydrangea, BLUE ENCHANTRESS™**

Flower Color: Woolly White

Flower Season: Spring to Fall

Upright, woolly branches with densely hairy leaves give this plant a whitish look. Seed clusters along the branches fluff out, making the stems look thick and cottony. Formerly known as Ceratoides lanata, and Eurotia lanata.

#5 Re-Wholesale....\$53.05

**Ligustrum × vicaryi**
**Privet, Golden Vicary**

Mature Height: 4-6’

Mature Spread: 3-4’

Hardy To: 6,000’

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Early Summer

Golden yellow, oval leaves throughout the season clothe slightly arching stems to create a rounded, somewhat vase shaped shrub with insignificant white flowers in open clusters during early summer.

#5 Re-Wholesale....\$46.30

**Ligustrum vulgare 'Cheyenne'**

**Privet, Cheyenne**

Mature Height: 6-8'

Mature Spread: 4-6'

Water Requirement: Low

Flower Color: White

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

Flower Season: Early Summer

Small, lanceolate, dark green leaves on erect stems form a dense shrub with an upright habit. White flowers in loose clusters appear in early summer followed by glossy, black fruit during late summer and well into winter.

#5....\$20.35

**Lonicera involucrata**

**Honeysuckle, Twinberry**

Mature Height: 3-5'

Mature Spread: 3-6'

Water Requirement: Medium

Flower Color: Creamy Yellow

Hardy To: 11,000'

Exposure: Filtered Shade to Shade

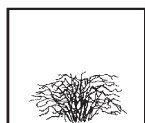

Flower Season: Late Spring to Early Summer

An upright, oval shaped shrub with erect branches and bright green, rounded to oval leaves. Pairs of creamy yellow, tubular flowers during late spring to early summer produce shiny black berries as twins resting in the reddish floral leaflets below.

#5....\$26.25

**Lonicera syringantha 'Wolfii'**

**Honeysuckle, Tiny Trumpet**

Mature Height: 3-4'

Mature Spread: 4-6'

Water Requirement: Medium

Flower Color: Reddish-Pink

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

Small, trumpet-like, reddish-pink flowers with a lilac aroma appear during late spring. The deep bluish-green, oval leaves on slender sprawling branches, form a dense, irregularly rounded shrub.

#5....\$27.75

**Lonicera × xylosteoides 'Clavey's Dwarf'**

**Honeysuckle, Clavey's Dwarf**

Mature Height: 5-6'

Mature Spread: 4-5'

Water Requirement: Low

Flower Color: Creamy White

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

Flower Season: Spring

An upright, compact shrub with small, grayish-green, ovate leaves and sporadic pale yellow to white, tubular flowers in late spring. Small bright red berries are borne in mid-summer.

#2 Re-Wholesale....\$31.95

**Lonicera xylosteum 'Emerald Mound'**

**Honeysuckle, Emerald Mound**

Mature Height: 2-3'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Yellowish-White

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

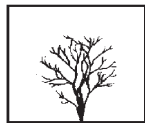

Flower Season: Late Spring

A compact mounding shrub with grayish-green, broadly ovate leaves and sporadic pale yellow to white, tubular flowers in late spring. Small bright red berries are borne in mid-summer.

#5....\$26.25

**Magnolia stellata 'Royal Star'**
**Magnolia, Star**

Mature Height: 10-15'

Mature Spread: 10-15'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Filtered Shade

Flower Color: White

Flower Season: Early Spring

A small tree or large shrub with a rounded, compact crown. Large, single, star-like flowers are pure white and fragrant during early spring. Small, oval dark green leaves turn pale yellow in fall.

#10 Re-Wholesale....\$160.00

**Magnolia 'Susan'**
**Magnolia, Susan**

Mature Height: 8-12'

Mature Spread: 8-12'

Hardy To: 6,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Fuchsia

Flower Season: Spring

A slow-growing, shrubby plant that forms a large, upright shrub or small tree. Fuchsia, goblet shaped blossoms open in early spring just before the dark green leaves appear. Blooms later than star magnolia, thus avoiding some of the late frosts that can damage the flowers.

#15 Re-Wholesale....\$200.00

**Mahonia (Berberis) aquifolium**
**Oregon Grape Holly**

Mature Height: 4-8'

Mature Spread: 4-6'

Hardy To: 6,500'

**AKA:Berberis aquifolium**

Water Requirement: Low

Exposure: Shade

Flower Color: Yellow

Flower Season: Mid-Spring

A broadleaf evergreen with erect spreading branches clothed by rounded, sharply toothed leaves, dark bluish-green in color turning reddish-bronze to purple in the winter. Clusters of yellow flowers produce blue-black fruits in late summer.

#5 Re-Wholesale....\$56.10

**Mahonia (Berberis) aquifolium 'Compacta'**
**Oregon Grape Holly, Compact**

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 6,500'

**AKA:Berberis aquifolium 'Compacta'**

Water Requirement: Low

Exposure: Shade

Flower Color: Yellow

Flower Season: Mid-Spring

Deep bluish-green, toothed leaves on rigid stems form a compact broadleaf evergreen. Clusters of yellow flowers produce small, grape-like blue fruit in late summer. Foliage becomes reddish-bronze to purple during winter.

#5 Re-Wholesale....\$58.75

**Malus sylvestris 'Granny Smith' Semi-dwarf**
**Apple, Granny Smith Semi-dwarf**

Mature Height: 12-15'

Mature Spread: 15-20'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Spring

Large, crisp green fruits develop from fragrant, white blossoms that bloom in mid-spring. The fruit is used primarily for cooking and desserts. Semi-dwarf Listed as self-fruitful, but fruit set is improved with a pollinizer.

#10 Re-Wholesale....\$120.00

**Malus sylvestris Six-Way Esp**
**Apple, Multi-graft semi-dwarf espalier**

Mature Height: 10-15'

Mature Spread: 20-30'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Spring

An espaliered semi-dwarf apple with six cultivars grafted to it. Listing for 2026: 'Honeycrisp', 'Cortland', 'Fuji', 'Gala', 'Gravenstein', 'Yellow Delicious'

#10 Re-Wholesale....\$225.00

**Nandina domestica**
**Bamboo, Heavenly**

Mature Height: 6-8'

Mature Spread: 4-6'

Hardy To: 5,500'

Water Requirement: Medium

Exposure: Filtered Shade

Flower Color: Pink/White

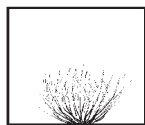

Flower Season: Spring

Clusters of small, pink buds open to white flowers. New leaves are coppery becoming bluish-green and then shades of red in fall. Upright flat-topped crown accents bright red berries that persist through winter. Needs protection.

#5 Re-Wholesale....\$53.05

**Perovskia atriplicifolia**

Sage, Russian

Mature Height: 3-4' AKA: *Salvia yangii*  
 Mature Spread: 3-4' Water Requirement: Very Low Flower Color: Blue  
 Hardy To: 8,500' Exposure: Sun Flower Season: Mid- to Late Summer  
 Small, rich blue flowers circle branched spikes rising during mid to late summer on erect, slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub.

#5....\$19.25

**Perovskia atriplicifolia 'Little Spire'**

Sage, Little Spire Russian

Mature Height: 2-3' AKA: *Salvia yangii* 'Little Spire'  
 Mature Spread: 2-3' Water Requirement: Very Low Flower Color: Blue  
 Hardy To: 8,500' Exposure: Sun Flower Season: Mid- to Late Summer  
 Small, rich blue flowers circle branched spikes rising during mid- to late summer on slender, downy white stems bearing fragrant, finely cut, grayish-green leaves. Forms an open rounded shrub. Listed as relatively upright and more compact than the species.

Mature Height: 2-3'

**AKA:Dasiphora fruticosa**

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Early to Late Summer

Irregular, arching branches create an open, rounded shrub producing fine textured leaves consisting of rich green, oblong leaflets. Single yellow flowers are produced throughout the summer.

#5....\$19.25

**Potentilla fruticosa 'Coronation Triumph'**

**Potentilla, Coronation Triumph**

Mature Height: 3-4'

AKA: *Dasiphora fruticosa* 'Coronation Triumph'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

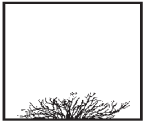

Single, rich yellow flowers throughout the summer cap an upright rounded shrub consisting of slender branches and dark green leaves divided into oblong leaflets.

#5....\$19.25

**Potentilla fruticosa DAKOTA SUNSPOT®**

**Potentilla, DAKOTA SUNSPOT®**

Mature Height: 2-3'

AKA: *Dasiphora fruticosa* 'Fargo'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

A low, rounded shrub with gray-green foliage divided into oblong leaflets along twigs that are reddish when young. Showy yellow flowers are produced above the foliage throughout the summer.

#5....\$20.35

**Potentilla fruticosa davurica 'PRAIRIE SNOW'™**

**Potentilla, PRAIRIE SNOW™**

Mature Height: 2-3'

AKA: *Dasiphora fruticosa davurica* 'Prairie Snow'

Mature Spread: 3-5'

Water Requirement: Low

Flower Color: White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid-Spring to Fall

Slender, branched stems arch out from the crown to form a spreading, mounded shrub. Deeply divided, medium-green leaves form a backdrop for the single, white blossoms that are borne in profusion from mid-spring to fall.

#5....\$20.35

**Potentilla fruticosa 'Gold Drop'**

**Potentilla, Gold Drop**

Mature Height: 2-3'

AKA: *Dasiphora fruticosa* 'Gold Drop'

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Early to Late Summer

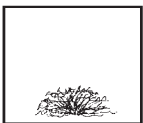

Bright green, oblong leaflets form fine textured foliage on slightly nodding stems to create a compact, rounded shrub blanketed by small intense yellow flowers from early to late summer.

#5....\$19.25

**Potentilla fruticosa 'Gold Finger'**

**Potentilla, Gold Finger**

Mature Height: 2-3'

AKA: *Dasiphora fruticosa* 'Gold Finger'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Early to Late Summer

Slender, arching branches clothed by foliage separated into rich green, oblong leaflets form a rounded shrub draped by bright yellow flowers throughout the summer.

#5....\$19.25

**Potentilla fruticosa 'Jackmannii'**

**Potentilla, Jackman**

Mature Height: 2-3'

AKA: *Dasiphora fruticosa* 'Jackmannii'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 10,000'

Exposure: Sun

Flower Season: Early to Late Summer

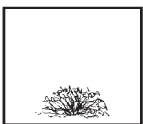

A loose upright rounded shrub with slender, sprawling branches and gray-green, lobed leaves. Produces an abundance of single, bright yellow flowers from early to late summer.

#5....\$19.25

**Potentilla fruticosa 'Kathryn Dykes'**

**Potentilla, Kathryn Dykes**

Mature Height: 2-3'

AKA: *Dasiphora fruticosa* 'Kathryn Dykes'

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow/Orange

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

A low mounding shrub with medium green foliage divided into oblong leaflets. Profuse single blossoms are rich yellow with orange-red radiating out from the centers. Color is most intense in cooler weather, and when the flowers are newly opened.

#3 Re-Wholesale....\$37.25 #5 Re-Wholesale....\$53.05

**Potentilla fruticosa 'McKay's White'**
**Potentilla, McKay's White**

Mature Height: 2-3'

**AKA:Dasiphora fruticosa 'McKay's White'**

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: White

Hardy To: 8,500'

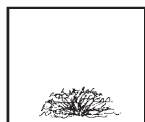

Exposure: Sun

Flower Season: Early Summer

Single white flowers rest on a bed of light green oblong leaflets along arching branches during early summer and sporadically through the summer to form a rounded, mounding shrub.

#5....\$19.25

**Potentilla fruticosa 'Pink Beauty'**
**Potentilla, Pink Beauty**

Mature Height: 2-3'

**AKA:Dasiphora fruticosa 'Pink Beauty'**

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Pink

Hardy To: 10,000'

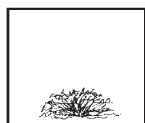

Exposure: Sun

Flower Season: Early Summer

A 1994 introduction from the University of Manitoba, it has bright green bushy foliage and clear pink flowers on a compact rounded form. Flowers will hold their color better than 'Red Ace' and 'Tangerine', but when nights are very warm, they will fade.

#5....\$20.35

**Potentilla fruticosa 'Red Ace'**
**Potentilla, Red Ace**

Mature Height: 2-3'

**AKA:Dasiphora fruticosa 'Red Ace'**

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Red to Orange

Hardy To: 8,500'

Exposure: Sun

Flower Season: Spring to Fall

Bright green, deeply lobed foliage covers slender stems to form a rounded, compact shrub. Reddish-orange flowers quickly fade to orange-yellow under Colorado's bright sun, resulting in a plant with a range of flower colors from spring to fall.

#2 Re-Wholesale....\$31.95

**Potentilla fruticosa 'Sutter's Gold'**
**Potentilla, Sutter's Gold**

Mature Height: 1-2'

**AKA:Dasiphora fruticosa 'Sutter's Gold'**

Mature Spread: 2-3'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

A low mounding shrub with pale green foliage divided into oblong leaflets hosting large, single, yellow flowers from early to late summer.

#5....\$19.25

**Potentilla fruticosa 'Tangerine'**
**Potentilla, Tangerine**

Mature Height: 18-24"

Water Requirement: Low

Flower Color: Yellow/Orange

Mature Spread: 18-24"

Water Requirement: Low

Flower Color: Yellow/Orange

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Late Summer

A low mounding shrub with medium green foliage divided into oblong leaflets. Profuse single blossoms are rich yellow with a coppery orange flush. The color is most intense in cooler weather, and when the flowers are newly opened.

#2 Re-Wholesale....\$31.95

**Potentilla fruticosa 'Yellow Gem'**

**Potentilla, Yellow Gem**

Mature Height: 1-2'

AKA: *Dasiphora fruticosa* 'Yellow Gem'

Mature Spread: 3-4'

Water Requirement: Low

Flower Color: Yellow

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring to Fall

A low, spreading shrub with gray-green foliage divided into oblong leaflets along twigs that are reddish when young. Bright yellow flowers are produced along the outer edges of the shrub from late spring to fall.

#2 Re-Wholesale....\$31.95 #5....\$19.25

**Prunus americana**

**Plum, American**

Mature Height: 10-20'

Mature Spread: 8-12'

Water Requirement: Low

Flower Color: White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- to Late Spring

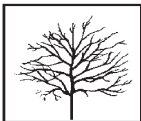

A broad rounded shrub with a suckering habit. Single white flowers in small clusters mingle amongst oblong, dark green leaves. Autumn color is warm yellow. Small reddish plums with yellow flesh ripen from mid to late summer. Self-fertile.

#5....\$27.75 #5 Re-Wholesale....\$34.95

**Prunus armeniaca 'Chinese'**

**Apricot, Sweet Pit Chinese**

Mature Height: 20-30'

Mature Spread: 20-30'

Water Requirement: Medium

Flower Color: White to Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce yellow fruit by mid-summer. Late blooming, with frost-resistant buds. Self-pollinating, but yield is improved with a pollinizer.

#10 Re-Wholesale....\$160.00

**Prunus armeniaca 'Chinese' Semi-dwarf**

**Apricot, Sweet Pit Chinese Semi-Dwarf**

Mature Height: 8-15'

Mature Spread: 8-15'

Water Requirement: Medium

Flower Color: White to Pink

Hardy To: 8,000'

Exposure: Sun

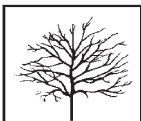

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce yellow fruit by mid-summer. Late blooming, with frost-resistant buds. Self-pollinating, but yield is improved with a pollinizer. Grafted to a semi-dwarfing rootstock.

#10 Re-Wholesale....\$160.00

**Prunus armeniaca 'Moongold'**

**Apricot, Moongold**

Mature Height: 15-25'

Mature Spread: 15-25'

Water Requirement: Medium

Flower Color: Pale Pink

Hardy To: 8,000'

Exposure: Sun

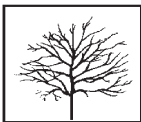

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce light orange fruit by mid-summer. Because of its early bloom time, fruit production may be reduced or prevented by late frosts. Needs a pollinator.

#10 Re-Wholesale....\$160.00

**Prunus armeniaca 'Moorpark' Semi-dwarf**

**Apricot, Moorpark Semi-dwarf**

Mature Height: 10-15'

Mature Spread: 10-15'

Water Requirement: Medium

Flower Color: Pale Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce light orange fruit in mid- to late summer. Fruit set may be reduced or prevented by late frosts. Self-pollinating, but yield may be improved with a second cultivar. Grafted on semi-dwarfing rootstock.

#10 Re-Wholesale....\$120.00

**Prunus avium 'Bing'**

**Cherry, Bing**

Mature Height: 25-30'

Mature Spread: 20-25'

Water Requirement: Medium

Flower Color: White

Hardy To: 6,500'

Exposure: Sun

Flower Season: Early Spring

A large, spreading tree with glossy bark and leaves that are twice the size of those on sour cherries. Produces single, white blossoms in early spring that develop into large, sweet cherries with dark red to purplish skin. Needs a pollinizer.

#10 Re-Wholesale....\$120.00

**Prunus avium 'Lapins' Semi-dwarf**
**Cherry, Lapins Semi-dwarf**

Mature Height: 12-15'

Mature Spread: 10-15'

Water Requirement: Medium

Flower Color: Pinkish-White

Hardy To: 6,500'

Exposure: Sun

Flower Season: Early Spring

A semi-dwarf, upright tree with glossy bark and leaves twice the size of those on sour cherries. Produces single, pinkish-white blossoms in early spring that develop into large, sweet cherries with dark red skin. Self-pollinating.

#10 Re-Wholesale....\$120.00

**Prunus × cistena**
**Plum, Purple Leaf**

Mature Height: 6-8'

Mature Spread: 4-6'

Water Requirement: Medium

Flower Color: Pale Pink

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- Spring

Oval leaves emerging red turn purplish-red as they mature on erect stems sprinkled with small pale pink to white flowers borne in mid-spring. Forms an upright rounded shrub.

#5....\$27.75

**Prunus × cistena DARKSTAR®**
**Plum, DARKSTAR® Purple Leaf**

PP29,575

Mature Height: 4-5'

**AKA:Prunus x cistena 'UCONNPC001'**

Mature Spread: 3-4'

Water Requirement: Medium

Flower Color: Pale Pink

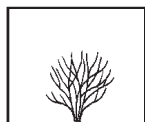

Hardy To: 8,500'

Exposure: Sun

Flower Season: Mid- Spring

A compact form of Cistena plum, with reddish-purple foliage on erect stems, sprinkled with small pale pink to white flowers borne in mid-spring. Forms an upright rounded shrub.

#2 Re-Wholesale....\$33.95

**Prunus glandulosa 'Rosea Plena'**
**Almond, Pink Flowering**

Mature Height: 4-6'

Mature Spread: 4-6'

Water Requirement: Medium

Flower Color: Pink

Hardy To: 6,000'

Exposure: Sun

Flower Season: Early Spring

Double (occasionally single) soft pink flowers cover erect stems in early spring prior to the emergence of the light green, oblong leaves, creating an upright, rounded shrub.

#5 Re-Wholesale....\$53.05

**Prunus persica 'Contender' Standard**
**Peach, Contender Standard**

Mature Height: 15-25'

Mature Spread: 10-15'

Water Requirement: Medium

Flower Color: Pink

Hardy To: 6,000'

Exposure: Sun

Flower Season: Early Spring

Large, willow-like leaves on green twigs cover a stout tree with an upright to spreading habit. Pink to white flowers bloom in early spring, followed by medium, freestone, juicy fruit with a red blush and yellow flesh. Self fertile.

#10 Re-Wholesale....\$160.00

**Prunus persica 'Elberta' Semi-dwarf**
**Peach, Elberta Semi-dwarf**

Mature Height: 10-15'

Mature Spread: 10-12'

Water Requirement: Medium

Flower Color: White to Pink

Hardy To: 6,000'

Exposure: Sun

Flower Season: Early Spring

Large, willow-like leaves on green twigs cover a stout tree with an upright to spreading habit. Pink to white flowers bloom in early spring, followed by large, freestone, juicy fruit with a red blush and yellow flesh. Elberta on semi-dwarfing rootstock will grow to 15' tall. Self-fertile.

#10 Re-Wholesale....\$140.00

**Prunus persica 'Giant Elberta' Semi-dwarf**
**Peach, Giant Elberta Semi-dwarf**

Mature Height: 12-15'

Mature Spread: 10-15'

Exposure: Sun

Flower Season: Spring

A prostrate, ground covering form of our native sand cherry. Shiny, blue-green leaves turn bright red and purple in autumn. Fragrant white flowers in April produce black fruit that attracts wildlife.

#5....\$26.25

**Prunus tenella**

**Almond, Dwarf Russian**

Mature Height: 2-5'

Mature Spread: 2-4'

Water Requirement: Low

Flower Color: Pink

Hardy To: 6,000'

Exposure: Sun

Flower Season: Early to Mid-Spring

Reddish-brown stems with glossy, dark green leaves create a low, irregular suckering shrub. Intense pink to red flowers are produced from buds on the previous year's growth.

#5....\$20.35

#5 Re-Wholesale....\$58.75

**Prunus tomentosa**

Cherry, Nanking

Mature Height: 6-10'

Mature Spread: 6-12'

Water Requirement: Low

Flower Color: White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Early to Mid-Spring

A broad, upright spreading shrub with slender branches and peeling bark. Finely toothed, elliptic leaves are fuzzy and dark green. Small, pinkish buds open to white, fragrant flowers followed by small, bright red edible cherries.

#5....\$20.35

#5 Re-Wholesale....\$46.30

**Prunus virginiana melanocarpa**

Chokecherry, Native

Mature Height: 8-20'

Mature Spread: 8-12'

Water Requirement: Low

Flower Color: White

Hardy To: 10,000'

Exposure: Sun to Filtered Shade

Flower Season: Mid-Spring

An irregular rounded shrub that suckers to form thick colonies. Broadly elliptic leaves are shiny dark green. Long drooping clusters of small white flowers in mid-spring produce globular, reddish fruit changing to purple from mid to late summer. Can be pruned to a tree form. Self-fertile.

#5....\$27.75

**Prunus virginiana 'Schubert'**

Chokecherry, Schubert or Canada Red

Mature Height: 20-30'

Mature Spread: 15-25'

Water Requirement: Low

Flower Color: White

Hardy To: 9,000'

Exposure: Sun

Flower Season: Spring

A pyramidal rounded, suckering tree or large shrub with dense, slender branches. Elliptic leaves emerge rich green becoming burgundy as they mature. Narrow clusters of small flowers are produced during spring followed by purplish-red fruit in summer. Self-fertile.

#5....\$26.25

**Pyracantha angustifolia GNOME®**

Firethorn, GNOME®

Mature Height: 4-6'

Mature Spread: 4-6'

AKA: Pyracantha angustifolia 'Gnozam'

Water Requirement: Low

Flower Color: White

Hardy To: 6,000'

Exposure: Sun to Filtered Shade

Flower Season: Late Spring

A globular shrub with dense, thorny branches and dark evergreen, narrow, oval leaves. Domed clusters of single, white flowers in late spring are followed by tight clusters of orange berries that persist through winter.

#5 Re-Wholesale....\$53.05

**Pyracantha angustifolia 'YUKON BELLE'®**

Firethorn, YUKON BELLE®

Mature Height: 8-10'

Mature Spread: 6-8'

AKA: Pyracantha angustifolia 'Monon'

Water Requirement: Low

Flower Color: White

Hardy To: 6,000'

Exposure: Sun to Filtered Shade

Flower Season: Spring

A large shrub with dense, thorny branches and dark green narrow, oval leaves. Produces clusters of single, white flowers in late spring, followed by large clusters of showy orange berries that persist through the winter.

**Rhododendron, Dwarf Violet**

Mature Height: 2-3'

Mature Spread: 2-3'

Hardy To: 7,000'

Water Requirement: High

Exposure: Shade

Flower Color: Violet Purple

Flower Season: Mid-Spring

Myriads of vibrant, violet purple, cup-like flowers nestle into a compact mound of small, oval, dark green leaves during mid-spring. Foliage turns purplish-bronze in the winter.

#5 Re-Wholesale....\$71.00

**Rhododendron 'Roseum Elegans'**
**Rhododendron, Pink**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 6,500'

Water Requirement: High

Exposure: Shade

Flower Color: Rose Pink

Flower Season: Mid to Late Spring

Heavy clusters of bell-shaped, rose-pink flowers during mid to late spring compliment an upright rounded broadleaf ever-green consisting of erect, arching stems clothed by large, oblong, light green leaves turning to rosy red in winter.

#5 Re-Wholesale....\$71.00

**Rhododendron 'White Lights'**
**Azalea, White Lights**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 7,500'

Water Requirement: High

Exposure: Filtered Shade to Shade

Flower Color: Pinkish-White

Flower Season: Mid- to Late Spring

A deciduous shrub with a thick, rounded crown smothered by large, pink-tinged, white, trumpet-like flowers in mid- to late spring. Rich green oblong leaves turn coppery red in autumn.

#2 Re-Wholesale....\$48.35

**Rhus aromatica 'Gro-Low'**
**Sumac, Dwarf Fragrant**

Mature Height: 2-3'

Mature Spread: 6-8'

Hardy To: 8,500'

Water Requirement: Low

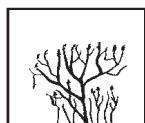

Exposure: Sun

Flower Color: Yellow

Flower Season: Early Spring

A broad, spreading shrub with sprawling branches covered by glossy, dark green 3-lobed leaves that turn warm shades of yellow to red in autumn. Compact spikes of small, yellow flowers in spring produce velvety, red fruit in mid-summer.

#5....\$26.25

**Rhus glabra**
**Sumac, Smooth**

Mature Height: 8-15'

Mature Spread: 8-10'

Hardy To: 8,500'

Water Requirement: Low

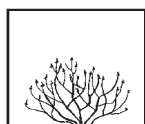

Exposure: Sun

Flower Color: Greenish-Yellow

Flower Season: Early Summer

Thick, smooth branches form an open irregular crown with a suckering habit. Long, rich green, pinnate leaves change to yellows, oranges and reds in fall. Clusters of flowers produce velvety red fruit in late summer.

#5....\$20.35

**Rhus glabra cismontana**
**Sumac, Rocky Mountain**

Mature Height: 2-8'

Mature Spread: 2-3'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

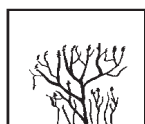

Flower Color: Creamy Yellow

Flower Season: Early Summer

An open, rounded shrub suckering into colonies. Large, oblong leaflets form bright green leaves turning yellow to crimson red in autumn. Pyramidal clusters of small creamy yellow flowers produce velvety dark red fruit in late summer. Height is dependant on site and irrigation.

#5....\$26.25

#5 Re-Wholesale....\$46.30

**Rhus glabra 'Laciniata'**
**Sumac, Cutleaf Smooth**

Mature Height: 8-15'

Mature Spread: 8-10'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun

Flower Color: Greenish-Yellow

Flower Season: Spring

Essentially identical in habit to the standard smooth sumac, this plant differs in that the leaflets are finely divided, giving the plant a delicate, lacy appearance. Clusters of flowers produce velvety red fruit in late summer.

#5....\$26.25

**Rhus trilobata**

**Sumac, Three-Leaf**

Mature Height: 3-8'

Mature Spread: 3-6'

Hardy To: 9,000'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early Spring

Glossy, dark green leaves separated into three leaflets can become fiery red in fall. Rigid arching branches develop into a dense, round shrub with tiny clusters of yellow flowers.

#5....\$20.35

**Rhus trilobata 'Autumn Amber'**

**Sumac, Creeping Three-Leaf**

Mature Height: 12-18"

Mature Spread: 6-10'

Hardy To: 9,000'

Water Requirement: Very Low

Exposure: Sun

Flower Color: Yellow

Flower Season: Early Spring

Glossy, dark green leaves separated into three leaflets can become fiery red in fall. Prostrate branches hug the ground to form a very low, spreading shrub with brilliant fall color.

#5....\$26.25

**Rhus typhina**

**Sumac, Staghorn**

Mature Height: 10-25'

Mature Spread: 10-15'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun

Flower Color: Greenish-Yellow

Flower Season: Early Summer

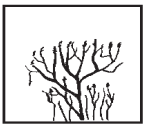

A colonizing shrub or small tree with thick branches covered by felt-like hair on new growth. Large bright green, oblong leaflets turn striking shades of red during fall. Velvety red fruit develops in pyramidal clusters after the flowers.

#5....\$20.35

**Rhus typhina 'Dissecta'**

**Sumac, Cutleaf Staghorn**

Mature Height: 6-8'

Mature Spread: 6-8'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun

Flower Color: Greenish-Yellow

Flower Season: Spring

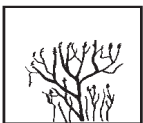

Finely dissected, oblong leaflets form bright green leaves changing to warm shades during autumn. The coarse suckering branching habit creates a thick colony with clusters of greenish flowers followed by velvety red berries in late summer.

#5....\$26.25

**Rhus typhina TIGER EYES®**

**Sumac, TIGER EYES® Staghorn**

Mature Height: 6-8'

Mature Spread: 6-8'

Hardy To: 8,500'

**AKA:Rhus typhina 'Bailtiger'**

Water Requirement: Low

Exposure: Sun

Flower Color: Greenish-Yellow

Flower Season: Spring

Finely dissected, bright yellow leaves through the summer add orange and red shades during autumn. The coarse suckering branching habit creates a thick colony with clusters of greenish flowers followed by velvety red berries in late summer.

#3....\$28.50

**Ribes alpinum**

**Currant, Alpine**

Mature Height: 3-6'

Mature Spread: 3-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-Green

Flower Season: Mid-Spring

Small, blunt lobed, rounded leaves with a rich green color, covering slender branches create a globular shrub. Open clusters of insignificant yellowish-green flowers produce sparse, red, mealy fruits from early to mid-summer.

#5....\$20.35

**Ribes alpinum 'Green Mound'**

**Currant, Green Mound**

Mature Height: 3-4'

Mature Spread: 2-3'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellowish-Green

Flower Season: Mid-Spring

Rich, glossy green leaves with rounded lobes cover slender, straw-colored branches, creating a densely rounded shrub. A male cultivar that produces clusters of insignificant, yellowish-green flowers but no fruit.

#3 Re-Wholesale....\$35.50

#5....\$20.35

**Ribes aureum**
**Currant, Yellow Flowering**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Late Spring

A broad, rounded shrub. Small, bright yellow flowers with a clove scent are disbursed among pale green, rounded, three-lobed leaves during late spring. Produces pea-sized, purplish-black fruit in mid to late summer. Foliage turns a translucent red in the fall.

#5....\$19.25

**Ribes aureum 'Gwen's Buffalo'**
**Currant, Gwen's Buffalo**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Late Spring

A broad, rounded shrub. Small, bright yellow flowers with a clove scent are disbursed among pale green, rounded, three-lobed leaves during late spring. Produces pea-sized, purplish-black fruit in mid to late summer. Foliage turns a translucent red in the fall. Selected for higher fruit production.

#5 Re-Wholesale....\$41.25

**Ribes cereum**
**Currant, Wax**

Mature Height: 2-4'

Mature Spread: 2-4'

Hardy To: 11,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Greenish-White

Flower Season: Late Spring

Dense branches flaring outward form a compact rounded shrub framing rounded, shallowly lobed, waxy leaves with a grayish-green color. Bright red, marble-like berries are produced in late summer.

#5....\$27.75

**Ribes odoratum 'Crandall'**
**Currant, Crandall Clove**

Mature Height: 3-5'

Mature Spread: 5-10'

Hardy To: 8,000'

**AKA:Ribes aureum var. villosum 'Crandall'**

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Yellow

Flower Season: Late Spring

A broad, rounded shrub. Small, bright yellow flowers with a clove scent bloom among bluish-green, rounded, lobed leaves during late spring. Produces pea to marble-sized, purplish-black edible fruit in mid to late summer. Foliage turns yellow with some red in the fall. Self-fertile.

#5....\$26.25

**Ribes rubrum 'Red Lake'**
**Currant, Red Lake**

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Mid-Spring

Irregular, slender spreading branches form a rounded shrub. Strands of self-fertile, white flowers appear in mid-spring followed by small, bright red edible berries in loose clusters amongst dull green, rounded, blunt-lobed leaves.

#5....\$20.35

**Ribes sanguineum 'King Edward VII'**
**Currant, Red Flowering**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 6,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Red

Flower Season: Spring

Dark green, rounded leaves adorn slender branches. Panicles of red flowers appear in early spring, before the leaves emerge. Dark blue, edible fruits with a silvery waxy coating develop in the summer and persist into winter. Self-fertile.

#5....\$20.35

**Ribes uva-crispa 'Pixwell'**
**Gooseberry, Pixwell**

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pale Green

Flower Season: Mid-Spring

A dense, spreading shrub with arching branches. Rounded, blunt-lobed leaves are dull dark green. Self-fertile, pale green to purplish flowers borne in mid-spring produce plump, light green to rosy red edible fruit maturing during mid-summer.

#5....\$20.35

**Rosa 'Belle Poitevine'**

**Rose, Belle Poitevine**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Lilac-Pink

Flower Season: Early to Late Summer

Thick branches with coarse prickles bow outward to form a broad rounded shrub. Bears large, semi-double, lilac-pink flowers over rounded, dark green leaflets. An occasional repeat bloomer later in the summer. Forms huge, globular, mahogany-red hips in late summer. Rugosa hybrid.  
#5....\$27.75

**Rosa 'Blanc Double De Coubert'**

**Rose, Blanc Double de Coubert**

Mature Height: 5-7'

Mature Spread: 4-6'

Hardy To: 8,000'

Water Requirement: Low

Exposure: Sun

Flower Color: White

Flower Season: Early to Late Summer

Rich green leaflets on upright, arching branches form an irregularly rounded to flat-topped shrub. Fragrant, white, semi-double flowers appear in early summer, with occasional repeat blooming later in the season. Blackish hips ripen in late summer. Rugosa hybrid.  
#5....\$27.75

**Rosa BONICA®**

**Rose, BONICA®**

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 8,500'

**AKA:Rosa 'Meidomonac'**

Water Requirement: Low

Exposure: Sun

Flower Color: Pastel Pink

Flower Season: Early to Late Summer

Double flowers are pastel pink accenting a compact rounded shrub. Stout, sparsely prickled branches are clothed by rich green leaves composed of small, rounded leaflets. Blooms in flushes throughout the season. A shrub rose in the Meidiland series.

#5....\$27.75

#5 Re-Wholesale....\$46.30

**Rosa CAREFREE SUNSHINE™**

**Rose, CAREFREE SUNSHINE™**

Mature Height: 3-4'

Mature Spread: 3-4'

Hardy To: 7,000'

**AKA:Rosa 'Radsun'**

Water Requirement: Low

Exposure: Sun

Flower Color: Yellow

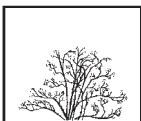

Flower Season: Late Spring to Fall

Rich green leaflets on upright, arching branches form a rounded shrub. Sprays of semi-double flowers are bright yellow and bloom from late spring to fall. Shrub rose.

#5 Re-Wholesale....\$46.30

**Rosa 'Champlain'**

**Rose, Champlain**

Mature Height: 3-4'

Mature Spread: 2-4'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Cherry Red

Flower Season: Spring to Late Summer

Lightly fragrant, semi-double flowers with velvety, cherry red petals bloom early summer over the rich green foliage. Orange hips develop and are held on the prickly, spreading branches into the winter. Occasional repeat blooming later in the season. A kordesii shrub rose.

#5 Re-Wholesale....\$46.30

**Rosa Climbing 'Blaze'**

**Rose, Climbing Blaze**

Mature Height: 10-12'

Mature Spread: 6-8'

Hardy To: 7,000'

**AKA:Rosa 'Blaze'**

Water Requirement: Medium

Exposure: Sun

Flower Color: Red

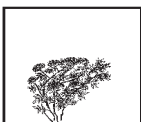

Flower Season: Summer

Vigorous canes with dark green leaves grow to 12' tall when given the support of a trellis or other structure. Produces fragrant clusters of brilliant red, semi-double blossoms continuously throughout the growing season. Climbing rose.

#5 Re-Wholesale....\$58.75

**Rosa Climbing 'Don Juan'**

**Rose, Climbing Don Juan**

**AKA:**Rosa 'Golden Showers'

Mature Spread: 6-8'

Water Requirement: Medium

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer

Vigorous canes with dark green leaves grow to 10' tall when given the support of a trellis or other structure. Produces fragrant clusters of bright yellow, semi-double blossoms in early summer, with occasional repeat later in the season. Climbing rose.

#5 Re-Wholesale....\$58.75

**Rosa 'Climbing Iceberg'**
**Rose, Climbing Iceberg**

Mature Height: 12-14'

**AKA:**Rosa 'Climbing Schneewittchen'

Mature Spread: 8-10'

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun

Flower Season: Summer

Vigorous canes with dark green leaves grow to 14' tall when given the support of a trellis or other structure. Produces floribunda-type clusters of mildly fragrant, white, double blossoms in flushes throughout the summer. Blooms on old wood only. Climbing rose.

#5 Re-Wholesale....\$58.75

**Rosa Climbing 'William Baffin'**
**Rose, Climbing William Baffin**

Mature Height: 7-9'

Mature Spread: Climber

Water Requirement: Low

Flower Color: Deep Pink

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early to Late Summer

Long canes arch out or climb with support from a central crown. A winter hardy rose with pink flowers in clusters of up to 30 in early summer, with occasional repeat later in the season. Classified as a kordesii shrub rose that can be trained as a climber.

#5....\$27.75

**Rosa FLOWER CARPET® Amber**
**Rose, FLOWER CARPET® Amber**

Mature Height: 24-30"

**AKA:**Rosa 'NOA97400A'

Mature Spread: 24-30"

Water Requirement: Medium

Flower Color: Amber and Cream-Orange

Hardy To: 6,000'

Exposure: Sun

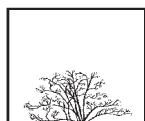

Flower Season: Summer

Double blossoms with open centers are amber shading to cream-orange and are borne throughout the summer above glossy, dark green foliage with curled leaflets. Grows upright the first year, and changes to a spreading habit in following years. Shrub rose.

#2 Re-Wholesale....\$42.75

**Rosa FLOWER CARPET® Coral**
**Rose, FLOWER CARPET® Coral**

PP14,441

Mature Height: 18-24"

**AKA:**Rosa 'Noala'

Mature Spread: 4-5'

Water Requirement: Low

Flower Color: Coral

Hardy To: 7,000'

Exposure: Sun

Flower Season: Early to Late Summer

Thick, branched canes with strong thorns form a low-growing, spreading rose that is a good groundcover. Coral colored, single blossoms are produced throughout the summer. Shrub rose.

#2 Re-Wholesale....\$42.75

**Rosa FLOWER CARPET® Peach**
**Rose, FLOWER CARPET® Peach**

Exposure: Sun

Flower Season: Early to Late Summer

A low spreading shrub with trailing, prickly branches curving upward at the ends. The double white flowers form a contrast to the glossy, dark green foliage. Blooms in flushes throughout the season. Shrub rose.

#5 Re-Wholesale....\$46.30

**Rosa Sunrise Sunset**

**Rose, Sunrise Sunset**

Mature Height: 2-3'

Mature Spread: 3-5'

**AKA:Rosa 'BAIset'**

Water Requirement: Medium

Flower Color: Fuchsia-Pink/Apricot

Hardy To: 6,500'

Exposure: Sun

Flower Season: Summer

A low, spreading rose with rich, blue-green foliage and season-long flowering. The blossoms are plentiful, with petals of fuchsia-pink, shading to apricot at the center. Shrub rose.

#5....\$27.75

**Rosa 'The Fairy'**

**Rose, The Fairy**

Mature Height: 2-3'

Mature Spread: 2-3'

Water Requirement: Medium

Flower Color: Light Pink

Hardy To: 7,000'

Exposure: Sun

Flower Season: Early to Late Summer

A compact shrub with a globular habit consisting of slender, fine prickly branches. Has glossy, dark green rounded leaflets smothered by dainty, double, light pink flowers borne continuously through the summer. Polyantha rose.

#5....\$27.75

**Rosa 'Therese Bugnet'**
**Rose, Therese Bugnet**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun

Flower Color: Pink

Flower Season: Early to Late Summer

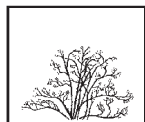

Upright, prickly, arching branches create a dense, vase-shaped shrub. Oval, bluish-green leaflets frame the fragrant, double pink flowers which bloom in early summer, followed by dark red hips. Occasional repeat blooms later in the season. Rugosa hybrid.

**Rosa woodsii**
**Rose, Woods'**

Mature Height: 3-6'

Mature Spread: 3-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun

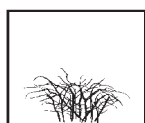

Flower Color: Pink

Flower Season: Early Summer

Dark reddish-brown stems bearing numerous prickles create a loose bramble with rounded, dark green leaflets. Single, pale pink flowers borne during early summer are followed by marble-like, red fruit maturing in late summer. Shrub rose.

#1....\$13.25

#5....\$19.25

**Rubus × 'Boyne'**
**Raspberry, Boyne Red**

Mature Height: 4-5'

Mature Spread: 3-6'

Hardy To: 8,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

Flower Season: Late Spring to Early Summer

In early summer, small clusters of medium, sweet, fleshy red berries ripen on the previous year's canes from tiny white flowers. Produces upright canes that hold the developing fruit without the need for a trellis. A florican type that is Colorado-tested.

#1 Re-Wholesale....\$18.50

**Rubus deliciosus**
**Raspberry, Boulder**

Mature Height: 3-6'

Mature Spread: 3-6'

Hardy To: 9,000'

Water Requirement: Low

Exposure: Sun to Shade

Flower Color: White

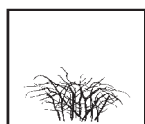

Flower Season: Late Spring

Slender, thornless, arching branches form a loose, vase-shaped shrub. Rounded, three to five lobed, bright green leaves show off the large, nodding, single white flowers in late spring, producing thimble-like purplish berries during late summer.

PP22,141

Mature Height: 30-36"

Mature Spread: 2-5'

Hardy To: 8,000'

AKA:Rubus idaeus 'NR7'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

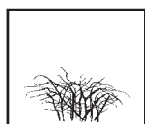

Flower Season: Late Spring to Summer

A dwarf raspberry with thornless canes and sweet, pale red berries that ripen on the floricanes (the previous year's new growth) from tiny white flowers. Spreads underground to create a dense thicket covered in three-parted, dark green leaves.

#2 Re-Wholesale....\$38.75

**Rubus idaeus 'Willamette'**

**Raspberry, Willamette Red**

Mature Height: 4-6'

Mature Spread: 3-6'

Hardy To: 7,500'

AKA:Rubus idaeus var. strigosus 'Willamette'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

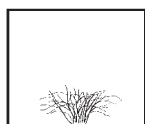

Flower Season: Late Spring to Early Summer

Clusters of flavorful, deep red berries ripen in early through mid-summer on the previous season's wood (floricane). Three-parted leaves cover the many prickly canes, creating dense thickets. May experience more winter dieback outside of the Pacific Northwest.

#1 Re-Wholesale....\$18.50

**Rubus parviflorus**

**Thimbleberry**

Mature Height: 3-5'

Mature Spread: 4-6'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Shade

Flower Color: White

Flower Season: Summer

Large, medium green lobed leaves 6-10" wide cover sparsely branched stems that spread from the roots. White flowers are borne in terminal clusters and produce edible, raspberry-like fruits.

#1 Re-Wholesale....\$15.50

**Salix amygdaloides**
**Willow, Peach Leaf**

Mature Height: 30-40'

Mature Spread: 25-30'

Water Requirement: Medium

Flower Color: Yellow

Hardy To: 7,000'

Exposure: Sun

Flower Season: Mid to Late Spring

A rapid growing, upright, but often irregular form of willow, having lance-like leaves similar to those of a peach tree. Found along stream beds and lake margins.

#5....\$19.25

**Salix arenaria**
**Willow, Silver Creeping**

Mature Height: 1-3'

Mature Spread: 4-6'

Water Requirement: Medium

Flower Color: Yellow-Green / Gray Catkins

Hardy To: 8,000'

Exposure: Sun to Filtered Shade

Flower Season: Early Spring

Small, elliptical, grayish-green leaves sparsely cover trailing branches which curve upward at the ends to create an open, spreading shrub. Yellowish-green to gray catkins are borne during early spring.

#5....\$20.35

**Salix discolor**
**Willow, Pussy**

Mature Height: 12-20'

Mature Spread: 8-12'

Water Requirement: High

Flower Color: Yellow-Green / Gray Catkins

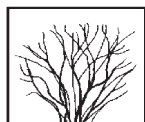

Hardy To: 7,000'

Exposure: Filtered Shade

Flower Season: Early Spring

An upright, oval, large shrub or multi-stemmed tree with purplish-brown branches. Fuzzy, gray to yellowish-green catkins emerge from the buds before the oblong, bluish-green leaves appear in early spring.

#5....\$19.25

**Salix drummondiana**
**Willow, Drummond**

Mature Height: 6-12'

Mature Spread: 6-12'

Water Requirement: Medium

Flower Color: N/A

Hardy To: 10,000'

Exposure: Sun

Flower Season: N/A

Drooping, yellowish-green catkins appear in early spring with or before the foliage. The leaves are attractive, with a light green color on the upper surface and silky hairs underneath. Young branches are yellow, turning purplish-brown as they mature.

#5....\$20.35

**Salix exigua**
**Willow, Coyote**

Mature Height: 6-12'

Mature Spread: 4-8'

Water Requirement: Medium

Flower Color: Yellow-Green / Gray Catkins

Hardy To: 9,000'

Exposure: Sun

Flower Season: Early Spring

Slender, arching branches are golden yellow maturing to ashy gray to create an upright shrub. Often forms thickets where moisture is available. Fuzzy catkins hang loosely in early spring before the long, narrow grayish-green leaves appear.

#5....\$19.25

**Salix integra 'Hakuro Nishiki'**
**Willow, Dappled**

Mature Height: 5-6'

Mature Spread: 6-8'

Water Requirement: High

Flower Color: N/A

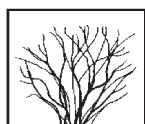

Hardy To: 6,000'

Exposure: Sun

Flower Season: N/A

A shrub-form willow with long, narrow leaves on slender branches. Foliage color is a mixture of green, pink, and white. Young branches can develop rich red color in winter.

#3 Re-Wholesale....\$39.95 #5 Re-Wholesale....\$46.30

**Salix irrorata**
**Willow, Blue Stem**

Mature Height: 4-12'

Mature Spread: 4-8'

Water Requirement: Medium

Flower Color: Yellow-Green / Gray Catkins

Hardy To: 9,000'

Exposure: Sun to Filtered Shade

Flower Season: Early Spring

A rounded shrub with upright spreading, silver-blue branches. Yellowish-green to gray catkins are borne prior to the long, linear, glossy rich green leaves in early spring.

#5....\$19.25

**Salix monticola**

**Willow, Yellow Mountain**

Mature Height: 8-12'

Mature Spread: 6-8'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun

Flower Color: Yellow-Green / Gray Catkins

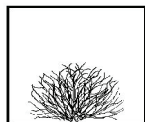

Flower Season: Early Spring

Drooping, yellowish-green to gray catkins appear in early spring before the long, narrow deep green leaves. Loosely arranged, arching, yellow twigs and branches form a broad rounded shrub.

#5....\$19.25

**Salix purpurea nana**

**Willow, Dwarf Arctic**

Mature Height: 4-6'

Mature Spread: 4-6'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

Flower Season: Early Spring

A compact, globular shrub with slender purplish-gray branches flaring outward. Long, narrow dull green leaves appear after the yellowish-green to gray catkins are produced in early spring.

#5....\$19.25

**Salix purpurea pendula**

**Willow, Blue Fountain**

Mature Height: 8-10'

Mature Spread: 15-20'

Hardy To: 9,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Yellow-Green / Gray Catkins

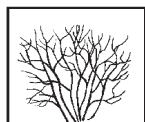

Flower Season: Early Spring

Slender, pliable branches with a purplish-gray color arch gracefully to form a broad, rounded shrub with long, slender pale green leaves.

#5....\$19.25

**Sambucus canadensis 'Aurea'**

**Elder, Golden**

Mature Height: 8-12'

Mature Spread: 8-12'

Hardy To: 8,000'

**AKA:Sambucus nigra ssp. canadensis**

Water Requirement: Medium

Exposure: Sun

Flower Color: White

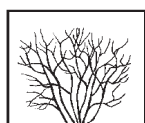

Flower Season: Early Summer

Bright, golden yellow foliage and rigid branches form a broad, rounded shrub with a suckering habit. Loose clusters of tiny white flowers in early summer produce purplish-black berries in late summer.

#5....\$20.35

**Sambucus nigra BLACK LACE®**

Mature Height: 6-10'

Mature Spread: 6-10'

Hardy To: 8,000'

**AKA:Sambucus nigra 'Eva'**

Water Requirement: Medium

Exposure: Sun

Flower Color: Pink

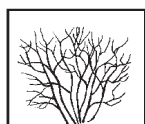

Flower Season: Summer

Finely divided pinnate leaves emerge purple in the spring, turning to dark purple-green through the summer. Large, flattened flower clusters produce pink blossoms in late spring and early summer, with dark, blackish-red berries ripening in late summer. Forms a rounded shrub.

#3 Re-Wholesale....\$53.50 #5 Re-Wholesale....\$63.60

**Sambucus pubens**

**Elder, Native Red Berried**

Mature Height: 4-12'

Mature Spread: 6-12'

Hardy To: 10,000'

**AKA:Sambucus racemosa var. racemosa**

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: Creamy White

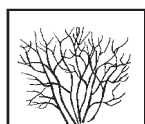

Flower Season: Early Summer

Shiny, bright scarlet red berries ripen in late summer after pyramidal clusters of small, fragrant, creamy white early summer flowers. Lustrous, dark green, oval leaflets on erect spreading stems form a broad, rounded outline. The fruit can cause nausea if eaten raw.

#5....\$26.25

**Sambucus racemosa**

**Elder, European Red**

Mature Height: 6-8'

Mature Spread: 6-8'

Hardy To: 7,500'

Water Requirement: Medium

Exposure: Sun

Flower Color: White

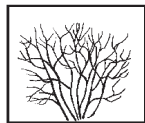

Flower Season: Spring

Lustrous, dark green, compound leaves accent clusters of white flowers and later, red to scarlet berries. Stout branches form a broad rounded shrub.

#5....\$26.25

**Sambucus racemosa LEMONY LACE®**
**Elder, LEMONY LACE® European Red**

PP26,613

Mature Height: 3-5'

**AKA:**Sambucus racemosa 'SMNSRD4'

Mature Spread: 3-5'

Water Requirement: Medium

Flower Color: White

Hardy To: 8,000'

Exposure: Sun

Flower Season: Summer

Finely dissected, pinnate leaves are golden yellow on a strong canes with a rounded habit. Large, flattened flower clusters produce white blooms in late spring and early summer, with red berries ripening in late summer.

#3 Re-Wholesale....\$43.75

**Shepherdia argentea**
**Buffaloberry**

Mature Height: 8-15'

Mature Spread: 6-12'

Water Requirement: Very Low

Flower Color: Yellowish-White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring

Stiff, spreading branches with stout spurs create a dense, upright crown often forming thickets. Tiny, yellowish-white flowers over oval, silvery green leaves during late spring produce bright red, pea-sized fruit on female plants in late summer.

#5....\$26.25

**Shepherdia argentea 'Totem'**
**2023 Plant Select®**
**Buffaloberry, SILVER TOTEM™ Columnar**

Mature Height: 10-15'

Mature Spread: 2-3'

Water Requirement: Very Low

Flower Color: Yellowish-White

Hardy To: 8,500'

Exposure: Sun

Flower Season: Late Spring

Stiff, upright branches with stout spurs create a dense, columnar crown. Tiny, yellowish-white flowers hug the stems in early spring before the grey-green, oval leaves appear. A female selection, with bright red fruit in late summer if pollinated.

#5....\$26.25

**Sorbaria sorbifolia**
**Spirea, Ural False**

Mature Height: 5-7'

Mature Spread: 6-8'

Water Requirement: Medium

Flower Color: White

Hardy To: 8,500'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

A dense colony formed by root suckers with stiff, upright arching branches. Long, feathery light green leaves turn yellow during fall. Large, fleecy spikes of tiny white flowers bloom in mid to late summer.

#5....\$20.35

**Sorbaria sorbifolia 'Sem'**
**Spirea, Compact Ural False**

Mature Height: 3-4'

Mature Spread: 3-4'

Water Requirement: Medium

Flower Color: White

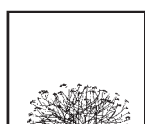

Hardy To: 8,500'

Exposure: Sun to Filtered Shade

Flower Season: Mid- to Late Summer

A compact form of the species. Textured, pinnate leaves emerge with vivid pink shading, changing to light green in summer, and then yellow in fall. Upright, fleecy panicles of tiny white flowers bloom in mid to late summer at the tips of the branches.

#5....\$26.25

**Spiraea betulifolia GLOW GIRL®**
**Spirea, GLOW GIRL® Birchleaf**

Mature Height: 2-3'

Mature Spread: 3-4'

Water Requirement: Medium

Flower Color: White

Hardy To: 7,000'

Exposure: Sun

Flower Season: Late Spring

A compact rounded shrub with many slender branches and oblong oval, golden, birch-like leaves. Dense, flat-topped clusters of small white flowers appear in late spring.

#3....\$28.50

**Spiraea betulifolia 'Tor'**
**Spirea, Birchleaf**

Mature Height: 2-3'

**Spiraea × vanhouttei 'Renaissance'**

**Spirea, Renaissance Vanhoutte**

Mature Height: 5-7'

Mature Spread: 6-8'

Hardy To: 8,000'

Water Requirement: Medium

Exposure: Sun to Filtered Shade

Flower Color: White

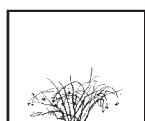

Flower Season: Late Spring

Clusters of single, pure white flowers form along slender, arching stems in late spring to create a broad rounded to vase-shaped shrub with dark blue-green leaves that are noted as disease resistant.

#5....\$26.25

**Symphoricarpos albus**

**Snowberry, White**

Mature Height: 3-5'

Mature Spread: 3-5'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: White with Pink

Flower Season: Early Summer

Erect, spreading branches form a thick shrub bearing oval, blue-green leaves with occasional irregular lobes. Tiny, bell-shaped white flowers with a pink overtone produce snow white, oval to rounded berries persisting into winter.

#5....\$19.25

**Symphoricarpos × chenaultii 'Hancock'**

**Coralberry, Hancock**

Mature Height: 2-3'

Mature Spread: 3-6'

Hardy To: 7,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pinkish-White

Flower Season: Early Summer

Narrow branches sprawling to the ground create a loose, spreading mound showered with dark green, oval to elliptical leaves. Clusters of tiny, trumpet-like, pinkish-white flowers are followed by globular red fruit with white spots.

#5....\$20.35

#5 Re-Wholesale....\$48.35

**Symphoricarpos × doorenbosii CANDY™**

**Snowberry, CANDY™**

Mature Height: 24-30"

Mature Spread: 30-36"

Hardy To: 8,500'

AKA:Symphoricarpos x doorenbosii 'Kolmcan'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pink

Flower Season: Summer

Arching, brownish-red branches with rounded, dark blue-green leaves create a compact, broad-rounded shrub. Bell-shaped pink flowers bloom from late spring to fall, producing vivid clusters of striking dark pink berries that persist into the winter. Ideal for arranging in floral bouquets.

#3 Re-Wholesale....\$35.50

**Symphoricarpos × doorenbosii ‘Magic Berry’**
**Snowberry, Pink**

Mature Height: 30-36"

Mature Spread: 30-36"

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Whitish-Pink

Flower Season: Summer

Rounded, dark blue-green leaves on arching, brownish-red branches create a broad upright shrub to about 3' tall. Bell-shaped whitish-pink flowers bloom from late spring to fall, producing vivid clusters of hot pink to purplish-red persistent berries. Ideal for floral arrangements.

#5....\$26.25

**Symphoricarpos occidentalis**
**Snowberry, Western**

Mature Height: 3-5'

Mature Spread: 3-5'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pale Pink

Flower Season: Summer

An upright shrub with stiff branches that often suckers densely. Loose spikes of small bell-shaped flowers appear in early summer. Globular green-white berries hang amongst gray-green, egg-shaped leaves.

#5....\$19.25

**Symphoricarpos orbiculatus**
**Coralberry, Red**

Mature Height: 3-6'

Mature Spread: 3-6'

Hardy To: 8,500'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Creamy White with Pink

Flower Season: Early Summer

Oval to rounded, dull dark green leaves turn reddish in autumn. Slender, slightly arching branches make a rounded shrub with an open habit. Tiny, cup-shaped, creamy white, then pink flowers produce persistent purplish-red berries.

#5....\$19.25

**Symphoricarpos oreophilus**
**Snowberry, Mountain**

Mature Height: 2-4'

Mature Spread: 2-4'

Hardy To: 10,000'

Water Requirement: Low

Exposure: Sun to Filtered Shade

Flower Color: Pale Pink

Flower Season: Early Summer

Brown, peeling bark on slender, erect, spreading branches create a loose structured shrub with an irregularly rounded outline. Small, funnel-like, pale pink flowers in early summer produce porcelain white berries that ripen in late summer.

#5....\$26.25

**Syringa BABY KIM**
**Lilac, BABY KIM Dwarf**

PP32,969

Mature Height: 2-3'

Mature Spread: 30-36"

Hardy To: 8,500'

**AKA:Syringa ‘SMNSDTP’**

Water Requirement: Low

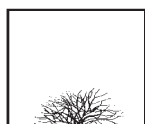

Exposure: Sun

Flower Color: Lavender

Flower Season: Late Spring

A dense, flat-topped to rounded shrub with thin, arching branches and medium green, pointed leaves with wavy margins. Small clusters of fragrant, dark lavender flowers open in late spring.

#3....\$35.50

**Syringa × BLOOMERANG®**
**Lilac, Purple Reblooming**

**Syringa × chinensis ‘Saugeana’**

**Lilac, Saugeana Chinese**

Mature Height: 8-10’

Mature Spread: 8-10’

Water Requirement: Low

Flower Color: Reddish-Purple

Hardy To: 9,000’

Exposure: Sun

Flower Season: Mid-Spring

A dense, rounded shrub with thin bending branches and small light green, narrow, oval leaves. Clusters of fragrant, reddish-purple flowers are darker than the species, and are borne in mid-spring.

#5....\$20.35

**Syringa × hyacinthiflora ‘Mount Baker’**

**Lilac, Hybrid White Single**

Mature Height: 8-12’

Mature Spread: 8-12’

Water Requirement: Low

Flower Color: Pure White

Hardy To: 9,000’

Exposure: Sun

Flower Season: Early Spring

Outstanding clusters of single white blossoms in early spring adorn the stout, evenly branched stems. Deep green, sharply pointed heart-shaped leaves clothe the stems, creating a shapely upright, rounded shrub.

#5....\$27.75

**Syringa × hyacinthiflora ‘Pocahontas’**

**Lilac, Hybrid Red Single**

Mature Height: 8-12’

Mature Spread: 8-12’

Water Requirement: Low

Flower Color: Reddish-Purple

Hardy To: 9,000’

Exposure: Sun

Flower Season: Late Spring

Profuse reddish-purple flowers in loose, slender clusters in late spring, accent the wide, somewhat cordate, bright green leaves. Erect branches develop into an upright, rounded shrub.

#5....\$27.75

**Syringa × josiflexa ‘Royalty’**

**Lilac, Hybrid Purple Single**

Mature Height: 8-12’

Mature Spread: 6-8’

Water Requirement: Low

Flower Color: Violet-Purple

Hardy To: 9,000’

Exposure: Sun

Flower Season: Late Spring

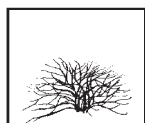

An upright, oval shrub bearing large clusters of violet-purple flowers staged against long, dark green, oval leaves during late spring.

#5....\$27.75

**Syringa meyeri ‘Palibin’**

Mature Height: 8-15'

Mature Spread: 8-15'

Water Requirement: Medium

Flower Color: White to Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Spring

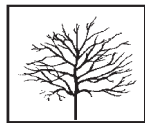

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce yellow fruit by mid-summer. Late blooming, with frost-resistant buds. Self-pollinating, but yield is improved with a pollenizer. Grafted to a semi-dwarfing rootstock.

2.00"....\$395.00

**Prunus armeniaca 'Scout'**

Apricot, Scout

Mature Height: 12-15'

Mature Spread: 12-15'

Water Requirement: Medium

Flower Color: Pale Pink

Hardy To: 8,000'

Exposure: Sun

Flower Season: Early Spring

A broad spreading tree with glossy, nearly heart-shaped leaves. Blossoms open in early spring and produce light orange fruit in early August. Because of its early bloom time, fruit production may be reduced or prevented by late frosts. Self fertile, but produces better with a pollinator.  
2.00"....\$395.00

**Prunus cerasifera CRIMSON POINTE™**

Plum, Columnar Purple

PP19,564

Mature Height: 20-25'

AKA: Prunus cerasifera 'Cipriozam'

Mature Spread: 8-10'

Water Requirement: Medium

Flower Color: White

Hardy To: 6,500'

Exposure: Sun

Flower Season: Spring

Narrow, upright branches create a strongly columnar to vase-shaped crown. Leaves emerge with a bronze color, maturing to maroon-green until they drop in autumn. Single white flowers highlight the tree in spring for additional seasonal interest.

2.00"....\$420.00

**Prunus cerasifera 'Krauter Vesuvius'**

Plum, Krauter Vesuvius

Mature Height: 20-30'

Mature Spread: 15-20'

Water Requirement: Medium

Flower Color: Pink

Hardy To: 6,500'

Exposure: Sun

Flower Season: Spring

Upright spreading branches create an oval to rounded crown. Oval leaves unfold reddish becoming purplish-red until they drop in autumn. Single, light pink flowers are produced in early spring before the leaves emerge.

2.00"....\$395.00

**Pine, Scots**

Mature Height: 30-50'

Mature Spread: 20-30'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun to Filtered Shade

Flower Season: N/A

Distinctive, heavily plated, yellowish-orange bark and layered, spreading branches create an interesting conical to rounded evergreen. Short, twisted needles are bluish-green. Slightly curved egg shaped cones are dull grayish-brown.

6.0'....\$375.00

7.0'....\$420.00

8.0'....\$530.00

**Pinus sylvestris 'Albyn Prostrata'**
**Pine, Spreading Scots**

Mature Height: 2'

Mature Spread: 8'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun

Flower Season: N/A

A spreading form of Scots pine that can be used as a groundcover. Needles are thick, shiny green and they retain the beautiful green color through the winter. It will grow approximately 6" per year.

#3 Re-Wholesale....\$118.50 #6 Re-Wholesale....\$190.55

**Pinus sylvestris 'Beuvronensis'**
**Pine, Dwarf Scots**

Mature Height: 6-8'

Mature Spread: 6-8'

Water Requirement: Low

Flower Color: N/A

Hardy To: 7,500'

Exposure: Sun to Filtered Shade

Flower Season: N/A

A very attractive dwarf form discovered as a witches broom. Dense branches mature into an irregular globose form. Candle pruning will help maintain the dense habit. It has been in propagation since 1891.

#6 Re-Wholesale....\$190.55

**Pinus sylvestris 'Glauca Nana'**
**Pine, Dwarf Scots**

Mature Height: Variable

Mature Spread: Variable

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun

Flower Season: N/A

A bluish-green globose pine that will require candle pruning to maintain its rounded form. Will grow approximately 6" per year, reaching maturity at 6-15'.

#15 Re-Wholesale....\$425.00

**Pinus sylvestris 'Hillside Creeper'**
**Pine, Hillside Creeper Scots**

Mature Height: 3'

Mature Spread: 8'

Water Requirement: Low

Flower Color: N/A

Hardy To: 6,500'

Exposure: Sun

Flower Season: N/A

A strong-growing groundcover Scots pine with an undulating form. Medium green needles turn lighter green in winter. Will grow approximately 12" per year.

## Calculating Plant Spacing

First, decide on the plant spacing. Then, using the numbers from the table to the right, multiply the number of plants per square foot by the square footage of the bed.

For example, if you want 6" spacing in a 20 square foot garden, you would need 80 plants ( $4 \times 20 = 80$ ).

Or, refer to the quick chart below:

Plant Spacing	Number of Plants per Square Foot
6"	4
8"	2.25
10"	1.44
12"	1
18"	0.44
24"	0.25

Info

	6 " spacing	8" spacing	10" spacing	12" spacing
10 sq. feet	40	23	15	10

## Nursery Container Size/Volume List

Nurseries have used different pot sizes for years and called them, generically, "gallons". For example, what we call a #5 container has been known as a 5 "gallon" pot. So, to clarify, the containers we ship have the following volume:

SIZE	ENGLISH UNIT	METRIC UNIT
#1	2.80 quarts	2.65 liters
#2	1.60 gallons	6.06 liters
#3	2.38 gallons	9.01 liters
#5	3.40 gallons	12.87 liters
#6	5.02 gallons	19.00 liters
#7	6.20 gallons	23.47 liters
#10	8.91 gallons	33.72 liters
#15	11.81 gallons	44.70 liters
#20	22.98 gallons	86.98 liters
#24	27.41 gallons	103.75 liters
F15 (single unit)	1.10 quarts	1.04 liters
F32 (single unit)	8.10 fluid oz.	239.52 ml
